**Learning from the Past** Diane Ravitch, Maris A. Vinovskis, 1995-02 Many Americans view today's problems in education as an unprecedented crisis brought on by contemporary social ills. In *Learning from the Past*, a group of distinguished educational historians and scholars of public policy reminds us that many of our current difficulties as well as recent reform efforts have important historical antecedents. What can we learn they ask from nineteenth century efforts to promote early childhood education or debates in the 1920s about universal secondary education or the curriculum reforms of the 1950s. Reflecting a variety of intellectual and disciplinary orientations, the contributors to this volume examine major changes in educational development and reform and consider how such changes have been implemented in the past. They address questions of governance, equity and multiculturalism, curriculum standards, school choice and a variety of other issues. Policy makers and other school reformers, they conclude, would do well to investigate the past in order to appreciate the implications of the present reform initiatives.

**Books and Pamphlets, Including Serials and Contributions to Periodicals** Library of Congress. Copyright Office,1968 The Language of Mathematics Bill Barton,2007-12-24 The book emerges from several contemporary concerns in mathematics language and mathematics education However the book takes a different stance with respect to language by combining discussion of linguistics and mathematics using examples from each to illustrate the other The picture that emerges is of a subject that is much more contingent much more relative much more subject to human experience than is usually accepted Another way of expressing this is that the thesis of the book takes the idea of mathematics as a human creation and using the evidence from language comes to more radical conclusions than most writers allow *Annual Catalog - United States Air Force Academy* United States Air Force Academy,1971 **Do the Math!** John K.
