Reinventing Politics Eastern Europe From Stalin To Havel:

Reinventing Politics Vladimir Tismaneanu, 2000-10-06 Reinventing Politics gives an account of East European politics from the time of Soviet domination to the 1989 90 revolutions and considers the effect of tyranny on East European culture and politics the chances for successful and harmonious development in the region and its relationship with the rest of Europe Using primary materials from Eastern European democratic movements Tismaneanu shows how dissident enclaves grassroots political groups independent unions and underground initiatives spearheaded the spontaneous outbursts of discontent that led to the nonviolent collapse of communist dictatorships In an illuminating exciting comparative analysis of the breakup of the Soviet Union's outer empire Tismaneanu identifies bureaucratic inertia renascent authoritarian tendencies and the lure of populist adventurers as key obstacles to democracy Publishers Weekly

Europe It conceptualises the interplay of internal and external factors impinging upon democracy and shows the interplay of different positive and negative types of external pressures It also evaluates the conscious Western effort to craft or engineer democracy in Eastern Europe **The handbook of political change in Eastern Europe** Frank H. Aarebrot, 2014-05-14

The 1968 Soviet invasion of Czechoslovakia brought an end to the Prague Spring and its promise of socialism with a human face Before the invasion Czech reformers had made unexpected use of television to advance political and social change In its aftermath Communist Party leaders employed the medium to achieve normalization pitching television stars against political dissidents in a televised spectacle that defined the times The Greengrocer and His TV offers a new cultural history of communism from the Prague Spring to the Velvet Revolution that reveals how state endorsed ideologies were played out on television particularly through soap opera like serials In focusing on the small screen Paulina Bren looks to the normal of normalization to the everyday experience of late communism The figure central to this book is the greengrocer who in a seminal essay by V clav Havel symbolized the ordinary citizen who acquiesced to the communist regime out of fear Bren challenges simplistic dichotomies of fearful acquiescence and courageous dissent to dramatically reconfigure what we know or think we know about everyday life under communism in the 1970s and 1980s Deftly moving between the small screen the street and the Central Committee and imaginatively drawing on a wide range of sources that include television shows TV viewers letters newspapers radio programs the underground press and the Communist Party archives Bren shows how Havel s greengrocer actually experienced normalization and the ways in which popular television serials framed this experience Now back by popular demand socialist era serials such as The Woman Behind the Counter and The Thirty Adventures of Major Zeman provide Bren contends a way of seeing literally and figuratively Czechoslovakia s normalization and Eastern Europe s real socialism **Environmental Politics in Poland** Barbara E.
