Transforming Depression David H. Rosen, 2002-05-01 In this groundbreaking book David H Rosen M D offers depressed individuals their families and therapists a lifesaving course in healing the soul through creativity This is a book about transforming depression and its powerful pull toward suicide into a meaningful alternative In *Transforming Depression* Dr Rosen applies Carl Jung's method of active imagination to treating depressed and suicidal individuals Having dealt with depression in his own life and the suicides of loved ones Dr Rosen shows that when people learn to confront the rich images and symbols that emerge from their struggles they can turn their despair into a fountain of creative energy He details the paths of four patients whose work in painting pottery and dance in conjunction with psychotherapy led them from depression to a more meaningful life Their dramatic paintings illustrate the text Part One presents an overview of the biological psychological sociological and spiritual factors involved in the diagnosis of depression Part Two provides a new therapeutic approach to treating depression focusing

on the symbolic death and rebirth of the ego ego cide as an alternative to suicide Part Three presents in depth case studies from Dr Rosen s practice Part Four discusses how we can recognize crisis points and how creativity can transform depression The author pays particular attention to the problem of teen suicide Counseling Theory Richard D. Parsons,Naijian Zhang,2014-01-16 Organized around the latest CACREP standards Counseling Theory Guiding Reflective Practice by Richard D Parsons and Naijian Zhang presents theory as an essential component to both counselor identity formation and professional practice Drawing on the contributions of current practitioners the text uses both classical and cutting edge theoretical models of change as lenses for processing client information and developing case conceptualizations and intervention plans Each chapter provides a snapshot of a particular theory approach and the major thinkers associated with each theory as well as case illustrations and guided practice exercises to help readers internalize the content presented and apply it to their own development as counselors
