Jazz Research and Performance Materials Eddie S. Meadows, 1995 First Published in 1996 Routledge is an imprint of Taylor Francis an informa company Jazz Eddie S. Meadows, 2013-10-23 Jazz Research and Pedagogy is the third edition of an annotated bibliography to books recordings videos and websites in the field of jazz Since the publication of the 2nd edition in 1995 the quantity and quality of books on jazz research performance and teaching materials have increased Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date several books on research performance and teaching materials were omitted In addition given the proliferation of new books in all jazz areas since 1995 the need for a new comprehensive and annotated reference book on jazz is apparent Multiply indexed this book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade **Cultures of Darkness** Bryan D. Palmer, 2019-02-15 Peasants religious heretics witches pirates runaway slaves prostitutes and pornographers frequenters of taverns and fraternal society lodge rooms revolutionaries blues and jazz musicians beats and contemporary youth gangs those who defied authority choosing to live outside the defining cultural dominions of early insurgent and later dominant capitalism are what Bryan D Palmer calls people of the night These lives of opposition or otherness were seen by the powerful as deviant rejecting authority and consequently threatening to the established order Constructing a rich historical tapestry of example and experience spanning eight centuries Palmer details lives of exclusion and challenge as the night travelers of the transgressors clash repeatedly with the powerful conventions of their times Nights of liberation and exhilarating desire sexual and social are at the heart of this study But so too are the dangers of darkness as marginality is coerced into corners of pressured confinement or the night is used as a cover for brutalizing terror as was the case in Nazi Germany or the lynching of African Americans Making extensive use of the interdisciplinary literature of marginality found in scholarly work in history sociology cultural studies literature anthropology and politics Palmer takes an unflinching look at the rise and transformation of capitalism as it was lived by the dispossessed and those stamped with the mark of otherness Rabbit's Blues Con Chapman, 2019 The first full length biography of Johnny Hodges Rabbit's Blues tells the story of one of the premier saxophonists in jazz history who brought the woody tone and bluesy technique of New Orleans music to the hot East Coast jazz of the Ellington orchestra **American Studies** Jack Salzman, American Studies Association, 1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988 **Sax Expat** Con Chapman, 2025-04-15 Don Byas 1913 1972 may be lesser known than the counterparts he played with Count Basie Duke Ellington and Dizzy Gillespie among others but he was an enigma He never stayed with a band for long and eventually went solo partly to make more money and partly due to his inability to work with bandleaders Often drinking to excess alcohol fueled his sometimes erratic behavior on and off the bandstand He went through at least thirteen different groups in fifteen

years of professional play before leaving for Europe in 1946 Despite his fractious personality in Europe he found peace and contentment as a family man in the Netherlands where he lived out his days with his second wife and their four children He learned at least seven languages during his years in Europe and on traveling to a new country could pick up a few phrases in short order soon speaking to the locals and even composing songs in their native tongue In Sax Expat Don Byas author Con Chapman argues that Byas s relative obscurity arises from his choice to live in Europe where he missed out on recording opportunities and exposure in the US that would have made him renowned and wealthier His numerous achievements including his solo on Count Basie s Harvard Blues which is a model of restrained invention his interpretation of the sentimental movie theme Laura and his duets with bassist Slam Stewart were included in the Smithsonian Collection of Classic Jazz and secured Byas s place in jazz history This biography brings to life an amazing jazz story **Artie Shaw** John White,2004-02-12 Artie Shaw led one of America s most accomplished big bands during the 1930s and 1940s and has sold over 100 million records An enigmatic figure Shaw frequently tired of the music business often forsaking it for extended periods This study offers a narrative account and analytical assessment of the achievements and concerns of this hugely important musician **IAJRC Journal** International Association of Jazz Record Collectors,1988 **An Autobiography of Black Jazz** Dempsey Jerome Travis,1983 **Seize the Beat** Brian Q. Torff,2023-01-16 The story of American popular music is steeped in social history race gender and class its evolution driven by ephemeral connection to young audiences From Benny Goodman to Sinatra to Elvis Presley to the Beatles pop icons age out of the art form while new musical styles pass from relevance to nostalgia within a few years At the same time perennial forms like blues jazz and folk are continually rediscovered by new audiences This book traces the development of American music from its African roots to the juke joint club and concert hall revealing a culture perpetually reinventing itself to suit the next generation **The New Grove Dictionary of Jazz** Barry Dean Kernfeld,1988 This dictionary of jazz attempts to cover every jazz style and era It contains 5000 articles including biographies of many performers information about clubs festivals and recordings Reading lists and discographies as well as music examples are also featured There are many illustrations to help convey the essence of a particular tradition or of a particular s performer s work **Bibliographic Guide to Black Studies** Schomburg Center for Research in Black Culture,1983 **Jazz Journal International** ,1981 **Cum Notis Vartorum** ,1981 **Music, Books on Music, and Sound Recordings** Library of Congress,1983 **The New Grove Dictionary of Jazz: Nightclubs-Zwingerberger** Barry Dean Kernfeld,2002 The New Grove Dictionary of Jazz second edition will be the definitive resource for any serious lover listener of jazz This 3 volume hardcover second edition builds upon the impressive foundation laid by its predecessor in 1988 to become the most comprehensive jazz reference work ever published Editor Barry Kernfeld a well known jazz authority scholar has brought together the world s leading experts in jazz ensuring the accuracy breadth depth expected from Grove s **Discoveries: Story of Jazz** Franck Bergerot,Arnaud Merlin,1993-03-15 The
