Racial Neoliberalism, Social Forgetting, and Scientific Colonialism in Dutch Primary School History Textbooks¹

Melissa F. Weiner

Department of Sociology and Anthropology, College of the Holy Cross

Abstract

Textbooks are explicitly racial texts that offer important insights into national memories of slavery and colonialism. The Dutch have long engaged in the social forgetting of slavery even as race served as an organizing principal during centuries of colonial domination of the Dutch West Indies and Suriname. While the Dutch have recently begun to address their history of enslavement, they have yet to sufficiently address how the discursive legacies of slavery continue to impact the lives of Afro-Dutch descendants of enslaved² Africans and White Dutch in The Netherlands today. This paper uses qualitative content and discourse analytic methods to examine the depiction of slavery, The Netherlands' role in the slave trade and enslavement, and the commemoration of slavery in all Dutch primary school history textbooks published since 1980 to address questions of whether textbooks feature scientific colonialism to perpetuate The Netherlands' social forgetting of slavery in a nation that denies the existence of race even as racialized socioeconomic inequalities persist. A Eurocentric master narrative of racial Europeanization perpetuates Dutch social forgetting of slavery and scientific colonialism to both essentialize Afro-Dutch and position their nation squarely within Europe's history of enslavement even while attempting to minimize their role within it. Findings have important implications for both The Netherlands and all nations with histories of enslavement as the discourses and histories presented in textbooks impact generations of students, who shape local and national policy regarding racial minorities, racial identities, and ideologies.

INTRODUCTION

Textbooks, often a critical element of primary and secondary curriculum, play an important role in shaping how students view their nation's history and conceptions of racial groups, racial and power hierarchies (Apple and Christian-Smith, 1991; Giroux 1997; Giroux and McLaren, 1989). U.S. scholars consistently find that curriculum privileges the dominant culture by excluding minority groups and their oppression by the dominant group thereby obscuring historical roots of contemporary inequality and signaling to students which groups belong to the national community (Brown and Brown, 2010; Pinar 1993; Zimmerman 2002). Texts written from a Eurocentric

Racing Back to Slavery Henri Turner, 2003 **The Slave Race** John Hall, 2021-03-17 Joe Peters returns to Ulon A planet controlled by an empire that engineered him But despise him as they only accept blind obedience He must decide his next move as mankind is depending on his might The new Slave Race is being created while the old is dying out But Joe is yet to understand the storm ravaged world he now returns to The Legardean s have in their grasp what they ve been searching for They now only need to reach out and take the millions they need to build the new force A slave race that will secure their future for millennia to come But they now realise they have created their own possible downfall so will stop at nothing to eliminate the threat Only with help from Connor Wilson his willing companion and those around him can he hope to resist the might of the Legardean Empire

Race, Class, and Political Symbols Anita M. Waters, 2017-09-08 Dr Waters is one of a new breed of analysts for whom the interpenetration of politics culture and national development is key to a larger integration of social research Race Class and Political Symbols is a remarkably cogent examination of the uses of Rastafarian symbols and reggae music in Jamaican electoral campaigns The author describes and analyzes the way Jamaican politicians effectively employ improbable strategies for electoral success She includes interviews with reggae musicians Rastafarian leaders government and party officials and campaign managers Jamaican democracy and politics are fused to its culture hence campaign advertisements reggae songs party pamphlets and other documents are part of the larger picture of Caribbean life and letters This volume centers and comes to rest on the adoption of Rastafarian symbols in the context of Jamaica s democratic institutions which are characterized by vigorous campaigning electoral fraud and gang violence In recent national elections such violence claimed the lives of hundreds of people Significant issues are dealt with in this cultural setting race differentials among Whites Browns and Blacks the rise of anti Cubanism the Rastafarians response to the use of their symbols and the current status of Rastafarian ideological legitimacy

