Origin Of The Grand Orient Of France:

Origin of the Grand Orient of France Albert Gallatin Mackey, William R. Singleton, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

THE HISTORY OF FREEMASONRY ALBERT GALLATIN MACKEY, 1898 *The Origin, History & Purport of Freemasonry (Annotated Edition)* John Fellows, 2013-10-17 The intention of this work is to endeavor to unravel the intricate web in which the mystery of freemasonry is involved by tracing the order back to its source and by showing its intimate connection and similitude to institutions more ancient put it beyond a doubt that it sprang from and is a continuation of the rites and ceremonies observed in those establishments That the writer as a freemason is extremely liberal may be judged from his own reprobation of the oaths imposed upon members He considers a total abandonment of the oaths at the present day requisite He says that the mysteries from which the institution was derived created and that the custom of the times when it was established sanctioned the most horrible oaths The argument used that these oaths are no longer necessary is we think effectual against the existence of Masonry itself

History of Freemasonry from Its Origin Down to the Present Day Joseph Gabriel Findel, 1869 *The Origins of the French Nationalist Movement, 1886-1914* Robert Lynn Fuller, 2014-01-10 This narrative history explores the emergence of one of the most influential Nationalist movements of modern Europe It explains how and why the movement united the far right with the far left in a militant campaign to wrest control of France from the moderate republicans who were attempting to stabilize the country after a century of political volatility The agitation groups propaganda machines street fighting gangs and political hustlers who made up the Nationalists all campaigned for one end to overthrow the Third Republic The eruption of the Dreyfus Affair 1894 1899 provided the Nationalists with a convenient target for their assaults the Dreyfusard defenders of a wrongly convicted Jewish army captain Alfred Dreyfus This work based on original archival research in France argues that the Nationalists posed a real and dangerous threat that dissipated only when their goals were adopted by more moderate competing groups

Freemasonry Christina Voss (married Lyons), 2021-10-07 Doctoral Thesis Dissertation from the year 2003 in the subject English Language and Literature Studies Linguistics grade Cum Laude Johannes Gutenberg University Mainz FTSK Germersheim FB 06 Translations Sprach und Kulturwissenschaft language English abstract Freemasons employ a special way of communication for example sign language metaphors symbols neologisms technical terminology ritualistic travels The problem under investigation is the Masonic claim to possess a universal language The organizing construct of this dissertation is a comparison of the whole range of Freemasonry male female youth orders orders for the Blacks and quasi Masonic fun orders with imitative fraternities such as early American benefit societies and their inherent diction The experimental method used by the author included the research of Masonic and other fraternal sources of the last three centuries visits to Masonic institutions and interviews with Freemasons These activities led to the findings that while the symbols are generally applicable the written Masonic language is not totally uniform internationally Thus the ethical teaching which is to be drawn out of the symbolic Masonic communication has reached an international level and it is a fact that it is still alive since the official founding of Freemasonry in 1717 but the ritualistic phraseology of comparable early trade unions and mutual benefit societies of the United States either has ceased to be employed or merely forms a pompous but hollow shell around a worldly issue such as insurance
