how I learned one of my own mother's lessons Most people who read them will see themselves since all children go through many of the same trials and tribulations The second part of each chapter relates to a specific individual who used their mother's lessons to be successful in their chosen field Some are funny some are sad but all are about life and all true Having interviewed each of these people for the book I wish I could show the raw emotion on each person's face while relating what their mother meant to their individual success I hope everyone takes away from this book that success is not easy but everyone receives the seeds for their success from their mother
