The Anti-Abortion Campaign in England, 1966-1989 Olivia Dee,2019-07-26 This book comprises a history of the anti abortion campaign in England focusing on the period 1966 1989 which saw the highest concentration of anti abortion activity during the twentieth century It examines the tactics deployed by campaigners in their efforts to overturn the 1967 Abortion Act Key themes include the influence of religion on attitudes towards sexuality and pregnancy representations of women and the female body and the varied and often deeply contested attitudes towards the status of the fetus articulated by both anti abortion and pro choice advocates during the years 1966 1989

Birth Control, Sex, and Marriage in Britain 1918-1960 Kate Fisher,2006-07-13 The first half of the twentieth century witnessed a revolution in contraceptive behaviour as the large Victorian family disappeared This book offers a new perspective on the gender relations sexual attitudes and contraceptive practices that accompanied the emergence of the smaller family in modern Britain Kate Fisher draws on a range of first hand evidence including over 190 oral history interviews in which individuals born between 1900 and 1930 described their marriages and sexual relationships By using individual testimony she challenges many of the key conditions that have long been envisaged by demographic and historical scholars as necessary for any significant reduction in average family size to take place Dr Fisher demonstrates that a massive expansion in birth control took place in a society in which sexual ignorance was widespread that effective family limitation was achieved without the mass adoption of new contraceptive technologies that traditional methods such as withdrawal abstinence and abortion were often seen as preferable to modern appliances such as condoms and caps that communication between spouses was not key to the systematic adoption of contraception and above all that women were not necessarily the driving force behind the attempt to avoid pregnancy Women frequently avoided involvement in family planning decisions and practices whereas the vast majority of men in Britain from the interwar period onward viewed the regular use of birth control as a masculine duty and obligation By allowing this generation to speak for themselves Kate Fisher produces a richer understanding of the often startling social attitudes and complex conjugal dynamics that lay behind the vast changes in contraceptive behaviour and family size in the twentieth century

Religious Crisis and Civic Transformation Kimba Allie Tichenor,2016-05-03 This book offers a fresh interpretation of the connection between the West German Catholic Church and post 1950s political debates on women s reproductive rights and the protection of life in West Germany According to Tichenor Catholic women in West Germany influenced by the culture of consumption the sexual revolution Vatican II reforms and feminism sought to renegotiate their

relationship with the Church They demanded a more active role in Church ministries and challenged the Church's hierarchical and gendered view of marriage and condemnation of artificial contraception When the Church refused to compromise women left en masse In response the Church slowly stitched together a new identity for a postsecular age employing an elaborate nuptial symbolism to justify its stance on celibacy women's ordination artificial contraception abortion and reproductive technologies Additionally the Church returned to a radical interventionist agenda that embraced issue specific alliances with political parties other than the Christian parties In her conclusion Tichenor notes more recent setbacks to the German Catholic Church including disappointment with the reactionary German Pope Benedict XVI and his failure in 2010 to address over 250 allegations of sexual abuse at twenty two of Germany's twenty seven dioceses How the Church will renew itself in the twenty first century remains unclear This closely observed case study which bridges religious political legal and women's history will interest scholars and students of twentieth century European religious history modern Germany and the intersection of Catholic Church practice and women's issues Western Maternity and Medicine, 1880-1990 Janet Greenlees, Linda Bryder, 2015-10-06 The contributors to this collection look into the experiences of women in the Western world going through pregnancy and birth over the last hundred years IBSS: Political Science: 2002 Vol.51 Compiled by the British Library of Political and Economic Science, 2004-03-01 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world's most expert librarians and academics Breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included International Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French Place your standing order now for the 2002 volumes of the the IBSS Anthropology 2002 Vol 48 December 2002 234x156 0 415 32634 6 u195 00 Economics 2002 Vol 51 December 2002 234x156 0 415 32635 4 u195 0 0 Political Science 2002 Vol 51 December 2002 234x156 0 415 32636 2 u195 00 Sociology 2002 Vol 52 December 2002 234x156 0 415 32637 0 u195 00 *The Selected Papers of Margaret Sanger, Volume 4* Margaret Sanger, 2016-10-01 When Margaret Sanger returned to Europe in 1920 World War I had altered the social landscape as dramatically as it had the map of Europe Population concerns sexuality venereal disease and contraceptive use had entered public discussion and Sanger's birth control message found receptive audiences around the world This volume focuses on Sanger from her groundbreaking overseas advocacy during the interwar years through her postwar role in creating the International Planned Parenthood Federation The documents reconstruct Sanger's dramatic birth control advocacy tours

