Parenting Siblings Without Rivalry Sandra D Coon, 2021-02 From squabbling siblings to bosom buddies Every parent s dream is within your reach Constant bickering hurtful name calling intense fighting over toys and your attention Surely this wasn t what you had in mind when you first found out you were giving your child a new sibling When you dreamed of having a family you probably imagined happy laughter peaceful playtime and generous sharing between your kids Instead what you got were frequent fights shouting matches and maybe some kicking or hair pulling No one wants to see their kids not getting along Not only is this stressful for your kids it s stressful for you as a parent too It can be an added burden to keep breaking up arguments when you could be doing more productive tasks instead There s also the worry that the constant conflicts will have lasting effects on your children s relationship even up to adulthood From resentment over a newborn baby to toddlers struggling with sharing and to unhealthy competition between your school age children each stage of childhood comes with its own set of problems And each requires their own actions and solutions If your stern reprimands and firm rules don t seem to be working it might be time to try a different approach one that doesn t focus on ending quarrels but on making your kids closer to each other In *Parenting Siblings Without Rivalry* you will discover How to equip your kids with the right skills to manage conflicts on their own so you won t have to How to prepare your children for a new arrival in the family regardless of their age so they won t feel overlooked The essential family activity you should regularly schedule to defuse any issues before they escalate Why you shouldn t treat your children equally and how to treat them instead How to handle your child s feelings of jealousy when one child needs or gets more attention than the others The nighttime routine that will build a lasting bond between siblings even if they usually can t stand each other The surefire way to end any altercation over a coveted toy without having to bribe or scold your kids Crucial mistakes you could be making that could fuel anger and resentment between your children And much more Any relationship will come with its own issues and conflicts No matter how close people are inevitably disputes will arise And when it s kids that are involved even the tiniest disagreement can

intensify into a full blown war But when your children are guided on how to respond and encouraged to communicate the outcome doesn't have to be ugly Raising kids who get along isn't easy but it's also not impossible Whether you're a blended family a family with adoptees or a family with a newborn baby increasing closeness and minimizing discord is certainly achievable And even if you've got more kids than you can handle or if you're facing the challenging task of raising troublesome twins this comprehensive guide has got you covered Your kids can grow up to be the best of friends but even if they don't they can remain friendly and supportive of one another even when they have their own families If you want your children to fight for each other rather than with each other then scroll up and click the Add to Cart button right now
