## **Nova Scotia Ottawa And The Politics Of Regional Development:**

*Nova Scotia, Ottawa, and the Politics of Regional Development* James Bickerton, 1990      *Nova Scotia, Ottawa, and the Politics of Regional Development* James Bickerton, 1990      *Nova Scotia, Ottawa and the Politics of Regional Development* James Parker Bickerton, Carleton University. Dissertation. Political Science, ProQuest Co, 1987      **Transforming Provincial Politics** Bryan M. Evans, Charles W. Smith, 2015-01-01 Transforming Provincial Politics is the first province by province analysis of politics and political economy in more than a decade and the first to directly examine the turn to neoliberal policies at the provincial and territorial level and examines how neoliberal policies have affected politics in each jurisdiction in Canada      **In Search of Canadian Political Culture** Nelson Wiseman, 2011-11-01 What do we really mean by phrases such as western Canadian political culture the centrist political culture of Ontario Red Toryism in the Maritimes or Prairie socialism What historical geographical and sociological factors came into play as these cultures were forged In this book Nelson Wiseman addresses many such questions offering new ways of conceiving Canadian political culture The most thorough review of the national political ethos written in a generation In Search of Canadian Political Culture offers a bottom up regional analysis that challenges how we think and write about Canada      **Routledge Handbook of Regionalism & Federalism** John Loughlin, John Kincaid, Wilfried Swenden, 2013-07-18 Almost all states are either federal or regionalized in some sense It is difficult to find a state that is entirely unitary and the Routledge Handbook of Regionalism and Federalism necessarily takes in almost the entire world Both federalism and regionalism have been subjects of a vast academic literature mainly from political science but sometimes also from history economics and geography This cutting edge examination seeks to evaluate the two types of state organization from the perspective of political science producing a work that is analytical rather than simply descriptive The Handbook presents some of the latest theoretical reflections on regionalism and federalism and then moves on to discuss cases of both regionalism and federalism in key countries chosen from the world s macro regions Assembling this wide range of case studies allows the book to present a general picture of current trends in territorial governance The final chapters then examine failed federations such as Czechoslovakia and examples of transnational regionalism the EU NAFTA and the African Union Covering evolving forms of federalism and regionalism in all parts of the world and featuring a comprehensive range of case studies by leading international scholars this work will be an essential reference source for all students and scholars of international politics comparative politics and international relations      *OECD Multi-level Governance Studies Linking Regions and Central Governments Contracts for Regional Development* OECD, 2007-04-12 This book offers a unique analytic framework for assessing multi level governance arrangements which is subsequently applied to five case studies of regional development policy Canada France Germany Italy and Spain      **Cape Breton in the Long Twentieth Century** Lachlan MacKinnon, Andrew Parnaby, 2024-03-26 The emergence dominance and alarmingly rapid retreat of modernist industrial capitalism on Cape Breton Island during the long

twentieth century offers a particularly captivating window on the lasting and varied effects of deindustrialization Now at the tail end of the industrial moment in North American history the story of Cape Breton Island presents an opportunity to reflect on how industrialization and deindustrialization have shaped human experiences Covering the period between 1860 and the early 2000s this volume looks at trade unionism state and cultural responses to deindustrialization including the more recent pivot towards the tourist industry and the lived experiences of Indigenous and Black people Rather than focusing on the separate or distinct nature of Cape Breton contributors place the island within broad transnational networks such as the financial world of the Anglo Atlantic the Celtic music revival the Black diaspora Canadian development programs and more In capturing the vital elements of a region on the rural resource frontier that was battered by deindustrialization the histories included here show how the interplay of the state cultures and transnational connections shaped how people navigated these heavy pressures both individually and collectively

