Race J. Kameron Carter, 2008-09-02 In *Race A Theological Account* J Kameron Carter meditates on the multiple legacies implicated in the production of a racialized world and that still mark how we function in it and think about ourselves These are the legacies of colonialism and empire political theories of the state anthropological theories of the human and philosophy itself from the eighteenth century Enlightenment to the present Carter's claim is that Christian theology and the signal transformation it along with Christianity underwent is at the heart of these legacies In that transformation Christian anti Judaism biologized itself so as to racialize itself As a result and with the legitimation of Christian theology Christianity became the cultural property of the West the religious ground of white supremacy and global hegemony In short Christianity became white The racial imagination is thus a particular kind of theological problem Not content only to describe this problem Carter constructs a way forward for Christian theology Through engagement with figures as disparate in outlook and as varied across the historical landscape as Immanuel Kant Frederick Douglass Jarena Lee Michel Foucault Cornel West Albert Raboteau Charles Long James Cone Irenaeus of Lyons Gregory of Nyssa and Maximus the Confessor Carter reorients the whole of Christian theology bringing it into the twenty first century

Louis Guilloux: Ear-witness Walter Redfern, 2023-12-28 This is the first truly comprehensive study in any language of the writings of Louis Guilloux It embraces all his fiction including his short stories to which little or no attention has previously been paid The title refers to Guilloux's lifelong stance an empathetic witness and listener to the lives of other people who lifts anecdotes to the level of social and psychological life studies Highly valued by writers such as Malraux and Camus Guilloux's

work is studied here under several key categories which represent overlaps and tensions rather than bleak opposites memory and forgetfulness the shifting relationship of individual and community roots stasis and escape movement Guilloux and committed literature *La Maison du Peuple* *Les Batailles perdues* and the trip to the USSR with Gide and Dabit A long chapter is devoted to a close reading of Guilloux's baroque masterpiece *Le Sang noir* a much richer and less cerebral epic of an intellectual enmeshed in a provincial society than its successor Sartre's *La Nausée* Detailed attention is given to Guilloux's recycling of the model for the hero Cripure the rogue elephant thinker Georges Palante *Le Sang noir* is a haunted book Guilloux's experiments with chronological dislocation *Le Jeu de patience* with narrative voices *essais de voix* *Coco perdu* with multiple personality *La Confrontation* and with the ambiguous pseudo science of physiognomy *passim* are all fully analysed Throughout wherever called for the culturally cosmopolitan Guilloux is compared or contrasted with writers from various countries Dostoevsky Tolstoy Gorky Silone Dickens Vall's Camus and Sartre This is a matter less of influence than of Guilloux's choice of companions

Victorian Fantasy Stephen Prickett, 2005 Far from being just children's literature Victorian Fantasy is an art form that flourished in opposition to the repressive social and intellectual conditions of Victorianism In this fully revised and expanded edition Stephen Prickett explores the way in which Victorian writers used non realistic techniques nonsense dreams visions and the creation of other worlds to extend our understanding of this world In particular Prickett focuses on six writers Lear Carroll Kingsley MacDonald Kipling and Nesbit tracing the development of their art form their influences on each other and how these writers used fantasy to question the ideology of Victorian culture and society

[The Theater of Experiment](#) Al Coppola, 2016-08-19 The first book length study of the relationship between science and theater during the long eighteenth century in Britain *The Theater of Experiment* explores the crucial role of spectacle in the establishment of modern science by analyzing how eighteenth century science was staged in a double sense On the one hand this study analyzes science in performance the way that science and scientists were made a public spectacle in comedies farces and pantomimes for purposes that could range from the satiric to the pedagogic to the hagiographic But this book also considers the way in which these plays laid bare science as performance that is the way that eighteenth century science was itself a kind of performing art subject to regimes of stagecraft that traversed the laboratory the lecture hall the anatomy theater and the public stage Not only did the representation of natural philosophy in eighteenth century plays like Thomas Shadwell's *Virtuoso* Aphra Behn's *The Emperor of the Moon* Susanna Centlivre's *The Basset Table* and John Rich's *Necromancer* or *Harlequin Doctor Faustus* influence contemporary debates over the role that experimental science was to play public life the theater shaped the very form that science itself was to take By disciplining and ultimately helping to legitimate experimental philosophy the eighteenth century stage helped to naturalize an epistemology based on self evident decontextualized facts that might speak for themselves In this the stage and the lab jointly fostered an Enlightenment culture of spectacle that transformed the conditions necessary for the production and dissemination of scientific knowledge Precisely

