Shinings Orphan:

Thoroughbred #12 Shining's Orphan Joanna Campbell,1995-01-10 Can Cindy stay at Whitebrook Farm forever One night when Samantha McLean goes to the barn to check her horse Shining she gets a big surprise There s a girl sleeping on the hay between two orphaned foals Cindy Blake has run away from her foster home and found her way to Whitebrook Farm She loves horses and there isn t any place she d rather live Cindy begs Samantha to let her stay Cindy turns out to be a natural with horses and she develops a bond with Shining She thinks she s found the perfect home at last But when the authorities find out where she is they want to send her to another foster home Can Samantha and her friends at Whitebrook find a way to keep Cindy on the farm for good *The Orphan Scandal* Beth Baron,2014-07-09 On a sweltering June morning in 1933 a fifteen year old Muslim orphan girl refused to rise in a show of respect for her elders at her Christian missionary school in Port Said Her intransigence led to a beating and to the end of most foreign missions in Egypt and contributed to the rise of Islamist organizations Turkiyya Hasan left the Swedish Salaam Mission with scratches on her legs and a suitcase of evidence of missionary misdeeds Her story hit a nerve among Egyptians and news of the beating quickly spread through the country Suspicion of missionary schools hospitals and homes increased and a vehement anti missionary movement swept the country That missionaries had won few converts was immaterial to Egyptian observers stories such as Turkiyya s showed that the threat to Muslims and Islam was real This is a great story of unintended consequences Christian missionaries came to Egypt to convert and provide social services for children Their actions ultimately inspired the development of the Muslim Brotherhood and similar Islamist groups In *The Orphan Scandal* Beth Baron provides a new lens through which to view the rise of Islamic groups in Egypt This fresh perspective offers a starting point to uncover hidden links between Islamic activists and a broad cadre of Protestant evangelicals Exploring the historical aims of the Christian missions and the early efforts of the Muslim Brotherhood Baron shows how the Muslim Brotherhood and like minded Islamist associations developed alongside and in reaction to the influx of missionaries Patterning their organization and social welfare projects on the early success of the Christian missions the Brotherhood launched their own efforts to save children and provide for the orphaned abandoned and poor In battling for Egypt s children Islamic activists created a network of social welfare institutions and a template for social action across the country the effects of which we now know would only gain power and influence across the country in the decades to come **An Orphan in New York City** Seymour Siegel,2000-08-14 An Orphan in New York City is about survival During the Great Depression families who suffered loss of income loss of health and loss of life sought frantically for ways to survive Social Security Housing and Urban Development Public Assistance and Public Health programs available today were limited or non existent back then All extended family members helped out as much as they could When this was not enough the only choice was to break up the family Benevolent Jews had established orphanages to care for children left homeless or in poverty The largest of these orphanages was the Hebrew Orphan Asylum better known as the

HOA or The Home located between 136th to 138th Streets on Amsterdam Avenue across from the Lewisohn Stadium of the City College of New York City From 1929 to 1939 the HOA housed more than one thousand boys and girls at a time The Hebrew Orphan Asylum was referred to as a city within a city as it was basically self contained Not only where there the essentials of residential life dormitories a kitchen a dining room an infirmary a dental clinic and a laundry but also a public school 192 a synagogue and a religious school Then too there were a bakery a shoe shop a tailor shop a barber shop a clothing store a candy store a woodworking room a sewing room a photography studio and darkroom a boys scout room a band room a choir room athletic fields and playgrounds There was a Reception House the Main Building the Warner Brothers Gymnasium state of the art at that time and buildings for boilers for heating It had its own transportation system and a fire engine There were military bands and drill squads fraternities and sororities as well as baseball basketball and football teams that competed with other orphanages and the junior varsity at City College Orphans half orphans and children from broken families began their shared institutional lives at the Reception House where they were isolated for two weeks to assure they did not bring any contagious disease or illness into the institution The author was one of those with a family destroyed by alcoholism and poverty who had to leave his family at the age of nine and begin an orphan s life He writes Having seen from my top floor perch in the Reception House children who were playing on the huge field below and having listened to the marching band and watched the military drills I was looking forward to moving to the Main Building But when I finally got there I felt lost in the labyrinth of hallways and doorways and among the masses of children who were coming and going Outside in the courtyard were more than 100 children talking shouting and playing together One of my first memories there is of hearing a short rotund man suddenly shout above that babble of voices All Steeeeeeeeeeeel All Still What that meant only became clear when as I watched most of the children froze in their places and stopped talking One child did not freeze The man with the powerful voice strode over to him and slapped him so hard across the face that the child fell down In the years that I would be in the orphanage that and similar examples made me obey the All Still and always appear to be following commands rules and regulations even when I wasn t obeying What I witnessed there day after day also reinforced my hopeless and helpless feeling that there were immense forces beyond my control my father s rage my separation my placement in an institutional environment and the subsequent abuse in that environment I wept within myself and there was no adult at the institution to comfort me not the first day nor the last For his own healing Dr Siegel has written a book about his decade during the depression years in the Hebrew Orphan Asylum **Orphan's Quest** Pat Nelson Childs,2007 Rokey a poor orphan has lived his entire life sheltered within the walls of the Noble Contemplative Monastery At 17 Rokey is discovering that while his roommate Ely can think only of girls his own feelings draw him toward other boys instead When he is expelled and an unknown enemy tries to kill him Rokeys thoughts return to the riddle of his parentage *Orphan Island* Rose Macaulay,1925 In 1855 a philanthropic young person Miss Charlotte Smith was escorting forty orphans to San

Francisco when the ship was wrecked and the survivors Miss Smith the orphans a doctor and some others landed on a desert island Those sailors who had escaped deserted them the next day in the boats There they remained unvisited for some seventy years with little to disturb the monotony beyond the adventures of the Doctor who was secured in turn by Miss Smith and a shark All this is contained in chapter one The second chapter opens in 1922 at Cambridge where lived the descendants of one of the sailors who deserted a professor and his three children A document and chart coming into the professor s hands left by his dead grandfather telling the story of the marooning of Miss Smith and the orphans the professor and his family voyage out to the island and find there a thriving community and Orphan Island is chiefly concerned with the community and the relations of it to the professor and his family Amazon *The Orphan's Triumphs; Or the Story of Lily and Harry Grant.* By H. her horror it slid quickly down stairs directly toward her It did not take her long to run from the mat and dodge the fierce looking animal She turned to look and there lay the four footed beast just where she had lain What could he be and what was he doing in that house There he lay quietly Could he be asleep Pussy like she crawled toward him ready to spring if he stirred She walked round him with her back up No he wasn't asleep His eyes were wide open Was he lying in wait ready to spring at her Round and round him she walked Not an ear did he raise not a whisker did he twitch not an eyelid did he wink What a curious fellow Had he died of heart disease coming down stairs so fast Her eyes opened wider She pricked up her ears to listen Not a breath could she hear Poor fellow he must be dead She grew bolder She played with his paws and she pulled his tail She brushed by his side How queer No fat no bones She put one paw on his back two paws three paws all four paws How flat no heart no stomach no insides at all She sat down on him to think What was he Many a day she thought about him many a time she played with him many an hour she watched him But a puzzled cat she always remained The World of Horrotica
