BY THE AUTHOR OF EINSTEIN'S UNIVERSE

Nuclear Nightmares An Investigation Into Possible Wars

Paul M Cole, William J Taylor Jr

Nuclear Nightmares An Investigation Into Possible Wars:

Nuclear Nightmares Nigel Calder, 1979 **The Laws of War** Michael Howard, George J. Andreopoulos, Mark R. Shulman, Michael Eliot Howard, 1994-01-01 This book explores not only the formal constraints on the conduct of war throughout Western history but also the unwritten conventions about what is permissible in the course of military operations Ranging from classical antiquity to the present eminent historians discuss the legal and cultural regulation of violence in such areas as belligerent rights the treatment of prisoners and civilians the observing of truces and immunities the use of particular weapons siege warfare codes of honor and war crimes The book begins with a general overview of the subject by Michael Howard The contributors then discuss the formal and informal constraints on conducting war as they existed in classical antiquity the age of chivalry early modern Europe colonial America and the age of Napoleon They also examine how these constraints have been applied to wars at sea on land and in the air planning for nuclear war and national liberation struggles in which one of the participants is not an organized state The book concludes with reflections by Paul Kennedy and George Andreopoulos on the main challenges facing the quest for humanitarian norms in warfare in the future **The Nuclear Freeze Debate** Paul M Cole, William J Taylor Jr, 2019-06-26 From a local ballot initiative in Massachusetts the nuclear weapons freeze movement has grown during the last three years into an important national issue By 1983 Congress had been asked to consider more than two dozen freeze resolutions and more than 25% of the voters in the U S had the opportunity to vote on state wide and regional freeze initiatives This book explores the issues behind the current debate over nuclear weapons and the freeze movement from a wide range of perspectives The contributors assess the goals and implications of the freeze movement examine its origins in religious and secular pacifism explain the amendments to the original freeze proposal introduced in Congress and discuss the reaction and policies of the Reagan administration The nuclear freeze movement is placed in an international context with discussions of recent arms negotiations European views of U S policies and the possible effects of a freeze on NATO allies and on U S national security The book includes a comprehensive annotated bibliography *A Strategy For Terminating A Nuclear War* Clark C Abt, 2021-11-28 Avoiding a nuclear war or ending one if avoidance fails is an important but relatively unexplored aspect of nuclear doctrine Dr Abt examines the feasibility of antagonists agreeing to exclude their open cities from nuclear targeting and to replace strategic bombardment with retaliatory invasion to create less of a hair 1 trigger deterrent Critical net assessments by U S strategists and the effects of such a strategy on the Soviet Union and on U S allies are considered along with problems implementation might pose The author contends that both deterrence and the potential for limiting damage are strengthened by pre war plans for a nuclear ceasefire and stalemate short of holocaust State of Doom Barry Scott Zellen, 2011-12-22 The book examines Bernard Brodie s strategic and philosophical response to the nuclear age embedding his work within the classical theories of Carl von Clausewitz *Pakistan's Nuclear Exclusion* Sana Rahim, 2024 Developed over six chapters Pakistan s

Nuclear Exclusion provides an account of how orientalism is a lived experience of post colonial racism injustice and inequality amongst members of the nuclear community in Pakistan The account is produced through interviews with members of the community consisting of students academics and physicists in Pakistan Rahim offers unique insights into how Pakistan s nuclear community is not only perceived and represented but also how it seeks to operate in a wider nuclear community dominated by Western nuclear powers The provision of such highly contextualised insights is enabled by the book setting out to both a provide analytical space for and b give voice to how orientalism is experienced in the everyday of their lives Consequently the work provides 1 an analysis of how dominant discourses of nuclear management and their pictures of reason are exclusionary 2 an analysis of the core features of orientalism as they pertain to Pakistan s nuclear community and 3 empirical findings which produce categories of the experience of orientalism into areas of the everyday exclusion making a career Islamophobia technology denial and self reliance Pakistan s Nuclear Exclusion is enormously valuable to the research community as well as extremely well conceived and researched In addition much of the methodology chapter offers a level of sophistication and self reflection that translates well in the interview material and its subsequent analysis **The Realist**

Tradition in International Relations Barry Scott Zellen, 2011-08-19 This comprehensive foundation for the study of realism will introduce students in disciplines as varied as philosophy international relations and strategic studies to the majestic breadth of the realist tradition that unifies them all The Realist Tradition in International Relations The Foundations of Western Order introduces the principal theorists who have shaped and defined the realist tradition This once dominant theory of international politics has reemerged to provide a shared foundation for understanding political theory international relations theory and strategic studies The work is comprised of four volumes each focusing upon a distinct period and the pivotal contributors writing in that era Volume 1 State of Hope looks at the classical era when chaos reigned supreme Volume 2 State of Fear goes through the early modern period and the emergence of the modern state Volume 3 State of Awe explores the age of total war with its unprecedented dangers Volume 4 State of Siege examines the present era of insurgency and asymmetrical conflict A truly monumental work this sweeping study will surely foster a new appreciation of the rich tapestry of realist thought and its continuing relevance to the study of world politics **Professional Journal of the**

