Two points, both labeled P_2 , are marked on the sphere's surface. Dashed lines connect these points to the vertical axis. The bottom diagram shows a similar sphere with a horizontal equator and a vertical axis. A point labeled P_1 is marked on the left side of the sphere. A dashed line connects P_1 to the vertical axis. Another point is marked at the bottom of the sphere, and a dashed line connects it to the vertical axis. The label P_2 is partially visible at the bottom right.