Charles W. Chesnutt and the Fictions of Race Dean McWilliams, 2010-07-01 Charles Chesnutt 1858 1932 was the first African American writer of fiction to win the attention and approval of America s literary establishment Looking anew at Chesnutt s public and private writings his fiction and nonfiction and his well known and recently rediscovered works Dean McWilliams explores Chesnutt s distinctive contribution to American culture how his stories and novels challenge our dominant cultural narratives particularly their underlying assumptions about race The published canon of Chesnutt s work has doubled in the last decade three novels completed but unpublished in Chesnutt s life have appeared as have scholarly editions of Chesnutt s journals his letters and his essays This book is the first to offer chapter length analyses of each of Chesnutt s six novels It also devotes three chapters to his short fiction Previous critics have read Chesnutt s nonfiction as biographical background for his fiction McWilliams is the first to analyze these nonfiction texts as complex verbal artifacts embodying many of the same tensions and ambiguities found in Chesnutt s stories and novels The book includes separate chapters on Chesnutt s journal and on his important essay

The Future American Moreover Charles W Chesnutt and the Fictions of Race approaches Chesnutt's writings from the perspective of recent literary theory To a greater extent than any previous study of Chesnutt it explores the way his texts interrogate and deconstruct the language and the intellectual constructs we use to organize reality The full effect of this new study is to show us how much more of a twentieth century writer Chesnutt is than has been previously acknowledged This accomplishment can only hasten his reemergence as one of our most important observers of race in American culture

Race Life of the Aryan Peoples Joseph Pomeroy Widney, 1907 *Luke: Slave & Physician* Katheryn Maddox Haddad, 2016-04-25 Luke is a part of the spoils of war after the famous Roman Battle of Baduhenna Wood of AD 28 With no sight of Luke's Nordic warrior father Most Excellent Theophilus knighted Roman tribune takes Luke as his slave to be trained as his scribe and private physician As Theophilus is transferred to fortresses throughout Germanica Luke sings his father's haunting song hoping to find him some day Along the way he is betrothed to the beautiful Rashah With Theophilus finally going into semi retirement in Berea Luke gains permission to climb nearby Mount Olympus to talk to the gods His anger grows hot when he realizes they are not there and may not even exist Soon after Luke goes to Troas and meets the Apostle Paul Now as a Christian and having been given his freedom he spends the next decade traveling with Paul and treating his many injuries Theophilus becomes a Christian and Luke promises to write for him an accurate accounting of Jesus' life Upon Paul's death Luke sets out to find and interview Jesus' apostles now scattered around the world Come read of Luke and what might have been At the end of the book are discussion questions for book clubs and Bible classes Progress of a Race John William Gibson, James Lawrence Nichols, William Henry Crogman, 1928 Progress of a Race Henry F. Kletzing, William Henry Crogman, 1903 **High Schools, Race, and America's Future** Lawrence Blum, 2012-09-01 In *High Schools Race and America's Future* Lawrence Blum offers a lively account of a rigorous high school course on race and racism Set in a racially ethnically and economically diverse high school the book chronicles students' engagement with one another with a rich and challenging academic curriculum and with questions that relate powerfully to their daily lives Blum, an acclaimed moral philosopher whose work focuses on issues of race, reflects with candor, insight, and humor on the challenges and surprises encountered in teaching the unexpected turns in conversation, the refreshing directness of students' questions, the aha moments and the awkward ones, and the paradoxes of his own role as a white college professor teaching in a multiracial high school classroom *High Schools Race and America's Future* provides an invaluable resource for those who want to teach students to think deeply and talk productively about race Race, Romanticism, and the Atlantic Paul Youngquist, 2016-05-23 In highlighting the crucial contributions of diasporic people to British cultural production, this important collection defamiliarizes prevailing descriptions of Romanticism as the expression of a national character or culture The contributors approach the period from the perspective of the Atlantic maritime economy, making a strong case for viewing British Romanticism as the effect of myriad economic and cultural exchanges occurring throughout a circum-

Atlantic world driven by an insatiable hunger for sugar and slaves Typically taken for granted the material contributions of slaves sailors and servants shaped Romanticism both in spite of and because of the severe conditions they experienced throughout the Atlantic world The essays range from Sierra Leone to Jamaica to Nova Scotia to the metropole examining not only the desperate circumstances of diasporic peoples but also the extraordinary force of their creativity and resistance Of particular importance is the emergence of race as a category of identity class and containment Race Romanticism and the Atlantic explores that process both economically and theoretically showing how race ensures the persistence of servitude after abolition At the same time the collection never loses sight of the extraordinary contributions diasporic peoples made to British culture during the Romantic era
