of the International Program Committee Bell Laboratories Murray Hill New Jersey USA The Fourth International Congress on  
Mathematics Education was held in Berkeley California USA August 10 16 1980 Previous Congresses were held in Lyons in  
1969 Exeter in 1972 and Karlsruhe in 1976 Attendance at Berkeley was about 1800 full and 500 associate members from  
about 90 countries at least half of these come from outside of North America About 450 persons participated in the program  
either as speakers or as presiders approximately 40 percent of these came from the U S or Canada There were four plenary  
addresses they were delivered by Hans Freudenthal on major problems of mathematics education Hermina Sinclair on the  
relationship between the learning of language and of mathematics Seymour Papert on the computer as carrier of  
mathematical culture and Hua Loo Keng on popularising and applying mathematical methods Gerge Polya was the honorary  
president of the Congress illness prevented his planned attendance but he sent a brief presentation entitled Mathematics  
Improves the Mind There was a full program of speakers panelists debates miniconferences and meetings of working and  
study groups In addition 18 major projects from around the world were invited to make presentations and various groups  
representing special areas of concern had the opportunity to meet and to plan their future activities      **Diversification in**  
**Modern Language Teaching** Caroline Filmer-Sankey,David Phillips,2023-04-21 As the effects of European integration  
become more widely felt the effective teaching of modern languages is moving towards the centre of the educational agenda  
and more and more schools are considering starting pupils on a first foreign language other than French a development  
encouraged by the National Curriculum orders in Modern Languages Diversification in Modern Language Teaching gives  
language teachers and heads of department the evidence upon which to decide if diversification is right for them It looks at  
the factors which effect children s learning in this area and at the managerial issues both within and outside the school  
Throughout it argues that the decision must be a purely educational one based on pupil motivation and accessibility as well  
as on particular local strengths among staff and parents      **Research in Education** ,1968      **The Australian**
