The Violence of Law Jens Meierhenrich, 2024-04-30 Lawfare describes the systematic use and abuse of legal procedure for political ends This provocative book examines this insufficiently understood form of warfare in post genocide Rwanda where it contributed to the making of dictatorship Jens Meierhenrich provides a redescription of Rwanda's daring experiment in transitional justice known as inkiko gacaca By dissecting the temporally and structurally embedded mechanisms and processes by which change agents in post genocide Rwanda manoeuvred to create modified legal arrangements of things past Meierhenrich reveals an unexpected jurisprudence of violence Combining nomothetic and ideographic reasoning he shows that the deformation of the gacaca courts and thus the rise of lawfare in post genocide Rwanda was not preordained but the outcome of a violently structured contingency The Violence of Law tells a disturbing tale and will appeal to scholars advanced students and practitioners of international and comparative law African studies and human rights

Witness and Memory Ana Douglass, Thomas A. Vogler, 2012-11-12 This is a collection within the anthropology of violence and witness studies a discipline inaugurated in the 1980s It accomplishes a tight focus while tackling seemingly disparate topics from Rigoberta Menchu to O J Simpson and from feminist poetry to Hiroshima Mon Amour With approaches ranging from anthropological and historical to literary and philosophical this collection is engaging in both subject matter and writing style

Holocaust Images and Picturing Catastrophe Angi Buettner, 2016-12-05 Holocaust Images and Picturing Catastrophe explores the phenomenon of Holocaust transfer analysing the widespread practice of using the Holocaust and its imagery for the representation and recording of other historical events in various media sites It investigates the use of Holocaust imagery in political and legal discourses in critical thinking and philosophy as well as in popular culture to provide a fresh theorisation of the manner in which the Holocaust comes loose from its historical context and is applied to events and campaigns in the contemporary public sphere Richly illustrated with concrete examples including prominent international animal rights activism the Israeli Palestinian conflict and the genocide in Rwanda this book traces the visual rhetoric of Holocaust imagery and its application to events other than the genocide of Jewish people With its discussion of the wide range of issues arising with this form of Holocaust transfer the generalization of the Holocaust as a metaphor in representations of catastrophe as well as in other cultural locations Holocaust Images and Picturing Catastrophe will appeal to those working in the fields of holocaust studies cultural and visual culture studies sociology and media studies

Above the Death Pits, Beneath the Flag Jackie Feldman, 2008-04-01 Israeli youth voyages to Poland are one of the most popular and influential forms of transmission of Holocaust memory in Israeli society Through intensive participant observation group discussions student diaries and questionnaires the author demonstrates how the State shapes Poland into a living deathscape of Diaspora Jewry In the course of the voyage students undergo a rite de passage in which they are transformed into victims victorious survivors and finally witnesses of the witnesses By viewing touching and smelling Holocaust period ruins and

remains by accompanying the survivors on the sites of their suffering and survival crying together and performing commemorative ceremonies at the death sites students from a wide variety of family backgrounds become carriers of Shoah memory They come to see the State and its defense as the romanticized answer to the Shoah These voyages are a bureaucratic response to uncertainty and fluidity of identity in an increasingly globalized and fragmented society This study adds a measured and compassionate ethical voice to ideological debates surrounding educational and cultural forms of encountering the past in contemporary Israel and raises further questions about the representation of the Holocaust after the demise of the last living witnesses

Tenenboim-Weinblatt, 2014-02-20 Tracking the ways in which journalism and memory mutually support undermine repair and challenge each other this fascinating collection brings together leading scholars in journalism and memory studies to investigate the complicated role that journalism plays in relation to the past

Framing Public Memory Kendall R. Phillips, 2004-04-12 A collection of essays by prominent scholars from many disciplines on the construction of public memories The study of public memory has grown rapidly across numerous disciplines in recent years among them American studies history philosophy sociology architecture and communications As scholars probe acts of collective remembrance they have shed light on the cultural processes of memory Essays contained in this volume address issues such as the scope of public memory the ways we forget the relationship between politics and memory and the material practices of memory Stephen Browne's contribution studies the alternative to memory erasure silence and forgetting as posited by Hannah Arendt in her classic *Eichmann in Jerusalem* Rosa Eberly writes about the Texas tower shootings of 1966 memories of which have been minimized by local officials Charles Morris examines public reactions to Larry Kramer's declaration that Abraham Lincoln was homosexual horrifying the guardians of Lincoln's public memory And Barbie Zelizer considers the impact on public memory of visual images specifically still photographs of individuals about to perish e.g. people falling from the World Trade Center and the sense of communal loss they manifest Whether addressing the transitory and mutable nature of collective memories over time or the ways various groups maintain engender or resist those memories this work constitutes a major contribution to our understanding of how public memory has been and might continue to be framed

Mourning Modernism Lecia Rosenthal, 2011 This book examines the writing of catastrophe mass death and collective loss in twentieth century literature and criticism With particular focus on texts by Woolf Benjamin and Sebald it engages the century's preoccupation with world ending a mixed rhetoric of totality and rupture finitude and survival the end and its posthumous remainders The spectacle of world ending proliferates as a form of desire an ambivalent compulsion to consume and outlive the end of all In conversation with discussions of the century's passion for the real the author reads the century's obsession with negative forms of ending and outcome Drawing connections between current interest in trauma and the sublime she reframes the terms of the modernist experiment and its aesthetics from the lens of a late sublime

