Beit-Hallahmi,2014-08-21 Is religion to blame for deadly conflicts Should religious behaviour be credited more often for acts of charity and altruism In what ways are religious and spiritual ideas practices and identities surviving and changing as religion loses its political power in those parts of the world which are experiencing increasing secularization Written by one of the world s leading authorities on the psychology of religion and social identity Psychological Perspectives on Religion and Religiosity offers a comprehensive and multidisciplinary review of a century of research into the origins and consequences of religious belief systems and religious behaviour The book employs a unique theoretical framework that combines the new cognitive evolutionary psychology of religion examining the origins of religious ideas with the old psychology of religiosity which looks at correlates and consequences It examines a wide range of psychological variables and their relationship with religiosity It is also provides fresh insights into classical topics in the psychology of religion such as religious conversion the relevance of Freud s ideas about religion and religiosity the meaning of secularization and the crucial role women play in religion The book concludes with the author s reflections on the future for the psychology of religion as a field Psychological Perspectives on Religion and Religiosity will be invaluable for academic researchers in psychology sociology anthropology political science economics and history worldwide It will also be of great interest to advanced undergraduate students and graduate students across the social sciences

Islamic Terror Avner Falk,2008-07-30 Independent scholar Falk analyzes the genesis of Islamic terror from many standpoints including religious cultural historical political social economic and above all psychological Drawing on his training as a clinical psychologist Falk s writings specialize in psychohistory and political psychology Here he examines topics including infantile experience and adult terrorism the meaning of terror terrorists and their mothers narcissistic rage and Islamic terror and whether terrorists are normal people as some scholars claim He also describes the infantile development of terrorist pathology non psychoanalytic theories of terrorism globalization s effect on terrorism and the notion of the clash of civilizations Other topics addressed in this reader friendly analysis include history s first Islamic terrorists and three important cases two recent deadly terrorists and a primary figure in our current war on terror Independent scholar Falk analyzes the genesis of Islamic terror from many standpoints including religious cultural historical political social economic and above all psychological Drawing on his training as a clinical psychologist Falk s writings specialize in psychohistory and political psychology Here he examines topics including infantile experience and adult terrorism the meaning of terror terrorists and their mothers narcissistic rage and Islamic terror and whether terrorists are normal people as some scholars claim He also describes the infantile development of terrorist pathology non psychoanalytic theories of terrorism globalization s effect on terrorism and the notion of the clash of civilizations Examining the emotional structure of traditional Muslim families Falk shows us the Muslim child s ambivalence toward his or her parents ways in which Muslims abuse women and children and the roots of Muslim rage and why all of that plays into the development of future terrorism Other topics addressed in this reader friendly analysis include history s first Islamic terrorists and three

important cases two recent deadly terrorists and a primary figure in our current war on terror The central idea throughout the book is that a person's attitude toward terror and terrorism as well as whether he or she becomes a murderous terrorist or even who wages a global war on terror has much to do with that person's own terrifying experiences in infancy and childhood Such terror usually experienced first in the earliest interactions with the mother is symbolically expressed as Falk shows in fairy tales and myths about terrifying witches and female monsters Further terror may be experienced in the relationship with the father and also in various other traumatic ways It is these early terrors when extreme and uncontrollable that most often produce terrorists and wars on terror Falk argues Thus his book focuses on the conscious but also on the irrational and unconscious causes of terrorism

The Faith and Friendships of Teenage Boys Robert C. Dykstra, Allan Hugh Cole Jr., Donald Capps, 2012-09-13 Drawing on research and case studies three pastoral care experts argue that one of the primary contexts in which the faith formation of teenage boys takes place is in their relationships with other adolescent males Written by the authors of *Losers Loners and Rebels* *The Spiritual Struggles of Boys* this book is an important resource for anyone interested in helping adolescent males navigate years often marked by isolation and loneliness to develop a meaningful spiritual identity