**Cultures of Citizenship in Post-war Canada, 1940 - 1955** Nancy Christie, Michael Gauvreau, 2004-01-15 The years between the end of World War II and the mid 1960s have usually been viewed as an era of political and social consensus made possible by widely diffused prosperity creeping Americanization and fears of radical subversion and a dominant culture challenged periodically by the claims of marginal groups By exploring what were actually the mainstream ideologies and cultural practices of the period the authors argue that the postwar consensus was itself a precarious cultural ideal that was characterized by internal tensions and while containing elements of conservatism reflected considerable diversity in the way in which citizenship identities were defined Contributors include Denyse Baillargeon Universit de Montr al P E Bryden Mount Allison University Nancy Christie Michael Gauvreau Karine Hebert Carleton University Len Kuffert Carleton University and Peter S McInnis St Francis Xavier University **Angus L. Macdonald** T. Stephen Henderson, 2007-04-21 Perhaps one of the most influential Canadian premiers of the Twentieth Century and one of the leading political intellectuals of his generation Angus L Macdonald dominated politics in Nova Scotia for more than twenty years serving as premier from 1933 to 1940 and again from 1945 until his death in 1954 One rival referred to him as the pope out of respect for his political infallibility From 1940 to 1945 Macdonald guided Canada's war effort at sea as Minister of National Defence for Naval Services under his watch the Royal Canadian Navy expanded faster than any other navy in the world This new work by T Stephen Henderson is the first academic biography of Macdonald whose life provides a framework for the study of Canada's pre and post war transformation and a rare opportunity to compare the political history of the two periods Generally Macdonald's political thinking reflected a progressive interwar liberalism that found its clearest expression in the 1940 Rowell Sirois report on federal provincial relations The report proposed a redistribution of responsibilities and resources that would allow poorer provinces greater autonomy and reduce overlapping jurisdictions in the federal system Ottawa abandoned Rowell Sirois in the postwar period and Macdonald fell out of step with the national Liberal party that he had once seemed destined to lead Within Nova Scotia however his ardent defence of

provincial powers and his commitment to building a modern infrastructure enabled him to win election after election and transform the face and identity of his province

**Closing Sysco** Lachlan MacKinnon, 2020-02-27 Closing Sysco presents a history of deindustrialization and working class resistance in the Cape Breton steel industry between 1945 and 2001 The Sydney Steel Works is at the heart of this story having existed in tandem with Cape Breton's larger coal operations since the early twentieth century The book explores the multifaceted nature of deindustrialization the internal politics of the steelworkers union the successful efforts to nationalize the mill in 1967 the years in transition under public ownership and the confrontations over health safety and environmental degradation in the 1990s and 2000s Closing Sysco moves beyond the moment of closure to trace the cultural historical and political ramifications of deindustrialization that continue to play out in post industrial Cape Breton Island A significant intervention into the international literature on deindustrialization this study pushes scholarship beyond the bounds of political economy and cultural change to begin tackling issues of bodily health environment and historical memory in post industrial places The experiences of the men and women who were displaced by the decline and closure of Sydney Steel are central to this book Featuring interviews with former steelworkers office employees managers politicians and community activists these one on one conversations reveal both the human cost of industrial closure and the lingering after effects of deindustrialization

**Seven Days in Halifax** Robert Ashe, 2025-10-07 Halifax today lives with the results of bad decisions made decades ago A container port accessible only through narrow downtown streets A park bridge and port on the spot where Africville was demolished A mega interchange going nowhere finally torn down The thoughtless power brokers who made these decisions are long gone but Haligonians still live now with the choices they made Yet for seven days in 1970 Nova Scotians saw a brilliant spotlight shone on the city's power structure exposing incompetence ignorance racism and lies In