because Enlightenment public science initiatives taking their cue from the public stages came to embrace the stagecraft and spectacle that Restoration natural philosophy sought to repress from the scene of experimental knowledge production eighteenth century science organized itself around not the sober masculine modest witness of experiment but the sentimental feminized eager observer of scientific performance *Les Demoiselles d'Avignon and Modernism* Maite Méndez Baiges, 2022 The book meticulously analyses the history of the critical reception of avantguard art through the interpretations received by one of its greatest emblems Les Demoiselles d'Avignon by Picasso 1907 Since Les Demoiselles has been considered over this century the true paradigm of Modern Art this book is fundamentally a sort of synthesis of the discourses about Modernism from formalism iconology Leo Steinberg's Other Criteria sociological the biographical and psychoanalytical theses cultural and historicist and lastly the impact of post structuralism and the feminist post colonialist and transnational interpretations The final chapter deals with the artistic versions of Les Demoiselles d'Avignon made by artists It is an essay on the different versions and identities of Modern Art and Modernism that have been produced throughout the last century Passionate Intelligence: The Poetry of Geoffrey Hill E.M. Knottenbelt, 2022-07-18

Beginning at the End Robert Stilling, 2018-06-11 Robert Stilling shows how aestheticism's decadence became a key idea in postcolonial thought describing the failures of revolutionary nationalism and asserting cosmopolitanism in poetry and art Breaking down the boundaries around decadent literature he takes it outside Europe and emphasizes the global reach of its imaginative transgressions Flaubert and Kafka Charles Bernheimer, 1982-01-01 Although their styles appear remarkably different Flaubert and Kafka share a common identification with the writing process itself I am a human pen wrote Flaubert I am nothing but literature declared Kafka This stimulating book is the first to explore the link between these writers Introducing his conception of psychopoetics Charles Bernheimer brings new clarity to many controversial issues in psychoanalysis rhetoric and critical theory In chapters on Flaubert and Kafka he probes the desires and fears motivating each writer's search for a fully satisfying literary style His interpretation of the strategies the authors adopt to harness the negativity of writing reveals the creative function of such psychological phenomena as narcissism fetishism and sadomasochism The major works Bernheimer argues dramatize the conflict between the structures of Eros and Thanatos metonymy and metaphor through which they are constituted From this illuminating perspective he traces the genesis of each writer's mature style analyzes two early works La Tentation de saint Antoine and The Judgment and examines two late masterpieces Bouvard et Pécuchet and The Castle applying to the latter Walter Benjamin's description of the allegorical mode This highly original work of theoretical criticism will interest not only readers of Flaubert and Kafka but all students of literary theory and the creative process *Baroque Modernity* Joseph Cermatori, 2021-11-16 A groundbreaking study on the vital role of baroque theater in shaping modernist philosophy literature and performance Finalist for the Outstanding Book Award by the Association for Theatre in Higher Education Honorable Mention for the Balakian Prize by the International

Comparative Literature Association Winner of the Helen Tartar Book Subvention Award by the American Comparative Literature Association Finalist of the MSA First Book Prize by the Modernist Studies Association Baroque style with its emphasis on ostentation adornment and spectacle might seem incompatible with the dominant forms of art since the Industrial Revolution but between 1875 and 1935 European and American modernists connected to the theater became fascinated with it In Baroque Modernity Joseph Cermatori argues that the memory of seventeenth century baroque stages helped produce new forms of theater space and experience around the turn of the twentieth century In response modern theater helped give rise to the development of the baroque as a modern philosophical idea The book focuses on avant gardists whose writing takes place between theory and performance philosophical theater makers and theatrical philosophers including Friedrich Nietzsche St phane Mallarm Walter Benjamin and Gertrude Stein Moving between page and stage this study tracks the remnants of seventeenth century theater through modernist aesthetics across an array of otherwise disparate materials including modern opera Bertolt Brecht s Epic Theater poetic tragedies and miracle plays By reexamining the twentieth century s engagements with Gianlorenzo Bernini William Shakespeare Claudio Monteverdi Calder n de la Barca and other seventeenth century predecessors the book delineates an enduring tradition of baroque performance Along the way Cermatori expands our familiar narratives of the modern and traces a history of theatricality that reverberates into the twenty first century Baroque Modernity will appeal to readers in a wide array of disciplines including comparative literature theater and performance art and music history intellectual history and aesthetic theory **The Cambridge Introduction to Satire** Jonathan Greenberg, 2018-12-20 In satire evil folly and weakness are held up to ridicule to the delight of some and the outrage of others Satire may claim the higher purpose of social critique or moral reform or it may simply revel in its own transgressive laughter It exposes frauds debunks ideals binds communities starts arguments and evokes unconscious fantasies It has been a central literary genre since ancient times and has become especially popular and provocative in recent decades This new introduction to satire takes a historically expansive and theoretically eclectic approach addressing a range of satirical forms from ancient Renaissance and Enlightenment texts through contemporary literary fiction film television and digital media The beginner in need of a clear readable overview and the scholar seeking to broaden and deepen existing knowledge will both find this a lively engaging and reliable guide to satire its history and its continuing relevance in the world *The World is Our Home* Jeffrey Jay Folks, 2000