Memory and Representation in Contemporary Europe

Siobhan Kattago, 2016-04-22 Why do certain places and not others symbolically capture the past and freeze time Likewise why does the process of memory as a fluid and changing activity seem to prevent its own solidification Memory and Representation in Contemporary Europe reflects not only on the persistence of the past as a theme linked to modernity media and time but also discusses the politics of memory within a changing Europe Drawing on the theoretical work of Hannah Arendt Isaiah Berlin and Zygmunt Bauman Siobhan Kattago uses examples from both Germany and Estonia in order to address the multiple layers of Europe's totalitarian past Through reflecting on the legacy of totalitarianism and the revolutions of 1989 it becomes clear that the issue is less of whether one should remember but rather how to internalize the various lessons of the past for the future of Europe Memory and Representation in Contemporary Europe thus offers the reader occasions upon which to take stock of different but overlapping contours of past and present in contemporary Europe

Double Exposure Olga Shevchenko, 2017-09-08 Over the past decade historians and sociologists have increasingly used visual materials in particular photographs in their work This volume brings together historians sociologists anthropologists and media and visual scholars to articulate how photography as a practice and as a visual medium can provide insights into national memory collective identities and the historical imagination This collection allows the reader to trace parallel conceptual developments occurring in the sociology and anthropology of memory and in the history and theory of photography and to illustrate the unique angles of vision these disciplines offer Photographic images commonly accompany historical accounts from documentaries to family scrapbooks and since the early days of commercial photography pictures have been viewed as tools to capture memories Later critical writing has challenged this equation by inverting it photos along with other archival practices were often viewed as falling short of their supposed function as vessels of memory and at times even denounced as devices that distorted memories How does photography participate in the formation and maintenance of collective identities and shared memory discourses from the family to the nation Furthermore how can we begin to conceptualize photography's effects on the historical imagination of individuals and groups Double Exposure endeavors to answer these questions by calling attention to the variety of contexts in which images circulate and to the narratives from which they spring and which they in turn shape This is the latest volume in Transaction's Memory and Narrative series

Cultural Memory Studies Astrid Erll, Ansgar Nünning, 2008-08-27 This handbook represents the interdisciplinary and international field of cultural memory studies for the first time in one volume Articles by renowned international scholars offer readers a unique overview of the key concepts of cultural memory studies The handbook not only documents current research in an unprecedented way it also serves as a forum for bringing together approaches from areas as varied as sociology political sciences history theology literary studies media studies philosophy psychology and neurosciences Cultural memory studies as defined in this handbook came into being at the beginning of the 20th century with the works of Maurice Halbwachs on *mémoire collective* In the course of the last two decades this area of research has

witnessed a veritable boom in various countries and disciplines As a consequence the study of the relation of culture and memory has diversified into a wide range of approaches This handbook is based on a broad understanding of cultural memory as the interplay of present and past in sociocultural contexts It presents concepts for the study of individual remembering in a social context group and family memory national memory the various media of memory and finally the host of emerging transnational lieux de m moire such as 9 11

The Art of Being Jewish in Modern Times

Barbara Kirshenblatt-Gimblett,Jonathan Karp,2013-02-11 The wide ranging portrayal of modern Jewishness in artistic terms invites scrutiny into the relationship between creativity and the formation of Jewish identity and into the complex issue of what makes a work of art uniquely Jewish Whether it is the provenance of the artist as in the case of popular Israeli singer Zehava Ben the intention of the iconography as in Ben Shahn s antifascist paintings or the utopian ideals of the Jewish Palestine Pavilion at the 1939 New York World s Fair clearly no single formula for defining Jewish art in the diaspora will suffice The Art of Being Jewish in Modern Times is the first work to analyze modern Jewry s engagement with the arts as a whole including music theater dance film museums architecture painting sculpture and more Working with a broad conception of what counts as art the book asks the following questions What roles have commerce and politics played in shaping Jewish artistic agendas Who determines the Jewishness of art and for what purposes What role has aesthetics played in reshaping religious traditions and rituals This richly illustrated volume illuminates how the arts have helped Jews confront

the various challenges of modernity including cultural adaptation and self preservation economic diversification and ritual transformation There truly is an art to being Jewish in the modern world or alternatively an art to being modern in the Jewish world and this collection fully captures its range diversity and historical significance *The Collective Memory Reader* Jeffrey K. Olick, Vered Vinitzky-Seroussi, Daniel Levy, 2011 There are few terms or concepts that have in the last twenty or so years rivaled collective memory for attention in the humanities and social sciences Indeed use of the term has extended far beyond scholarship to the realm of politics and journalism where it has appeared in speeches at the centers of power and on the front pages of the world's leading newspapers The current efflorescence of interest in memory however is no mere passing fad it is a hallmark characteristic of our age and a crucial site for understanding our present social political and cultural conditions Scholars and others in numerous fields have thus employed the concept of collective memory sociological in origin to guide their inquiries into diverse though allegedly connected phenomena Nevertheless there remains a great deal of confusion about the meaning origin and implication of the term and the field of inquiry it underwrites The Collective Memory Reader presents organizes and evaluates past work and contemporary contributions on the questions raised under the rubric of collective memory Combining seminal texts hard to find classics previously untranslated references and contemporary landmarks it will serve as an essential resource for teaching and research in the field In addition in both its selections as well as in its editorial materials it suggests a novel life story for the field one that appreciates recent innovations but only against the background of a long history In addition to its major editorial introduction which outlines a useful past for contemporary memory studies The Collective Memory Reader includes five sections Precursors and Classics History Memory and Identity Power Politics and Contestation Media and Modes of Transmission Memory Justice and the Contemporary Epoch comprising ninety one texts In addition to the essay introducing the entire volume a brief editorial essay introduces each of the sections while brief capsules frame each of the 91 texts
