Prisoners of War Bob Moore, 2022-04-14 The Second World War between the European Axis powers and the Allies saw more than twenty million soldiers taken as prisoners of war While this total is inflated by the unconditional surrender of all German forces in Europe on 8 May 1945 it nonetheless highlights the fact that captivity was one of the most common experiences for all those in uniform even more common than frontline service Despite this and the huge literature on so many aspects of the war prisoner of war histories have remained a separate and sometimes isolated element in the wider national chronicles of the conflict constructed in the post war era Prisoners of every nationality had their own narratives of military service and captivity While it is impossible to encompass their collective histories let alone the individual experiences of all twenty million prisoners in a single volume Bob Moore uses a series of case studies to highlight the key elements involved and to introduce analyse and refine some of the major debates that have arisen in the existing historiography The study is divided into three broad sections captivity in Eastern and Western Europe during the war itself comparative studies of specific categories of prisoners and the repatriation and reintegration of prisoners after the war

The British Empire and its Italian Prisoners of War, 1940-1947 B. Moore, K. Fedorowich, 2002-03-13 During the Second World War British and Imperial forces captured more than half a million Italian soldiers sailors and airmen Although a symbol of military success these prisoners created a multitude of problems for the authorities throughout the war This book looks at how the British addressed these problems and turned liabilities into assets by using the Italians as a labour force a source of military intelligence and as a political warfare tool before their final repatriation in 1946 47

Wartime Captivity in the 20th Century Anne-Marie Pathé, Fabien Théofilakis, Helen McPhail, 2016-08-01 Long a topic of historical interest wartime captivity has over the past decade taken on new urgency as an object of study Transnational by its very nature captivity's historical significance extends far beyond the front lines ultimately inextricable from the histories of mobilization nationalism colonialism law and a host of other related subjects This wide ranging volume brings together an international selection of scholars to trace the contours of this evolving research agenda offering fascinating new perspectives on historical moments that range from the early days of the Great War to the arrival of prisoners at Guantanamo Bay

British Character and the Treatment of German Prisoners of War, 1939-48 Alan Malpass, 2020-08-19 This book examines attitudes towards German held captive in Britain drawing on original archival material including newspaper and newsreel content diaries sociological surveys and opinion polls as well as official documentation and the archives of pressure groups and protest movements Moving beyond conventional assessments of POW treatment which have focused on the

development of policy diplomatic relations and the experience of the POWs themselves this study refocuses the debate onto the attitude of the British public towards the standard of treatment of German POWs In so doing it reveals that the issue of POW treatment intersected with discussions of state power human rights gender relations civility and national character

Australia's Forgotten Soldiers in the Empire, 1939-1947 Lee Rippon, 2024-08-02 This book explores how Australia managed the prisoner of war issue throughout the Second World War and the immediate post war period It examines how the Australian government responded to the captivity of thousands of Australians in Italy and the detention of an even greater number of Italians in Australia The war it finds created a series of diplomatic and political challenges for belligerent governments including Australia The author contends that Australia's response was guided not only by other pragmatic considerations such as reciprocity the practicalities of war and importantly national interest The Australian government was not the only one to manage its prisoner of war policy in this way By exploring the Australian government's relationship with Britain as part of the British Empire this book clarifies under what circumstances and to what extent Australia sought to assert a level of independence in pursuing its national interest even when that approach did not align with British policy

Feltman, 2022-04-19 This book brings together historians from Great Britain the United States Germany France Canada Austria and Latvia who have worked and published on fraternisation between Prisoners of War and local women during either the First or Second World War providing the first comparative study of this multi faceted phenomenon in different belligerent countries By focusing on prisoners as wartime migrants and studying the nature and impact of their interactions with the local female population this book expands the existing framework on prisoner of war studies Its substantial scope and comparative approach make it an important point of reference in the growing research field of POW studies **Ian Watt** Marina MacKay, 2018-11-15 Before his masterpiece *The Rise of the Novel* made him one of the most influential post war British literary critics Ian Watt was a soldier a prisoner of war of the Japanese and a forced labourer on the notorious Burma Thailand Railway Both an intellectual biography and an intellectual history of the mid century this book reconstructs Watt's wartime world these were harrowing years of mass death deprivation and terror but also ones in which communities and institutions were improvised under the starkest of emergency conditions Ian Watt *The Novel and the Wartime* Critic argues that many of our foundational stories about the novel about the novel's origins and development and about the social moral and psychological work that the novel accomplishes can be traced to the crises of the Second World War and its aftermath