Seven Days in Halifax Robert Ashe presents this forgotten event in the city's life Twelve highly qualified outsiders including a passionate Black pastor a feisty Canadian labour leader and a no holds barred journalist spent a week in a public investigation of the city and how it worked Each evening Nova Scotians were glued to live television broadcasts where the 12 experts grilled local authorities The event called Encounter was a one off But it showed how a local power structure can fail a city's citizens and face no consequences Robert Ashe's story of Encounter explains much about Halifax's recent history and offers timely lessons on the importance of accountability on the part of those in the city's power structure today Give and Take Shirley Tillotson,2017-11-15 Can a book about tax history be a page turner You wouldn't think so But Give and Take is full of surprises A Canadian millionaire who embraced the new federal income tax in 1917 A socialist hero J S Woodsworth who deplored the burden of big government Most surprising of all Give and Take reveals that taxes deliver something more than armies and schools They build democracy Tillotson launches her story with the 1917 war income tax takes us through the tumultuous tax fights of the interwar years proceeds to the remaking of income taxation in the 1940s and onwards and finishes by offering a fresh angle on the fierce conflicts surrounding tax reform in the 1960s Taxes show us the power of the state and Canadians often resisted that power disproving the myth that we have always been good loyalists But Give and Take is neither a simple tale of tax rebels nor a tirade against the taxman Tillotson argues that Canadians also made real contributions to democracy when they taxed wisely and paid willingly Canadian Politics, Seventh Edition James Bickerton,Alain-G. Gagnon,2020-08-31 For this new edition James Bickerton and Alain G Gagnon have organized the book into six parts Part I covers the origins and foundation of Canada as a political entity while Part II focuses on government parliament and the courts Part III examines matters pertaining to federalism and the Canadian Charter of Rights and Freedoms Part IV casts some new light on electoral politics and political communications and Part V examines citizenship diversity and social movements Part VI the final section of the book concentrates on a number of political issues that merit special attention on the part of political actors and decision makers namely the evolving relationship between Canada and Indigenous peoples immigration and refugees environment and climate change and relations between Canada and the United States This seventh edition of Canadian Politics includes 12 new chapters with ten new contributing authors and coverage of six new subjects and is essential reading for students and specialists studying Canadian politics *Canadian Parties in Transition, Fourth Edition* Alain-G. Gagnon,A. Brian Tanguay,2017-01-01 Canadian Parties in Transition examines the transformation of party politics in Canada and the possible shape the party system might take in the near future With chapters written by an outstanding team of political scientists the book presents a multi faceted image of party dynamics electoral behaviour political marketing and representative democracy The fourth edition has been thoroughly updated and includes fifteen new chapters and several new contributors The new material covers topics such as the return to power of the Liberal Party voting politics in Quebec women in Canadian political parties political campaigning digital party politics and

municipal party politics      **The Constant Liberal** Christo Aivalis, 2018-05-15 Pierre Elliott Trudeau radical progressive or unavowed socialist His legacy remains divisive Most scholars portray Trudeau s ties to the left as evidence either of communist affinities or of ideals that led him to found a progressive modern Canada The Constant Liberal traces the charismatic politician s relationship with left and labour movements throughout his career Christo Aivalis argues that although Trudeau found key influences and friendships on the left he was in fact a consistently classic liberal driven by individualist and capitalist principles While numerous biographies have noted the impact of the left on Trudeau s intellectual and political development this comprehensive analysis showcases the interplay between liberalism and democratic socialism that defined his world view and shaped his effective use of power The Constant Liberal suggests that Trudeau s leftist activity was not so much a call for social democracy as a warning to fellow liberals that lack of reform could undermine liberal capitalist social relations      **Autonomous State** Dimitry Anastakis, 2013-02-19 Autonomous State provides the first detailed examination of the Canadian auto industry the country s most important economic sector in the post war period In this engrossing book Dimitry Anastakis chronicles the industry s evolution from the 1973 OPEC embargo to the 1989 Canada US Free Trade Agreement and looks at its effects on public policy diplomacy business enterprise workers consumers and firms Using an immense array of archival sources and interviews with some of the key actors in the events Anastakis examines a fascinating array of topics in recent auto industry and Canadian business and economic history the impact of new safety emissions and fuel economy regulations on the Canadian sector and consumers the first Chrysler bailout of 1980 the curious life and death of the 1965 Canada US auto pact the invasion of Japanese imports and transplant operations and the end of aggressive auto policy making with the coming of free trade More than just an examination of the auto industry the book provides a rethinking of Canada s tumultuous post OPEC political and economic evolution helping to explain the current tribulations of the global auto sector and Canada s place within it      **Canadian History: Confederation to the present** Martin Brook Taylor, Doug Oram, 1994-01-01 In these two volumes which replace the Reader s Guide to Canadian History experts provide a select and critical guide to historical writing about pre and post Confederation Canada with an emphasis on the most recent scholarship Cover      **Guardian of the Gulf** Brian Douglas Tennyson, Roger Sarty, 2000-01-01 A vivid and long overdue account of one of the great untold Canadian military stories Sydney s importance as a major convoy port a base in the hunt for German submarines and an industrial centre producing critically important coal and steel
