Oman Political Development In A Changing World:

Oman Carol Riphenburg, 1998-02-18 The Sultanate of Oman overlooks one of the most strategic waterways in the Middle East the Strait of Hormuz Sharing the guardianship of the Strait with Iran Oman's position is of key importance to the security of the entire Gulf which holds a large portion of the world's oil resources In a 1970 palace coup Sultan Qaboos ibn Sa'id overthrew the repressive and reclusive rule of his father and embarked on a program of modernization Oman became one of the success stories of the developing world instituting a modern educational system creating a modern infrastructure becoming an oil exporter and constructing an elaborate social welfare system Today the country faces a host of challenges Oman cannot defend itself from hostile neighbors without assistance Restructuring Omani society and the economy present even greater difficulties Moreover change must occur at a time when Islamic movements pose a significant political threat and oil income is not sufficient to meet the country's social and economic needs Professor Riphenburg has provided a survey that will be invaluable to all students and researchers of the modern Middle East *Islamic Family Law in a Changing*

World 'Abd Allāh Aḥmad Na'im, 2002-08 In *Islamic Family Law in a Changing World* Abdullahi A. An-Na'im explores the practice of the Shari'a commonly known as Islamic Family Law An-Na'im shows that the practical application of Shari'a principles is often modified by theological differences of interpretation a country's particular customary practices and state policy and law **Oman's Transformation after 1970** J.E. Peterson, 2024-06-03 Oman's 1970 coup launched a new

political and economic structure that was created by and for Sultan Qaboos The initially haphazard construction matured into a durable structure that continues under Sultan Haitham This work details the early construction of the Qabusid state in the 1970s 1980s emphasizing the interplay between personalities and the process of institutionalization The narrative continues to the present demonstrating the resilience of the Qaboosid system **Oman Reborn** Linda Pappas Funsch, 2015-12-29 The

Sultanate of Oman is one of the few good news stories to have emerged from the Middle East in recent memory This book traces the narrative of a little known and relatively stable Arab country whose history of independence legacy of interaction with diverse cultures and enlightened modern leadership have transformed it in less than fifty years from an isolated medieval style potentate to a stable dynamic and largely optimistic country At the heart of this fascinating story is Oman's sultan Qaboos bin Sa'id friend to both East and West whose unique leadership style has resulted in both domestic and foreign policy achievements during more than four decades in office Exploring Oman from a historical perspective Funsch examines how the country's unique blend of tradition and modernization has enabled it to succeed while others in the region have failed Accounts of the author's own experiences with Oman's transformation add rich layers of depth texture and personality to the narrative Social Work in the Middle East Hussein Hassan Soliman, 2013-05-29 Countries across the Middle East

face a number of social problems such as poverty unemployment housing internal immigration and caring for vulnerable groups such as children women the disabled and the elderly Providing an overview of the wide range of social issues

addressed by social work practitioners this book reveals the impact of the region's distinct historical and cultural factors traditions and customs and applications on social welfare and social work practice Examining social work education and practice across a number of countries including Egypt Palestine Jordan Saudi Arabia Lebanon Oman and Sudan this book examines and assesses the diverse nature of social work in these countries and the role of the profession in providing essential services to different client groups This in turn illustrates how social work as a profession contributes to the welfare system in the Middle East and the relationship and interaction between social work professionals and governments Further the contributors demonstrate the religious historical ideological cultural and geographical factors that influence social work practice and delivery in the region with particular attention paid to the role of Islam in guiding and shaping social welfare institutions and the practice of social services Bringing together the work of scholars from across the Middle East this book will be welcomed by students scholars and practitioners interested in the sociology politics and culture of the Middle East international social work and social welfare

Monsoon Revolution Abdel Razzaq Takriti, 2016-08-25 The Dhufar revolution in Oman 1965-1976 was the longest running major armed struggle in the history of the Arabian Peninsula Britain's last classic colonial war in the region and one of the highlights of the Cold War in the Middle East Monsoon Revolution retrieves the political social and cultural history of that remarkable process Relying upon a wide range of untapped Arab and British archival and oral sources it revises the modern history of Oman by revealing the centrality of popular movements in shaping events and outcomes The ties that bound transnational anti colonial networks are explored and Dhufar is revealed to be an ideal vantage point from which to demonstrate the centrality of South-South connections in modern Arab history

Oman, Culture and Diplomacy Jeremy Jones, 2013-03-10 This book is a cultural history offering an historical account of the formation of a distinctive Omani culture arguing that it is in this unique culture that a specific conception and practice of diplomacy has been developed

