of the rich and famous sometime vaudeville star and a charitable woman who gave away most of her money before she died. The woman's life needs to be revisited. Her own book was long on anecdotes and platitudes but short on times and places and on the secrets of her heart. I have filled in some of the blank pages in her life's story by creating this new autobiography. Names and places and dates within reach of my research are faithfully employed. The rest is an affectionate and studied retelling of her life knit together by a man who never met Carrie Jacobs Bond but has been under her spell ever since he sang "I Love You Truly" in 7th grade Boys Glee Club. MAX MORATH EDITOR USE THIS QUOTE BOTTOM BACK PAGE Morath brings to everything he touches a keen intelligence and encyclopedic knowledge of every aspect musical and otherwise of late 19th and early 20th century Americana. New York Post P.S. I Love You Carlton Jackson, 2007-03-16 In 1953 the same year that Elvis Presley cut his first demo Cash Box magazine named the Hilltoppers the top vocal group of the year. Hits such as "Trying" and "P.S. I Love You" raced up the charts and kept the group in Billboard's Top 40. The four fresh-faced singers appeared on The Toast of the Town with Ed Sullivan who introduced them to the nation. On weekends the Hilltoppers performed in cities across the country but on Monday mornings they were better known as Western Kentucky State College students Jimmy Sacca, Seymour Spiegelman, Don McGuire, and Billy Vaughn. The Korean War military drafts and changing public tastes in music however cut short singing careers that should have lasted much longer. Sacca was drafted in 1953 mere months before the end of the war. Vaughn left the group shortly after that for a career at Dot Records and found fame elsewhere with his orchestra. McGuire and Spiegelman were drafted as well and despite a set of temporary replacement members the group eventually called it quits. Fifty years later historian Carlton Jackson revisits the Kentucky college kids who made it big between classes. He follows the group from their first hit recorded in Western's Van Meter Auditorium to their brief 1970s reunion. Their story recalls the nature of celebrity and youth in the early days of rock n roll. *Music of the Great Depression* William H. Young, Nancy K. Young, 2005-02-28 Prior to the stock market crash of 1929 American music still possessed a distinct tendency towards elitism as songwriters and composers sought to avoid the mass appeal that critics scorned. During the Depression however radio came to dominate the other musical media of the time and a new era of truly popular music was born. Under the guidance of the great Duke Ellington and a number of other talented and charismatic performers swing music unified the public consciousness like no other musical form before or since. At the same time the enduring legacies of Woody Guthrie in folk, Aaron Copeland in classical, and George and Ira Gershwin on Broadway stand as a testament to the great diversity of tastes and interests that subsisted throughout the Great Depression and play a part still in our lives today. The lives of these and many other great musicians come alive in this insightful study of the works, artists, and circumstances that contributed to making and performing the music that helped America through one of its most difficult times. The American History through Music series examines the many different styles of music that have played a significant part in our nation's history. While volumes in this series show the multifaceted roles of music in our culture, they also use music as a lens

through which readers may study American social history The authors present in depth analysis of American musical genres significant musicians technological innovations and the many connections between music and the realms of art politics and daily life *The Taylor Mac Book* David Roman, Sean Edgecomb, 2023-02-13 This is the first book to dedicate critical attention to the work of influential theater maker Taylor Mac Mac is particularly celebrated for the historic performance event A 24 Decade History of Popular Music in which Mac in fantastical costumes designed by collaborator Machine Dazzle sang the history of the United States for 24 straight hours in October 2016 The MacArthur Foundation soon thereafter awarded their genius award to a writer director actor singer and performance artist whose fearlessly experimental works dramatize the power of theater as a space for building community and who interacts with the audience to inspire a reconsideration of assumptions about gender identity ethnicity and performance itself Featuring essays interviews and commentaries by noted critics and artists the volume examines the vastness of Mac s theatrical imagination the singularity of their voice the inclusiveness of their cultural insights and critiques and the creativity they display through stylistic and formal qualities and the unorthodoxies of their personal and professional trajectories Contributors consider the range of Mac s career as a playwright performer actor and singer expanding and enriching the conversation on this much celebrated and deeply resonant body of work **World War II and the Postwar Years in America** William H. Young, 2010-09-17 More than 150 articles provide a revealing look at one of the most tempestuous decades in recent American history describing the everyday activities of Americans as they dealt first with war and then a difficult transition to peace and prosperity The two volume *World War II and the Postwar Years in America A Historical and Cultural Encyclopedia* contains over 175 articles describing everyday life on the American home front during World War II and the immediate postwar years Unlike publications about this period that focus mainly on the big picture of the war and subsequent economic conditions this encyclopedia drills down to the popular culture of the 1940s bringing the details of the lives of ordinary men women and children alive The work covers a broad range of everyday activities throughout the 1940s including movies radio programming music the birth of commercial television advertising art bestsellers and other equally intriguing topics The decade was divided almost evenly between war 1940 1945 and peace 1946 1950 and the articles point up the continuities and differences between these two periods Filled with evocative photographs this unique encyclopedia will serve as an excellent resource for those seeking an overview of life in the United States during a decade that helped shape the modern world **Music of the World War II Era** William H. Young, Nancy K. Young, 2007-12-30 In the World War II era big bands and swing music reached the heights of popularity with soldiers as well as friends and loved ones back home Many entertainers such as Glenn Miller also served in the military or supported the war effort with bond drives and entertaining the troops at home and abroad In addition to big band and swing music musicals jazz blues gospel and country music were also popular Chapters on each along with an analysis of the evolution of record companies records radios and television are
