Rehearsal for Reconstruction Willie Lee Rose, 1998-08-01 Just seven months into the Civil War a Union fleet sailed into South Carolina's Port Royal Sound landed a ground force and then made its way upriver to Beaufort Planters and farmers fled before their attackers allowing virtually all their major possessions including ten thousand slaves to fall into Union hands *Rehearsal for Reconstruction* winner of the Allan Nevins Prize the Francis Parkman Prize and the Charles S Sydnor Prize is historian Willie Lee Rose's chronicle of change in this Sea Island region from its capture in 1861 through Reconstruction With epic sweep Rose demonstrates how Port Royal constituted a stage upon which a dress rehearsal for the South's postwar era was acted out *Rehearsal for Reconstruction* Willie Lee Nichols Rose, 2001-01-01 **Rehearsal for Reconstruction.**

The Port Royal Experiment, Etc. [With Plates.]. Willie Lee ROSE, 1964 Worthy Opponents Edward G. Longacre, 2017-08-04 *Worthy Opponents* tells the parallel stories of Confederate general Joseph E Johnston and Union general William Tecumseh Sherman Their armies clashed repeatedly so it was only natural for these two commanding officers to become adversaries Yet as the war continued Johnston and Sherman came to respect each other eventually becoming close friends Edward G Longacre masterfully investigates the entwined lives of these two celebrated generals bringing to life their personalities their military styles and their friendship in this fascinating dual biography **No Holier Spot of Ground** Kristina Dunn Johnson, 2009 The monuments of South Carolina bear on their weathered faces and cracked tablets a history of honor and of memory embodied in stone Whether revealing the lost graves of Southern sons unveiling the history of the only national cemetery to inter Confederate soldiers alongside the Union fallen during wartime or recording the simple obelisks that reach for heaven throughout the Palmetto State this volume is a story of remembrance and of mourning Kristina Dunn Johnson curator of history with the South Carolina Confederate Relic Room and Military Museum shares with us the powerful stories of memory and acceptance that are the legacy of the Confederacy as varied as those who lie beneath the Southern soil

Food and Agriculture during the Civil War R. Douglas Hurt, 2016-01-11 This book provides a perspective into the past that few students and historians of the Civil War have considered agriculture during the Civil War as a key element of power The Civil War revolutionized the agricultural labor system in the South and it had dramatic effects on farm labor in the North relating to technology Agriculture also was an element of power for both sides during the Civil War one that is often overlooked in traditional studies of the conflict R Douglas Hurt argues that Southerners viewed the agricultural productivity of their region as an element of power that would enable them to win the war while Northern farmers considered their productivity not only an economic benefit to the Union and enhancement of their personal fortunes but also an advantage that would help bring the South back into the Union This study examines the effects of the Civil War on agriculture for both the Union and the Confederacy from 1860 to 1865 emphasizing how agriculture directly related to the war effort in each region for example the efforts made to produce more food for military and civilian populations attempts to limit cotton