Oman's Foreign Policy Majid Al-Khalili, 2009-05-19 This is the first book in more than a decade to look systematically at the foundations and practices of Oman's foreign policy and its impact on the production and distribution of oil An expert in the history of the Sultanate of Oman Majid Al-Khalili provides new information and a fresh analysis of the lands bordering the Arabian Sea and the Gulf of Oman Beginning with an examination of the reign of Sultan Qaboos bin Said as well as the sultanate's geography and how location has influenced its history Oman's Foreign Policy Foundation and Practice analyzes Oman's foreign relations from the early 20th century until the beginning of the 21st century providing the background to recent events Following an analysis of the sultanate's renaissance in the 1970s and 1980s the book considers how Oman's foreign policy changed in the wake of the 1991 Gulf War It also examines historic power rivalries in the region as well as modern conflicts that now include Iran Iraq and Saudi Arabia The result is a comprehensive understanding of Oman's place in the Middle East and its influence upon the world's changing power structure

Hard Times in the Lands of Plenty Benjamin Smith, 2011-05-02 That natural resources can be a curse as well as a blessing is almost a truism in political analysis. In many late developing countries the resource curse theory predicts the exploitation of valuable resources will not result in stable prosperous states but rather in their opposite. Petroleum deposits for example may generate so much income that rulers will have little need to establish efficient tax extracting bureaucracies leading to shallow poorly functioning administrations that remain at the mercy of the world market for oil. Alternatively resources may be geographically concentrated thereby intensifying regional ethnic or other divisive tensions. In *Hard Times in the Land of Plenty* Benjamin Smith deciphers the paradox of the resource curse and questions its inevitability through an innovative comparison of the experiences of Iran and Indonesia. These two populous oil rich countries saw profoundly different changes in their fortunes in the period 1960-1980. Focusing on the roles of state actors and organized opposition in using oil revenues, Smith finds that the effects of oil wealth on politics and on regime durability vary according to the circumstances under which oil exports became a major part of a country's economy. The presence of natural resources is he argues a political opportunity rather than simply a structural variable. Drawing on extensive primary research in Iran and Indonesia and quantitative research on nineteen other oil rich developing countries, Smith challenges us to reconsider resource wealth in late developing countries not as a simple curse or blessing but instead as a tremendously flexible source of both political resources and potential complications.

Traditional Architecture of the Arabian Gulf R. Hawker, 2008-06-10 This book chronicles the florescence of architecture in the Arabian Gulf after the expulsion of the Portuguese in the early 1600s. It demonstrates how the power vacuum created by the collapse of Portuguese control over the trade routes in the Indian Ocean encouraged a growth in fortified architecture especially in Oman that radiated out to the surrounding region and was then slowly replaced by new patterns in domestic and public architecture and town planning throughout the Gulf as the trade lines were secured and the individual countries took the first steps towards the formation of today's modern nation states. The book documents the buildings and crafts of this era and analyses them within the framework of the political, economic and social information available through primary sources from the period in a way that is both intelligent and accessible. It considers the settlements as part of a larger connected network of cities, towns and villages and focuses both on how the buildings provided innovative solutions to the demanding climate and yet incorporated new decorative and functional ideas. Topics are extensively and richly illustrated with colored photographs of the buildings as they are now, black and white and color historic photographs from archival and museum collections, line drawings and computer generated reconstructions. The book is therefore attractive to a number of audiences including those who live in or travel to the Gulf as well as people with an interest in Arab and Islamic design, culture and society, vernacular architecture and post colonial approaches to colonial history.

The Emergence of States in a Tribal Society Uzi Rabi, 2011 Assesses the reign of Sa'id bin Taymur who was

deposed by his son Qabus bin Sa'id in a coup in July 1970. This title refutes the view that Sa'id's four-decade reign should be perceived as a place where time stood still. It looks at the economic, political, social and cultural aspects of Oman during the reign of Sa'id bin Taymur.

Historical Dictionary of the Gulf Arab States Malcolm C. Peck, 2007-12-20. The second edition of the *Historical Dictionary of the Gulf Arab States* comes at a time when the world's attention is riveted on the Middle East. The small states covered in this volume—Bahrain, Kuwait, Oman, Qatar, and the United Arab Emirates (UAE)—possess about 20 percent of the world's total oil reserves. Beyond the strategic and economic importance conferred upon them by their vast oil reserves, the Gulf Arab states are worthy of attention for the inherent interest of their history and culture. No area of the world has yielded more revealing and exciting archaeological finds in the past few decades than these states. Investigations have brought to light extensive evidence of an important culture as old as Egypt of the Pharaohs or ancient Babylon, which was virtually unknown previously except through rare references in the records of other civilizations. This expanded second edition covers the history of the five countries through a chronology broken down by country, a list of acronyms and abbreviations, an introductory essay, a bibliography, and several hundred cross-referenced dictionary entries on important persons, places, and events of each country. Everything from the Abbasids to Zubarah is covered in this essential reference on this increasingly important region of the world.

