## **Matthew Arnold The Ethnologist:**

*Matthew Arnold, the Ethnologist* Frederic Everett Faverty, 1968      Matthew Arnold, the ethnologist Frédéric Everett Faverty, 1951      **Matthew Arnold the Ethnologist** Frederic E. Faverty, 2018-10-15 Matthew Arnold the Ethnologist originally published in 1951 makes the original argument that the renowned English critic Matthew Arnold contributed to the climate of racialism current during his lifetime Frederic E Faverty shows that in his essays on national character Arnold used anthropological concepts of race and language albeit inconsistently Faverty's critique of Arnold draws particular attention to the lack of a specifically cultural rather than racial analysis of the type pioneered by his contemporary Edward Burnett Tylor

Gregory Castle, 2001-05-21 In *Modernism and the Celtic Revival* Gregory Castle examines the impact of anthropology on the work of Irish Revivalists such as W B Yeats John M Synge and James Joyce Castle argues that anthropology enabled Irish Revivalists to confront and combat British imperialism even as these Irish writers remained ambivalently dependent on the cultural and political discourses they sought to undermine Castle shows how Irish Modernists employed textual and rhetorical strategies first developed in anthropology to translate reassemble and edit oral and folk cultural material In doing so he claims they confronted and undermined inherited notions of identity which Ireland often a site of ethnographic curiosity throughout the nineteenth century had been subject to Drawing on a wide range of post colonial theory this book should be of interest to scholars in Irish studies post colonial studies and Modernism

**The Celtic Revival in Shakespeare's Wake** A. Putz, 2013-05-14 This book reconsiders the Celtic Revival by examining appropriations of Shakespeare using close readings of works by Arnold Dowden Yeats and Joyce to reveal the pernicious manner in which the discourse of Anglo Irish cultural politics informed the critical paradigms that mediated the reading of Shakespeare in Ireland for a generation

**Nineteenth Century Prose**, 2016 **Mysticism, Myth and Celtic Identity** Marion Gibson, Shelley Trower, Garry Tregidga, 2013 *Mysticism Myth and Celtic Identity* explores how the mythical and mystical past informs national imaginations Building on notions of invented tradition and myths of the nation it looks at the power of narrative and fiction to shape identity with particular reference to the British and Celtic contexts The authors consider how aspects of the past are reinterpreted or reimagined in a variety of ways to give coherence to desired national groupings or groups aspiring to nationhood and its defence The coverage is unusually broad in its historical sweep dealing with work from prehistory to the contemporary with a particular emphasis on the period from the eighteenth century to the present The subject matter includes notions of ancient deities Druids Celticity the archaeological remains of pagan religions traditional folk tales racial and religious myths and ethnic politics and the different types of returns and hauntings that can recycle these ideas in culture Innovative and interdisciplinary the scholarship in *Mysticism Myth and Celtic Identity* is mainly literary but also geographical and historical and draws on religious studies politics and the social sciences Thus the collection offers a stimulatingly broad number of new viewpoints on a matter of great topical relevance national identity and the politicization of its myths

**A Literary History of England Vol. 4** A. Baugh, 2004-06-02 First published in 1959 The scope of this four volume work makes it valuable as a work of reference connecting one period with another and placing each author clearly in the setting of his time This is the fourth volume and includes the Nineteenth Century and after 1789 1939

**Culture Still Matters: Notes From the Field** Daniel Varisco, 2018-10-16 Varisco's *Culture Still Matters Notes from the Field* is on the relationship between ethnographic fieldwork and the culture concept in the ongoing debate over the future of anthropology drawing on the history of both concepts Despite being the major social science that offers a methodology and tools to understand diverse cultures worldwide scholars within and outside anthropology have attacked this field for all manner of

sins including fostering colonialism and essentializing others This book revitalizes constructive debate of this vibrant field's history methods and contributions drawing on the author's ethnographic experience in Yemen It covers complicated theoretical concepts about culture and their critiques in readable prose accessible to students and interested social scientists in other fields With forewords from Bryan S Turner and Anouar Majid     *The Cambridge Companion to W. B. Yeats* Marjorie Elizabeth Howes, Marjorie Howes, John Kelly, John S. Kelly, 2006-05-25 A comprehensive and accessible introduction to the major themes of this important poet's life and career     **Gertrude Stein and the Making of Jewish Modernism** Amy Feinstein, 2022-06-28 Challenging the assumption that modernist writer Gertrude Stein seldom integrated her Jewish identity and heritage into her work this book uncovers Stein's constant and varied writing about Jewish topics throughout her career Amy Feinstein argues that Judaism was central to Stein's ideas about modernity showing how Stein connects the modernist era to the Jewish experience Combing through Stein's scholastic writings drafting notebooks and literary works Feinstein analyzes references to Judaism that have puzzled scholars She reveals the never before discussed influence of Matthew Arnold as well as a hidden Jewish framework in Stein's epic novel *The Making of Americans* In Stein's experimental voices poems Feinstein identifies an explicitly Jewish vocabulary that expresses themes of marriage nationalism and Zionism She also shows how *Wars I Have Seen* written in Vichy France during World War II compares the experience of wartime occupation with the historic persecution of Jews Affirming the importance of Jewish identity and modernist style to Gertrude Stein's legacy as a writer this book radically changes the way we read and appreciate Stein's work     **The Arnoldian** ,1986

**Theology and the Victorian Novel** James Russell Perkin, 2009 Religious issues played a prominent role in Victorian England and had a profound influence on the culture of that period In *Theology And The Victorian Novel* J Russell Perkin shows that even the apparently secular world of the realist novel is shaped by the theological debates of its time Beginning with a wide ranging introduction that explains why a theological reading of Victorian fiction is both rewarding and timely Perkin also addresses religion's return to prominence in the twenty first century confounding earlier predictions of its imminent demise Chapters on William Thackeray Charlotte Bront Charlotte Yonge Anthony Trollope George Eliot and Thomas Hardy are followed by a concluding discussion of Mary Ward and Walter Pater that relates Pater's *Marius* the Epicurean to postmodern theology and shows how it remains a religious classic for our own time Informed by extensive knowledge of the religion and culture of the period *Theology And The Victorian Novel* significantly alters the way that the Victorian novel should be read     **Constructions of 'the Jew' in English Literature and Society** Bryan Cheyette, 1995-10-26 Combining cultural theory discourse analysis and new historicism with readings of the works of major contemporary authors this study concludes that the Jew is characterized unstereotypically as the embodiment of uncertainty within English literature and society     *Figures of Conversion* Michael Ragussis, 1995 Between the 1870s 90s considerable attention was paid to Jews and Judaism by English critics and writers Argues that the consideration of Jews by English

writers was often in the context of their efforts to describe and improve the English character. Observes that alongside English antisemitism there existed English attitudes which were in effect protective of the Jews. These included the Evangelical Revival's desire to both protect and convert the Jew, the English self-definition as both tolerant and believing in God in contrast with intolerant Spain of the Inquisition and godless France of the Revolution, and the view expressed in George Eliot's *Daniel Deronda* which was affirmative of Judaism and the quest for a Jewish national homeland. **American Anthropologist**, 1906