United States Army , 1981 Underground Structures of the Cold War Paul Ozorak, 2012-04-30 A vivid reminder of the ever present threat of a global apocalypse that formed the backdrop to the Cold War This is an excellent book History of War Medieval castles the defensive systems of the seventeenth eighteenth and nineteenth centuries the trenches and bunkers of the First World War the great citadels of the Second World War all these have been described in depth But the fortifications of the Cold War the hidden forts of the nuclear age have not been catalogued and studied in the same way Paul Ozorak s Underground Structures of the Cold War The World Below fills the gap After the devastation caused by the atom bombs dropped on Hiroshima and Nagasaki and the outbreak of the Cold War all over the world shelters were constructed deep

underground for civilians government leaders and the military Wartime structures were taken over and adapted and thousands of men went to work drilling new tunnels and constructing bunkers of every possible size At the height of the Cold War in some countries an industry of bunker makers profited from the public s fear of annihilation Paul Ozorak describes when and where these bunkers were built and records what has become of them He explains how they would have been used if a nuclear war had broken out and in the case of weapons bases he shows how these weapons would have been deployed His account covers every sort of facility public shelters missile sites command and communication centers storage depots hospitals A surprising amount of information has appeared in the media about these places since the end of the Cold War and Paul Ozorak s book takes full advantage of it *Bulletin of the Atomic Scientists* ,1981-01 **Bulletin of the Atomic Scientists** ,1983-06 [Air University Library Index to Military Periodicals](#) ,1981 *Military Review* ,1981 **Hiroshima and Here** Monash University,2020-09-02 This study provides a cultural history of Nuclear Age Australia The author examines the country s role as a weapons testing site its ambition to join the postwar nuclear club of nations the heated controversies surrounding uranium mining and nuclear power and the rich complexity of Australian cultural response to the fact and possibility of atomic destruction **The Apocalyptic Premise** Ernest W. Lefever (red.),E. Stephen Hunt,1982 This document contains 31 position papers that reflect a wide range of views on nuclear arms policy held by political leaders religious authorities scholars policy experts journalists and political activists Since no judgments are made the reader is left to decide which arguments are most compelling Each position paper is arranged into one of five sections Arms Control Issues The Peace Movement The Apocalyptic Premise The Churches and Nuclear Arms and Official Views Each essay is preceded by a brief introduction pointing out main themes and relating both complementary and opposing contributors to one another Also included is a chart showing the comparative strengths of NATO and Warsaw Pact forces in Europe a five part bibliography corresponding to the five divisions of the text and an index of names APG [Quarterly Review of Military Literature](#) ,1981 **The Dark Chronicles** Jeremy Duns,2012-05-29 It s 1969 and MI6 agent Paul Dark has spent the last twenty five years betraying his country When a would be Russian defector turns up with information about a high level British double agent Dark goes on the run only to discover that everything he believes is a lie Bringing together three novels featuring double agent Paul Dark The Dark Chronicles journeys from London to Nigeria and from Rome to Moscow in a heart pounding saga of dubious loyalties deadly conspiracies and ruthless acts of revenge at the height of the Cold War **Inquiry Magazine** ,1980 **Society** Ian Robertson,1989 This concise elegantly written paperback volume on the essential elements of sociology is perfect as the sole textbook for a brief introductory course or as a core text to be supplemented with other readings **Ethics And The Gulf War** Kenneth L. Vaux,2019-03-01 The war on the ground and in the air over Kuwait and Iraq was not the only Gulf War being fought in early 1990 George Bush and Saddam Hussein were also battling for public opinion and for the perception of legitimacy for their actions In this effort both men as well as their

spokespersons appealed to the just war theory of their religious traditions In this perceptive and wide ranging book Kenneth Vaux elucidates the great just war traditions of Judaism Christianity and Islam evaluating the key events of the war in light of the religious rhetoric used by both sides From the first stirrings of conflict to its uncertain aftermath religious and ethical traditions played a major role in winning support not just for the U S and Iraqi peoples but of public opinion worldwide Throughout Vaux demonstrates the wide gaps between religious rhetoric and the political military action it has been called on to support Ethics and the Gulf War is not a typical ethical treatise Vaux understands ethical reflection to encompass history philosophy psychology ecology theology and eschatology His book is a valuable contribution to the understanding of the Gulf War and it is fascinating for scholars and laypersons coming to this subject from almost any area of interest

Nuclear Nightmares An Investigation Into Possible Wars Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Nuclear Nightmares An Investigation Into Possible Wars**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