Coffin,2020-09-15 When Judith G Coffin discovered a virtually unexplored treasure trove of letters to

Simone de Beauvoir from Beauvoir s international readers it inspired Coffin to explore the intimate bond between the famed author and her reading public This correspondence at the heart of Sex Love and Letters immerses us in the tumultuous decades from the late 1940s to the 1970s from the painful aftermath of World War II to the horror and shame of French colonial brutality in Algeria and through the dilemmas and exhilarations of the early gay liberation and feminist movements The letters also provide a glimpse into the power of reading and the power of readers to seduce their favorite authors The relationship between Beauvoir and her audience proved especially long intimate and vexed Coffin traces this relationship from the publication of Beauvoir s acclaimed The Second Sex to the release of the last volume of her memoirs offering an unfamiliar perspective on one of the most magnetic and polarizing philosophers of the twentieth century Along the way we meet many of the greatest writers of Beauvoir s generation Hannah Arendt Dominique Aury author of The Story of O Fran ois Mauriac winner of the Nobel Prize and nemesis of Albert Camus Betty Friedan and of course Jean Paul Sartre bringing the

electrically charged salon experience to life Sex Love and Letters lays bare the private lives and political emotions of the letter writers and of Beauvoir herself Her readers did not simply pen fan letters but as Coffin shows engaged in a dialogue that revealed intellectual and literary life to be a joint and collaborative production This must happen to you often doesn't it wrote one That people write to you and tell you about their lives

Human Rights Struggles in Twentieth-century France

Max Likin,2022-10-07 This book provides an introduction to human rights controversies in twentieth century France from the Dreyfus Affair at the beginning of the century to the arguments over women and immigrants rights at its end Using the Ligue des Droits de l Homme LDH or the League of the Rights of Man as a narrative thread for this chronological study the book tracks the gradual expansion of human rights in France in the wake of the two world wars the Algerian quagmire and decolonisation more generally Examining the capital role of the LDH whilst also highlighting the role of individuals and key activists the book helps us to contextualise the quandaries faced by unseen minorities particularly colonial subjects and women The analysis also demonstrates the influence of French human rights

activism on key international documents of human rights law such as the Universal Declaration of Human Rights The LDH occupies a central place in French justice debates and is therefore an ideal template to analyse the rising influence of humanitarianism and crimes against humanity in French causes c l bres from the 1970s onwards However the author goes further to look beyond the LDH and even France itself offering wide ranging surveys of dominant rights issues across Europe at any given period Drawing on extensive research and interviews with key members of the LDH this book provides an accessible overview of human rights struggles in twentieth century France

Inventing the It Girl: How Elinor Glyn Created the Modern Romance and Conquered Early Hollywood Hilary A. Hallett, 2022-07-26 A Publishers Weekly Summer Reads Selection The modern romance novel is elevated to a subject of serious study in this addictively readable biography of pioneering celebrity author Elinor Glyn Unlike typical romances which end with wedding bells Elinor Glyn s 1864 1943 story really began after her marriage up the social ladder and into the English gentry class in 1892 Born in the Channel Islands Elinor Sutherland like most Victorian women aspired only to a good match But when her husband Clayton Glyn gambled their fortune away she turned to her pen and boldly challenged the era s sexually straightjacketed literary code with her notorious succes de scandale *Three Weeks* 1907 An intensely erotic tale about an unhappily married woman s sexual education of her young lover the novel got Glyn banished from high society but went on to sell millions revealing a deep yearning for a fuller account of sexual passion than permitted by the British aristocracy or the Anglo American literary establishment In elegant prose Hilary A Hallett traces Glyn s meteoric rise from a depressed society darling to a world renowned celebrity author who consorted with world leaders from St Petersburg to Cairo to New York After reporting from the trenches during World War I the author was lured by American movie producers from Paris to Los Angeles for her remarkable third act Weaving together years of deep archival research Hallett movingly conveys how Glyn more than any other individual during the Roaring Twenties crafted early Hollywood s glamorous romantic aesthetic She taught the screen s greatest leading men to make love in ways that set audiences aflame and coined the term It Girl which turned actress Clara Bow into the symbol of the first sexual revolution With *Inventing the It Girl* Hallett has done nothing less than elevate the origins of the modern romance genre to a subject of serious study In doing so she has also reclaimed the enormous influence of one of Anglo America s most significant cultural tastemakers while revealing Glyn s life to have been as sensational as any of the characters she created on the page or screen The result is a groundbreaking portrait of a courageous icon of independence who encouraged future generations to chase their desires wherever they might lead
