Raymond Wacks

Privacy Studies In Social And Cultural History:

Privacy Barrington Moore, 1984 This title was first published in 1984 Focusing on Brazil this text covers issues such as the legacy of colour social realities and diversions and assertive behaviour **Privacy** Barrington Moore, 1984 *Privacy: Studies in Social and Cultural History* Barrington Moore, Jr, 2017-07-28 This title was first published in 1984 Focusing on Brazil this text covers issues such as the legacy of colour social realities and diversions and assertive behaviour The Handbook of Privacy Studies Bart Sloop, Aviva Groot, 2025-10-01 The Handbook of Privacy Studies is the first book in the world that brings together several disciplinary perspectives on privacy such as the legal ethical medical informatics and anthropological perspective Privacy is in the news almost every day mass surveillance by intelligence agencies the use of social media data for commercial profit and political microtargeting password hacks and identity theft new data protection regimes questionable reuse of medical data and concerns about how algorithms shape the way we think and decide This book offers interdisciplinary background information about these developments and explains how to understand and properly evaluate them The book is set up for use in interdisciplinary educational programmes Each chapter provides a structured analysis of the role of privacy within that discipline its characteristics themes and debates as well as current challenges Disciplinary approaches are presented in such a way that students and researchers from every scientific background can follow the argumentation and enrich their own understanding of privacy issues Privacy is Power Carissa Veliz, 2021-04-06 An Economist Book of the Year Every minute of every day our data is harvested and exploited It is time to pull the plug on the surveillance economy Governments and hundreds of corporations are spying on you and everyone you know They re not just selling your data They re selling the power to influence you and decide for you Even when you ve explicitly asked them not to Reclaiming privacy is the only way we can regain control of our lives and our societies These governments and corporations have too much power and their power stems from us from our data Privacy is as collective as it is personal and it s time to take back control Privacy Is Power tells you how to do exactly that It calls for the end of the data economy and proposes concrete measures to bring that end about offering practical solutions both for policymakers and ordinary citizens

Privacy Raymond Wacks, 2015-03-26 Some would argue that scarcely a day passes without a new assault on our privacy In the wake of the whistle blower Edward Snowden s revelations about the extent of surveillance conducted by the security services in the United States Britain and elsewhere concerns about individual privacy have significantly increased The Internet generates risks unimagined even twenty years ago to the security and integrity of information in all its forms The manner in which information is collected stored exchanged and used has changed forever and with it the character of the threats to individual privacy The scale of accessible private data generated by the phenomenal growth of blogs social media and other contrivances of our information age pose disturbing threats to our privacy And the hunger for gossip continues to fuel sensationalist media that frequently degrade the notion of a private domain to which we reasonably lay claim In the new

edition of this Very Short Introduction Raymond Wacks looks at all aspects of privacy to include numerous recent changes and considers how this fundamental value might be reconciled with competing interests such as security and freedom of expression ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

Data Protection Law Robert Walters, Leon Trakman, Bruno Zeller, 2019-09-04 This book provides a comparison and practical guide for academics students and the business community of the current data protection laws in selected Asia Pacific countries Australia India Indonesia Japan Malaysia Singapore Thailand and the European Union The book shows how over the past three decades the range of economic political and social activities that have moved to the internet has increased significantly This technological transformation has resulted in the collection of personal data its use and storage across international boundaries at a rate that governments have been unable to keep pace The book highlights challenges and potential solutions related to data protection issues arising from cross border problems in which personal data is being considered as intellectual property within transnational contracts and in anti trust law The book also discusses the emerging challenges in protecting personal data and promoting cyber security The book provides a deeper understanding of the legal risks and frameworks associated with data protection law for local regional and global academics students businesses industries legal profession and individuals

Privacy Rights Adam D. Moore, 2010 Provides a definition and defense of individual privacy rights Applies the proposed theory to issues including privacy versus free speech drug testing and national security and public accountability Provided by publisher

Privacy and Disclosure of Hiv in interpersonal Relationships Kathryn Greene, Valerian J. Derlega, Gust A. Yep, Sandra Petronio, 2003-06-20 As the HIV epidemic enters its third decade it remains one of the most pressing health issues of our time Many aspects of the disease remain under researched and inadequate attention has been given to the implications for the relationships and daily lives of those affected by HIV Disclosing an HIV diagnosis remains a decision process fraught with difficulty and despite encouraging medical advances an HIV diagnosis creates significant anxiety and distress about one's health self identity and close relationships This book provides an overarching view of existing research on privacy and disclosure while bringing together two significant areas self disclosure as a communication process and the social relational consequences of HIV AIDS The unifying framework is communication privacy management and the focus of this volume is on private voluntary relational disclosure as opposed to forced or public disclosure Utilizing numerous interviews with HIV patients and their families the authors examine disclosure in a variety of social contexts including relationships with intimate partners families friends health workers and coworkers Of note are the examinations of predictors of willingness to disclose HIV infection the message features of disclosure and the consequences of both disclosure and non disclosure This volume with its personal exercises and sources of