Monarchies and Nations Paul Dresch, James P. Piscatori, 2005-05-27. Despite their small populations, the Arab states of the Gulf exercise an enormous and global influence. But all too often these states are treated as if their only importance were as pawns in a global strategic board game and are simply dealt with as mere models of the intersection of oil, wealth, and power. Here Dresch and Piscatori bring together a more nuanced picture, exploring how the citizen populations of these states define themselves in a wider context. The Gulf provides extreme examples of the nexus of identities not only because these polities are so dependent on transnational flows of wealth and imagery but because at home the citizen workforce is often outnumbered by migrant labour. Examining the issues such as Gulf-owned transnational media, the role of women in the Kuwaiti state, and the way Saudi Arabia manages the yearly influx of pilgrims for the Hajj, *Monarchies and Nations* is essential reading for all those interested in the society, politics, and the future security of the Gulf.

Cultivating the Past, Living the Modern Amal Sachedina, 2021-09-15 Cultivating the Past Living the Modern explores how and why heritage has emerged as a prevalent force in building the modern nation state of Oman Amal Sachedina analyses the relations with the past that undergird the shift in Oman from an Ibadi shari Imamate 1913 1958 to a modern nation state from 1970 onwards Since its inception as a nation state material forms in the Sultanate of Oman such as old mosques and shari manuscripts restored forts national symbols such as the coffee pot or the dagger khanjar and archaeological sites have saturated the landscape becoming increasingly ubiquitous as part of a standardized public and visual memorialization of the past Oman's expanding heritage industry exemplified by the boom in museums exhibitions street montages and cultural festivals shapes a distinctly national geography and territorialized narrative But Cultivating the Past Living the Modern demonstrates there are consequences to this celebration of heritage As the national narrative conditions the way people ethically work on themselves through evoking forms of heritage it also generates anxieties and emotional sensibilities that seek to address the erasures and occlusions of the past

Religion and the State Scott A. Merriman, 2009-07-14 This timely and authoritative resource combines both topical and country by country coverage to help readers understand the coexistence of church and state in nations around the world today At a time when faith based groups have become more politically active in the United States and with religious conflicts at the epicenter of many of the world's most dangerous hotspots Religion and the State An International Analysis of Roles and Relationships could not be more welcomed or timely Country by country faith by faith it unravels the historic underpinnings and long range effects of the relationship between religious principles and the operations of government in its many guises worldwide The work combines topical essays on significant developments in the confluence of religion and law throughout the world with short descriptions of each country's current treatment of religion Readers can investigate specific nations compare situations across nations and explore key issues in the pervasive often controversial relationship between religion and government

Leadership Development in the Middle East Beverley Metcalfe, Fouad Mimouni, 2011-01-01 Leadership in the Middle East has never been as vital as it is in the wake of the global financial crisis and the Arab Spring yet there is a lack of detailed knowledge concerning strategies for developing capacity in leadership national skills and knowledge management This volume aims to address this deficit This book is the first text on the subject of leadership development in the Middle East to be published in English drawing on both English and Arabic scholarship and will contribute to the knowledge and understanding of leadership theory and practice in the global economy The volume provides in depth analysis of the social political and economic factors that shape leadership capacity building efforts and shows how leadership behaviours and practices differ from those in the West reflecting an ethic of care social responsibility and concern for developing both organization and individual capabilities as well as fostering community improvement and nation building and advancing social justice and human well being The book reveals the complexity of leadership behaviours in the region and contextualizes analyses with

broader contemporary debates including migration governance climate change and political leadership succession The book also includes original insights into the role of women in leadership in business politics and the community This unique volume will benefit international organizational behaviour development specialists international human resource development practitioners and students at undergraduate and postgraduate levels It will be invaluable to development specialists HR consultants and practitioners on assignment in the Middle East and for policy and capacity development experts in NGOs and international organizations such as the ILO UN and World Bank **Oman Under Qaboos** Calvin H. Allen, W. Lynn Rigsbee II, 2014-01-14 This is an examination of the political economic and social development of Oman from the accession Sultan Qaboos in a palace coup in 1970 to the promulgation of the basic law of 1996 The book argues that the sultanate does not follow the rentier model but the patriarchal tradition
