How to Build a Small Business Using Only Natural Red Roses Dueep Jyot Singh, John Davidson, 2017-12-04 Table of Contents Introduction Starting Your Own Nursery Red Roses Planting Your Roses Food for your roses Pruning Added Ingredients in what you buy Making Traditional Rosewater the Easy Way Infused Essential Oil Starting the Infusion Process Quick Kitchen Method Infused oil rose creams and ointments Healthy Traditional Rose Jam Rose Petals to cure Stomach Ulcers Traditional Cooling Rose Sherbet Conclusion Author Bio Publisher Introduction In our book series publications you are going to get informational books about how you can manage your finances start up your small businesses and even earn from home along with other useful necessary business and financial management tips These books are not restricted to millennials only because I passed the age limit of millennials 35 more than a decade ago and you can call me belonging to generation Y Nevertheless these books are based upon my experiences and the experiences of my colleagues friends relatives acquaintances and Legion of cohorts Some of them are millennials belonging to the generation Z age group 18 to 35 some are of generation Y 36 to 60 and some belong to Generation X above 60 They can also find plenty of practical information in these books and say yes she is right the financial situation and economic conditions through which we have passed and of which generation Z does not know anything about has been a global phenomenon and we went through it can empathize and understand And that is why I decided that at least a couple of my books were going to be based on one single natural product on which you could build your own small business without lots of initial investment The place in which you would make your products based on this ingredient would be either your kitchen or in a nice small corner in your basement which is well aired well ventilated and well lighted Who knows that like Est e Lauder and like grandma Brown this would be the location for a multibillion dollar industry 20 years down the line and you would be known all over the world as the Rose Queen or the Rose King no doubt that dread appellation would have been bestowed upon you by the cynical press just waiting out there to pounce upon successful people So today we are concentrating on one product roses of which we are going to be using the plants rose petals their leaves their hips to make a large number of products These products have been in use it throughout the centuries all over the world so I had to do a little bit of research to get the original recipes for herbal healing jam made in Persia since ancient times and then spread all over the world Rosewater Made at home Along with this you are going to learn about healthy lotions and potions which are going to use Rose items as a base and other natural ingredients as carrier oils Also red roses this book is going to use just one plant red roses not being not white because these are not power enough nor do they have the healing qualities which one expects from a fresh rose or dried rose petals Remember these books are to help you start up your small businesses without investing thousands of dollars in seed funding and starting up your business initially You just need to have that product right at hand and a ready supply of red rose *The Organic Gardener's Handbook of Natural Insect and Disease Control* Barbara W.
