Peggy Edwards, Miroslava Lhotsky, Judy Turner, 2011-05-18 After Peggy Edwards Miroslava Lhotsky and Judy Turner published their highly successful first book *The Healthy Boomer A No Nonsense Guide to Midlife Health for Women and Men* they embarked on a series of workshops with health professionals and men and women in midlife Like them the participants often found it almost impossible to juggle the responsibilities of midlife and still find time and energy for themselves Translating the principles of balance and good health into daily action is difficult and the authors knew from their seminars that participants were always pleased to hear stories of struggle and success from others It made sense they concluded to

ask Boomers themselves the best ways to manage midlife To get a sense of common issues in midlife and possible coping strategies they sent out a questionnaire and conducted telephone interviews to draw out more in depth ideas The results are found in this book a collection of anecdotes quotes and wisdom from Boomers themselves In midlife we start to get in touch with the fact that our time on earth will not last forever and is precious This book provides a variety of ways of looking at this fact and of thinking about the choices ahead There are motivating stories from Boomers some such as Pamela Wallin known to many brief updates from the scientific world and interesting tidbits of information from the survey *Marjorie's Busy Days* Carolyn Wells,1908 **Diane Nancy'S Pitty Pooh** Diane Nancy,2017-11-29 In 1978 high school senior Bobby decides to skip class with his wealthy buddy Rich It turns out its both of their birthdays so the boys see no point in going to school when they can party down on Dana Point instead Richs grandmother has a mansion there and the old ladys been known to throw some awesome parties Today is no exception Ninety year old Greta Jane welcomes their arrival and so begins a day of decadence and adventure Young Bobby has visions of beautiful women and drugs but what he finds is an unfamiliar world of affluence intrigue and bizarre fetishes He grows up fast embracing the finer things in life with troublemaker Rich by his side Soon Bobby finds himself having a bit too much fun Things quickly spiral out of control and a day of birthday ditching threatens to turn downright deviant Still Bobby convinces himself that hes a man now he can handle whatever life throws his way They skipped school to enjoy a day of freedom but both boys get a whole lot more than they expected , **Mini Mickey** Bob Sehlinger,2007-09-24 From the publishers of The Unofficial Guide to Walt Disney World A Tourist s Best Friend Chicago Sun Times Indispensable The New York Times Five Great Features and Benefits offered ONLY by The Unofficial Guide Insider advice on when to go the best times of the year and the best days of the week A complete ranking of accommodations both in and outside the World with commuting times to all four Disney World theme parks Concise overviews of all theme parks and no nonsense evaluations of the most popular attractions Practical tips on making the most of your time including easy to follow one and two day touring plans of the Magic Kingdom Epcot Disney MGM and the Animal Kingdom The straight story on how to avoid long lines for rides shows and meals **Making Sense of Numbers that Rule Your World EBOOK BUNDLE** Kaiser Fung,2013-09-20 WHAT ARE THE ODDS YOU LL WIN THE LOTTERY How long will your kids wait in line at Disney World Who decides that standardized tests are fair Why do highway engineers build slow moving ramps What does it mean statistically to be an Average Joe NUMBERS RULE YOUR WORLD In the popular tradition of eye opening bestsellers like Freakonomics The Tipping Point and Super Crunchers this fascinating book from renowned statistician and blogger Kaiser Fung takes you inside the hidden world of facts and figures that affect you every day in every way These are the statistics that rule your life your job your commute your vacation your food your health your money and your success This is how engineers calculate your quality of living how corporations determine your needs and how politicians estimate your opinions These are the numbers you never think about even though they play a crucial role in every

The Witch Ladder Edward Sydney Tylee,1911 **Crazy Good** Charles Leerhsen,2008-05-20 A hundred years ago the most famous athlete in America was a horse But Dan Patch was more than a sports star he was a cultural icon in the days before the automobile Born crippled and unable to stand he was nearly euthanized For a while he pulled the grocer s wagon in his hometown of Oxford Indiana But when he was entered in a race at the county fair he won and he kept on winning Harness racing was the top sport in America at the time and Dan a pacer set the world record for the mile He eventually lowered the mark by four seconds an unheard of achievement that would not be surpassed for decades America loved Dan Patch who though kind and gentle seemed to understand that he was a superstar he acknowledged applause from the grandstands with a nod or two of his majestic head and stopped as if to pose when he saw a camera He became the first celebrity sports endorser his name appeared on breakfast cereals washing machines cigars razors and sleds At a time when the highest paid baseball player Ty Cobb was making 12 000 a year Dan Patch was earning over a million dollars But even then horse racing attracted hustlers cheats and touts Drivers and owners bet heavily on races which were often fixed horses were drugged with whiskey or cocaine or switched off with ringers Although Dan never lost a race some of his races were rigged so that large sums of money could change hands Dan s original owner was intimidated into selling him and America s favorite horse spent the second half of his career touring the country in a plush private railroad car and putting on speed shows for crowds that sometimes exceeded 100 000 people But the automobile cooled America s romance with the horse and by the time he died in 1916 Dan was all but forgotten His last owner a Minnesota entrepreneur gone bankrupt buried him in an unmarked grave His achievements have faded but throughout the years a faithful few kept alive the legend of Dan Patch and in Crazy Good Charles Leerhsen travels through their world to bring back to life this fascinating story of triumph and treachery in small town America and big city racetracks
