Prism Of Lyra:

Prism of Lyra Keith Priest, Lyssa Royal, 2011-03-01 The Prism of Lyra is an exploration of Human Galactic Heritage The Prism of Lyra is a book that examines the idea of creation in a different light In contrast to the notion that humans are the result of creation it explores the idea that the collective humanoid consciousness or soul created our universe for specific purposes What are those purposes Who is involved These questions and many more are addressed resulting in startling possibilities The Prism of Lyra then traces various off planet races Lyra Vega the Pleiades Orion Zeta Reticuli and more through their own evolution and ties them into the developing Earth Highlighted is the realization of our galactic interconnectedness and our shared desire to return home Explore with us the passage through The Prism of Lyra *The Prism of Lyra* Lyssa Royal, Keith Priest, 1989 *Prism of Lyra* Lyssa Royal, 1989-12-01 **The Golden Lake** Lyssa Royal-Holt, 2019-10-04 Beginning with the classic book The Prism of Lyra in 1989 Lyssa Royal Holt's channeling has focused on presenting profound galactic wisdom in a grounded way to assist our lives on Earth In this book the most detailed and powerful channeled teachings that have come through in recent years are presented in depth These new teachings are sourced from ancient Vega mysticism the awakening teachings brought to Earth in ancient days from both Sirius and the Pleiades called the School of the Nine Serpents After millennia of absence our Sirian and Pleiadian ancestors have now resumed their teachings to match the next phase of human evolution This book contains two threads The first thread is the awakening teachings of the Pleiades that were part of the ancient school called the Golden Lake Teachings These work with the heart and have the gentle and distinct flavor of our Pleiadian ancestors The second thread is the Sirian teachings that make up the structural foundation of the School of the Nine Serpents You don't need to believe in the reality of extraterrestrials to gain immense benefit from the wisdom in this book These teachings are consciousness centered and based on the necessary integration of body mind spirit and emotion as well as light and shadow Together the Pleiadian and Sirian teachings provide an invaluable road map for the next phase of human evolution the integration of polarity and the awakening of human consciousness beyond duality **The Prism of Aether** Evan Sawyer, 2024-12-11 The multiverse is unraveling Not with a bang but a whisper Worlds are blinking out of existence like dying embers drawn into a vortex of nothingness On the fading world of Aethel scholar Elara Hayes discovers a legend the Aether Prism a nexus of energy capable of reweaving reality But it's not a tool to be wielded it's a living entity demanding a sacrifice of essence from each surviving realm Driven by desperate hope Elara embarks on a perilous journey across fractured realities She steps through shimmering portals to Xylos a world bathed in violet light and Veridian where time itself fractures Each realm is a breathtaking testament to existence's beauty and fragility each a microcosm of the cosmic tragedy unfolding But Elara is not alone The fracturing has created echoes of herself the Council of Reflections alternate versions shaped by their unique worlds Mallory a hardened warrior sees the Prism as a weapon Devon a brilliant scientist sees an equation Iris a spiritual

leader sees a path to transcendence Their conflicting desires clash with Elara's mission threatening to unravel the very fabric of reality As Elara gathers the realms energies she witnesses worlds consumed by sentient crystals emotions erased and inhabitants trapped in endless cycles of decay These harrowing encounters strengthen her resolve but the Council's infighting escalates Mallory attempts to seize the gathered power Devon's experiments risk accelerating the collapse Iris seeks escape in a purely ethereal existence Elara's journey becomes a desperate balancing act navigating not just the dangers of the fractured multiverse but the turmoil of confronting her own fragmented self Can she unite her reflections appease the Prism and withstand the seductive pull of the Void The fate of countless realities hangs in the balance Enter the Prism of Aether

Lyssa Royal Holt,2013-04-02 The Galactic Heritage Cards were first introduced in Japan where hundreds of Lyssa s students have since used them with profound results USING THE CARDS The overall concept of the cards is to explore the journey from unity to fragmentation polarity and back to reintegration Since each of us is part of the same one consciousness this is a holographic journey that unifies us all The card system uses the holographic concept that we are experiencing both unity and separation simultaneously The components of the cards explore this journey in a variety of ways including SPECIES or STAR SYSTEM Twenty one different species or star systems are represented in the four suits or time streams of cards to symbolize

the main archetypal groups who have influenced the development of our galactic family THEME Each card has a theme or lesson that is connected to the civilization it depicts Contemplative text and deeper commentary are presented for each card to help users understand how to apply this wisdom in their current lives ARTWORK The architect of these cards the multidimensional consciousness Germane channeled through Lyssa also assisted Hong Kong artist David Cow in the channeling of the images Contemplating the artwork allows more information and energy to be transmitted that goes beyond the text for each card The art works deeply with the subconscious and adds a powerful dimension to the user's inner work with the cards In addition to the individual card art an underlying image spans all the cards when they're laid out on a grid with 18 cards per row This image represents our journey back to integration and thus each card carries an embedded energy of unity even within the uniqueness and separate journey of each card When the final card was channeled the total number was 108 a sacred number in many traditions that reflects the idea of wholeness and completion GETTING STARTED In the accompanying booklet we offer more information the text and commentary for each card and several recommended spreads to help you get started The New Age Primer Various, Robert Shapiro, Glenn Phillips, Virgil Armstrong, 1993 Welcome to the New Age It is here Now Everywhere From the way medicine treats the body mind and spirit to quantum physics and the films you see you are noticing a changing reality Whether you are a newcomer to this age or an adept you will find this overview fascinating informative and empowering It is a textbook designed to clarify concepts once considered alien to Western thinking As a guidebook to expand your reality it can change your ideas about time space matter and even who you are