additional information offers an invaluable resource for individuals living with HIV and their significant others as well as for professionals in the fields of health communication social and health psychology family therapy clinical and counseling psychology relationship research infectious disease and social service **The Oxford Handbook of Practical Ethics** Hugh LaFollette, 2005-09-15 This is a guide to contemporary thought on ethical issues in all areas of human activity personal medical sexual social political judicial and international from the natural world to the world of business The Bill of Rights in Modern America David J. Bodenhamer, James W. Ely, 2022-04-05 As the 2020s began protestors filled the streets politicians clashed over how to respond to a global pandemic and new scrutiny was placed on what rights US citizens should be afforded Newly revised and expanded to address immigration gay rights privacy rights affirmative action and more The Bill of Rights in Modern America provides clear insights into the issues currently shaping the United States Essays explore the law and history behind contentious debates over such topics as gun rights limits on the powers of law enforcement the death penalty abortion and states rights Accessible and easy to read the discerning research offered in The Bill of Rights in Modern America will help inform critical discussions for years to come **Visions of Privacy** Colin J. Bennett, Rebecca A. Grant, Colin John Bennett, 1999-01-01 Experts from Canada the United States and the United Kingdom explore five potential paths to privacy protection **The Ethics of Privacy and Surveillance** Carissa Véliz, 2024 Privacy matters because it shields us from possible abuses of power In the age of AI and the internet it is more important than ever Carissa Véliz offers a much needed philosophical account of privacy by exploring five basic questions What is privacy Where does it come from Why does it matter What should we do about it Where are we now Privacy, Intimacy, and Isolation Julie Inness, 1992-05-21 Privacy is a puzzling concept From the backyard to the bedroom everyday life gives rise to an abundance of privacy claims In the legal sphere privacy is invoked with respect to issues including abortion marriage and sexuality Yet privacy is surrounded by a mire of theoretical debate Certain philosophers argue that privacy is neither conceptually nor morally distinct from other interests while numerous legal scholars point to the apparently disparate interests involved in constitutional and tort privacy law By arguing that intimacy is the core of privacy including privacy law Inness undermines privacy skepticism providing a strong theoretical foundation for many of our everyday and legal privacy claims including the controversial constitutional right to privacy *Chinese Concepts of Privacy* Bonnie S. McDougall, Anders Hansson, 2002-09-01 Privacy is a basic concept in discussions on the concept of human rights This first book on the traditional Chinese approach to the subject shows that concepts of privacy have been part of discourse in China from the earliest recorded times to the present with varying contents mechanisms functions and values at different times and among different groups of people Individual chapters examine inscriptions on early bronzes medical case histories in the Ming and Qing dynasties fictional representations of privacy experiences discussions on public and private virtue by Liang Qichao the role or absence of privacy issues in letters in early imperial China and the function and values of privacy secrecy and

seclusion in the correspondence between Lu Xun and Xu Guangping As the first treatment of Chinese concepts of privacy in any language the book is interdisciplinary by nature and pays particular attention to the terminology and methodology of privacy studies Human Factors in Privacy Research Nina Gerber,Alina Stöver,Karola Marky,2023-09-17 This book covers topics needed to be considered in research around usable privacy The book starts from a psychological perspective and introduces readers to basic behavioral theories and models that can explain end user privacy behavior including the privacy paradox on a theoretical level Subsequently an introduction to different study methods e g experiment survey interviews co creation used in usable privacy research is given Based on this different methodological aspects such as identifying appropriate questionnaires and applying User Centered Design will be discussed Finally the book describes application areas for privacy research such as dark patterns and presents solutions for privacy protection e g regarding consent giving and PETs The book aims to bring together the different research approaches to the topic of usable privacy which often originate from computer science psychology and law and provide a methodologically sound basis for researchers who want to delve deeper into this topic This is an open access book **Women, Privacy and Modernity in Early Twentieth-Century British Writing** W. Gan,2009-01-15 Privacy is not often thought of as a marker of modernity but a look at British women s writing of the early twentieth century suggests that it should be so This book examines the female pursuit of privacy particularly of the spatial kind as women began to claim privacy as an entitlement of the modern middle class woman

Preface ;Privacy in peril ;An enduring value ;A legal right ;Privacy and freedom of expression ;Data protection ;The death of privacy? ;References ;Further reading ;Index Raymond Wacks,2015 What is privacy Why do we need it value it so much This introduction examines why privacy has become one of the most important topics in contemporary society Considering issues of privacy in relation to security the protection of personal data the paparazzi its implications are wide ranging affect us all Privacy Garret Keizer,2012-08-07 American essayist and Harper s contributing editor Garret Keizer offers a brilliant literate look at our strip searched over shared viral videoed existence Body scans at the airport candid pics on Facebook a Twitter account for your stray thoughts and a surveillance camera on every street corner today we have an audience for all of the extraordinary and banal events of our lives The threshold between privacy and exposure becomes more permeable by the minute But what happens to our private selves when we cannot escape scrutiny and to our public personas when they pass from our control In this wide ranging penetrating addition to the Big Ideas Small Books series and in his own unmistakable voice Garret Keizer considers the moral dimensions of privacy in relation to issues of social justice economic inequality and the increasing commoditization of the global marketplace Though acutely aware of the digital threat to privacy rights Keizer refuses to see privacy in purely technological terms or as an essentially legalistic value Instead he locates privacy in the human capacity for resistance and in the sustainable society with liberty and justice for all

Protecting the Genetic Self from Biometric Threats: Autonomy, Identity, and Genetic Privacy Akrivopoulou, Christina

M.,2015-02-28 Privacy is a fundamental concern of all individuals in the modern information driven society but information security goes beyond digital and data oriented approaches to include the basic components of what makes us human Protecting the Genetic Self from Biometric Threats Autonomy Identity and Genetic Privacy considers all aspects of privacy and security relating to an individual s DNA With a concentration on fundamental human rights as well as specific cases and examples this essential reference brings pertinent real world information to researchers scientists and advocates for greater security and privacy in the modern world
