Shop Floor Christianity:

Interpretation and Method Dvora Yanow, Peregrine Schwartz-Shea, 2015-03-04 Exceptionally clear and well written chapters provide engaging discussions of the methods of accessing generating and analyzing social science data using methods ranging from reflexive historical analysis to critical ethnography Reflecting on their own research experiences the contributors offer an inside applied perspective on how research topics evidence and methods intertwine to produce knowledge in the social sciences

The Gospel of Church Janine Giordano Drake, 2023-09-29 In *The Gospel of Church* Janine Giordano Drake traces the rivalry between organized labor and the American churches from 1880 to 1920 highlighting how the rise in labor and agricultural movements at the turn of the century ran parallel with low church attendance high circulation rates of socialist newspapers and outdoor revivalism as communities animated by a shared commitment to a Christian Commonwealth took the place of formal religion for thousands of working people Social Gospel ministers efforts to assert their authority over industrial affairs directly undermined workers efforts to bring about social democracy in the United States

Manufacturing Freedom Elena Shih, 2023-04-25 Sex worker rescue and rehabilitation programs have become a core focus of the global movement to combat human trafficking *Manufacturing Freedom* offers an ethnographic exploration of two American anti trafficking organizations that offer vocational training in jewelry production to women migrants in China and Thailand as a path out of sex work Activists brand this jewelry a slave free good and then sell it to consumers in the United States generating racialized circuits of commerce and morality centered around promises of freedom from enslavement and redemptive wages for former sex workers whom these organizations universally label as victims of trafficking Workers by contrast often contest the trafficking label and object to the moral and disciplinary processes that ensnare them in a pernicious global web of anti trafficking rescue In this novel study Elena Shih argues that these anti trafficking rescue and rehabilitation projects profit off persistent labor abuse of women workers and imagined but savvily marketed narratives of redemption thereby generating a transnational moral economy of low wage women s work that obfuscates relations of race gender national power and inequality

Christianity at the Crossroads Michael J. Kruger, 2018-03-06 Christianity in the twenty first century is a global phenomenon But in the second century its future was not at all certain Michael Kruger s introductory survey examines how Christianity took root in the second century how it battled to stay true to the vision of the apostles and how it developed in ways that would shape both the church and Western culture over the next two thousand years

The Routledge Companion to Literature and Religion Mark

Bradbury,2023 Understanding the movement to be dynamic and highly diverse this book reveals that ecclesial and political conflicts especially over Peronism and celibacy were at the heart of the construction of a liberationist Christian identity which simultaneously internalised deep tensions over its relationship to the Catholic Church It first situates the rise of a revolutionary Christian impulse in Argentina within changes in society in Catholicism and Protestantism and in Marxism in the 1930s before analysing how the phenomenon coalesced in the late sixties into a coherent social movement Finally the book examines the responses of liberationist Christians to the intense period of repression under the presidency of Isabel Per n and the rule of the military junta between 1974 and 1983 **Liquor Store Theatre** Maya Stovall,2020-10-09 For six years

Maya Stovall staged Liquor Store Theatre a conceptual art and anthropology video project included in the Whitney Biennial in 2017 in which she danced near the liquor stores in her Detroit neighborhood as a way to start conversations with her neighbors In this book of the same name Stovall uses the project as a point of departure for understanding everyday life in Detroit and the possibilities for ethnographic research art and knowledge creation Her conversations with her neighbors which touch on everything from economics aesthetics and sex to the political and economic racism that undergirds Detroit s history bring to light rarely acknowledged experiences of longtime Detroiters In these exchanges Stovall enacts an innovative form of ethnographic engagement that offers new modes of integrating the social sciences with the arts in ways that exceed what either approach can achieve alone **Liberal Christianity and Women's Global Activism** Amanda Izzo,2018-01-30

Religiously influenced social movements tend to be characterized as products of the conservative turn in Protestant and Catholic life in the latter part of the twentieth century with women s mobilizations centering on defense of the traditional family In Liberal Christianity and Women s Global Activism Amanda L Izzo argues that contrary to this view liberal wings of Christian churches have remained an instrumental presence in U S and transnational politics Women have been at the forefront of such efforts Focusing on the histories of two highly influential groups the Young Women s Christian Association of the USA an interdenominational Protestant organization and the Maryknoll Sisters a Roman Catholic religious order Izzo offers new perspectives on the contributions of these women to transnational social movements women s history and religious studies as she traces the connections between turn of the century Christian women s reform culture and liberal and

left wing religious social movements of the 1960s and 1970s Izzo suggests that shared ethical theological and institutional underpinnings can transcend denominational divides and that strategies for social change often associated with secular feminism have ties to spiritually inspired social movements Dictionary of Illustrations Adapted to Christian Teaching, Embracing Mythology, Analogies, Legends ... and Religious Anecdotes, Etc. ... Elon Foster,1873 Religion, Technology, and the Great and Little Divergences Karel Davids,2012-11-09 In Religion Technology and the Great and Little Divergences Karel Davids offers a new perspective on technological change in China and Europe before the Industrial Revolution This book makes an innovative contribution to current debates on the origins of the Great Divergence between China and Europe and the Little Divergence within Europe by analysing the relationship between the evolution of technical knowledge and religious contexts It deals with the question to what extent disparities in the evolution of technical knowledge can be explained by differences in religious environment It takes a comparative look at the relation between technology and religion in China and Europe between c 700 and 1800 from four angles visions on the uses of nature the formation of human capital the circulation of technical knowledge and technical innovation ThirdWay ,1977-11-17 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture **Civilizing the World** Sarah Miglio,2023-08-17 Civilizing the World explores the vibrancy and impact of forgotten social reformers who defied categorization within the Social Gospel or secular progressive movements These social reformers or Practical Christians functioned as a network of activists whose dedication to spiritual conversions and cultural transformation arose from a shared commitment to nonsectarian Christian cooperation and practicing Christian citizenship Bringing together a diverse coalition of liberal Protestants revivalists evangelicals and secular reformers Practical Christians rejected theological divisions in favor of broad alliances committed to improving society at home and abroad A complete understanding of the intimate relationship between local and global activism provides new insight into Practical Christians social networks political goals religious identities and international outlook This broad reform alliance considered their domestic and global reforms as seamless tasks in modernizing the world Just as Chicago Practical Christians labored to civilize their immigrant neighbors and encourage their adoption of their own Christian and American habits like minded Americans worked to Christianize and modernize Armenians and the Middle East The Practical Christian coalition faltered post World War I as evangelicals and revivalists continued to prioritize spiritual conversions while liberal Protestant and secularizing activists placed more emphasis on the process of Americanizing immigrants and the world *The Living Church* ,1954 **The Building news and engineering journal** ,1887 **Western Christian Advocate** ,1916 ThirdWay ,1987-06 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture
