Peacemaking among Primates Frans B. M. DE WAAL, F. B. M. de Waal, 2009-06-30 Does biology condemn the human species to violence and war Previous studies of animal behavior incline us to answer yes but the message of this book is considerably more optimistic Without denying our heritage of aggressive behavior Frans de Waal describes powerful checks and balances in the makeup of our closest animal relatives and in so doing he shows that to humans making peace is as natural as making war In this meticulously researched and absorbing account we learn in detail how different types of simians cope with aggression and how they make peace after fights Chimpanzees for instance reconcile with a hug and a kiss whereas rhesus monkeys groom the fur of former adversaries By objectively examining the dynamics of primate social interactions de Waal makes a convincing case that confrontation should not be viewed as a barrier to sociality but rather as an unavoidable element upon which social relationships can be built and strengthened through reconciliation The author examines five different species chimpanzees rhesus monkeys stump tailed monkeys bonobos and humans and relates anecdotes culled from exhaustive observations that convey the intricacies and refinements of simian behavior Each species utilizes its own unique peacemaking strategies The bonobo for example is little known to science and even less to the general public but this rare ape maintains peace by means of sexual behavior divorced from reproductive functions sex occurs in all possible combinations and positions whenever social tensions need to be resolved Make love not war could be the bonobo slogan De Waal's demonstration of reconciliation in both monkeys and apes strongly supports his thesis that forgiveness and peacemaking are widespread among nonhuman primates an aspect of primate societies that should stimulate much needed work on human conflict resolution **The Book of the Thousand Nights and a Night** Leonard Charles Smithers, 1897

The Owl Who Liked Sitting on Caesar Martin Windrow,2014-06-10 This memoir of the relationship between a British military historian and a Tawny Owl is a small masterpiece of animal literature a perfect book The Wall Street Journal Mumble was so much a part of my life in those days that the oddity of our relationship seldom occurred to me and I only thought about it when faced with other people s astonishment When new acquaintances learned that they were talking to a book editor who shared a seventh floor flat in a South London tower block with a Tawny Owl some tended to edge away rather thoughtfully I tried to answer patiently but I found it hard to come up with a short reply to the direct question Yes but why my best answer was simply Why not Martin Windrow was a war historian with little experience with pets when he adopted an owl the size of a corncob Adorable but with knife sharp talons Mumble became Windrow s closest if at times unpredictable companion first in a South London flat and later in the more owl friendly Sussex countryside In The Owl Who Liked Sitting on Caesar Windrow recalls with wry humor their finer moments as well as the reactions of incredulous neighbors the awkwardness of buying Mumble unskinned rabbit at Harrods Food Hall and the grievous sense of loss when Mumble nearly escapes Windrow offers a poignant and unforgettable reminiscence of his charmed years with his improbable pet as well as an unexpected education in the paleontology zoology and sociology of owls A memoir of his friendship with this singular creature interwoven with a natural history of her species It is all the more affecting because of its gruff understatement The New York Times Book Review Pure joy Martin Windrow shows us the essence of a wild animal in a story as informative as a scientific paper on the species Strix aluco but much more fun to read Elizabeth Marshall Thomas author of A Million Years with You Includes photographs and illustrations **Die Again: A Rizzoli & Isles Novel** Tess Gerritsen,2015-09-29 NEW YORK TIMES BESTSELLER Detective Jane Rizzoli and medical examiner Maura Isles are back and they re going into the wild to find a killer Die Again is the latest heart pounding thriller in Tess Gerritsen s bestselling series the inspiration behind TNT
