B. Jacobs

Regional Excellence Governing Together To Compete Globally And Flourish Locally:

Regional Excellence William R. Dodge, 1996 **Regional Government Innovations** Roger L. Kemp, 2003 Provides an overview of regional government discusses twenty five examples of initiatives promoting regional government and explores the evolving role of regional government agencies **Kentucky Government, Politics, and Public Policy** James C. Clinger, Michael W. Hail, 2013-11-05 The cornerstone of the American republic is an educated active and engaged citizenry however the multifaceted inner workings of government and the political forces that shape it are incredibly complex Kentucky Government Politics and Public Policy is the first book in nearly three decades to provide a comprehensive overview of the commonwealth's major governing and political institutions and the public policy issues that profoundly affect Kentuckians daily lives In this groundbreaking volume editors James C Clinger and Michael W Hail have assembled respected scholars from across the state to inform citizens about their governing institutions the consequences of their policy choices and the intricacies of the political process They provide clear and authoritative information on Kentucky's government and explain significant trends and patterns exploring the legacy of the state's political history and illuminating the contributions of influential Kentucky politicians such as Henry Clay Abraham Lincoln and Jefferson Davis The contributors also address essential topics such as the structure and function of the three branches of government the constitution and federalism and intergovernmental relations as well as administration budgeting and finance They analyze key issues in education policy economic and community development and health care in great detail explaining persistently controversial topics such as campaign finance the cost of elections ethics and the oversight of regulatory agencies From the executive branch to the legislature from the court system to political parties there is no better primer on government in the commonwealth *The Profession of City Planning* Lloyd Rodwin, 2017-09-29 In thirty four provocative and insightful chapters the nation's leading planners present a definitive assessment of fifty years of city planning and establish a benchmark for the profession for the next fifty years The book appraises what planners do and how well they do it how and why their current activities differ from past practices and how much and in what ways planners have or have not enhanced the quality of urban life and contributed to the intellectual capital of the field How have the goals values and practices of planners changed What do planners say about their roles and the problems they confront What is the relevance of their skills from design capabilities and environmental savvy to intermediate and long term perspectives and the pragmatics of implementation The contributors seeking to answer these questions include Anthony Downs Nathan Glazer Philip B Herr Judith E Innes Terry S Szold Lawrence J Vale and Sam Bass Warner Jr The Profession of City Planning contrasts with the main changes in the US over the second half of the twentieth century in city planning Sector images of the practice and effects of planning on housing transportation and the environment as well as the development of economic tools are also discussed **Governance and Opportunity in Metropolitan America** Committee on Improving the Future of U.S. Cities Through Improved Metropolitan

Area Governance, Commission on Behavioral and Social Sciences and Education, Division of Behavioral and Social Sciences and Education, National Research Council, 1999-09-24 America's cities have symbolized the nation's prosperity dynamism and innovation. Even with the trend toward suburbanization many central cities attract substantial new investment and employment. Within this profile of health however many urban areas are beset by problems of economic disparity physical deterioration and social distress. This volume addresses the condition of the city from the perspective of the larger metropolitan region. It offers important thought provoking perspectives on the structure of metropolitan level decisionmaking the disadvantages faced by cities and city residents and expanding economic opportunity to all residents in a metropolitan area. The book provides data real world examples and analyses in key areas: Distribution of metropolitan populations and what this means for city dwellers suburbanites whites and minorities. How quality of life depends on the spatial structure of a community and how problems are based on inequalities in spatial opportunity with a focus on the relationship between taxes and services. The role of the central city today the rationale for revitalizing central cities and city suburban interdependence. The book includes papers that provide in depth examinations of zoning policy in relation to patterns of suburban development regionalism in transportation and air quality the geography of economic and social opportunity social stratification in metropolitan areas and fiscal and service disparities within metropolitan areas.

Governing Metropolitan Areas David K. Hamilton, 2014-04-24 Interest and research on regionalism has soared in the last decade. Local governments in metropolitan areas and civic organizations are increasingly engaged in cooperative and collaborative public policy efforts to solve problems that stretch across urban centers and their surrounding suburbs. Yet there remains scant attention in textbooks to the issues that arise in trying to address metropolitan governance. *Governing Metropolitan Areas* describes and analyzes structure to understand the how and why of regionalism in our global age. The book covers governmental institutions and their evolution to governance but with a continual focus on institutions. David Hamilton provides the necessary comprehensive in depth description and analysis of how metropolitan areas and governments within metropolitan areas developed efforts to restructure and combine local governments and governance within the polycentric urban region. This second edition is a major revision to update the scholarship and current thinking on regional governance. While the text still provides background on the historical development and growth of urban areas and governments efforts to accommodate the growth of metropolitan areas this edition also focuses on current efforts to provide governance through cooperative and collaborative solutions. There is also now extended treatment of how regional governance outside the United States has evolved and how other countries are approaching regional governance.

Steps to Local Government Reform Allyn O. Lockner, 2013-03-29 Does the performance of your local government leave something to be desired? Maybe you're not satisfied with the services your government provides or maybe the cost for these services is far too much. If so take heart you can do something about it. *Steps to Local Government Reform* is your step by step guide to undertaking reform on the local level.

Public manager Allyn O Lockner combines years of experience in the public sector to show how you as a resident or an elected local official can work with others to successfully implement change within your community Lockner explains how to make numerous choices regarding the preparation for and the study planning marketing approval implementation and evaluation of reforms He also shows you how to share these reform results with others Using various criteria comparisons practices analyses and other studies aimed at local government performance Lockner delves into the sometimes tricky world of enacting reform He reveals how local government works and provides a map for maneuvering around bureaucratic roadblocks In addition he includes a comprehensive bibliography for research an appendix of terms commonly used in the reform process and guides to creating reform models that are likely to work With this compendium you can help resolve vital issues improve your community and live a better life

Measuring the Effectiveness of Regional Governing Systems

David K. Hamilton, 2012-10-23 Regional governance is a topical public policy issue and is receiving increased attention from scholars government officials and civic leaders As countries continue to urbanize and centralize economic functions and population in metropolitan regions the traditional governing system is not equipped to handle policy issues that spill over local government boundaries Governments have utilized four basic approaches to address the regional governing problem consolidating governments adding a regional tier creating regional special districts and functional cooperative approaches The first two are structural approaches that require major radical changes to the governing system The latter two are governance approaches that contemplate marginal changes to the existing governance structure and rely generally on cooperation with other governments and collaboration with the nongovernmental sector Canada and the United States have experimented with these basic forms of regional governance This book is a systematic analysis of these basic forms as they have been experienced by North American cities Utilizing cases from Canada and the United States the book provides an in depth analysis of the pros and cons of each approach to regional governance This research provides an additional perspective on Canadian and U S regional governance and adds to the knowledge of Canadian and United States governing systems This study contributes to the literature on the various approaches to regional governance as well as bringing together the most current literature on regional governance The author develops a framework of the values that a regional governing system should provide and measures to assess how well each basic approach achieves these values Based on this assessment he suggests an approach to regional governance for North American metropolitan areas that best achieves these values

The Federal Nation I. Morgan, P. Davies, 2008-12-08 This volume gathers contributors from both the US and UK to provide a comparative examination of federalism in the Bush era a period of huge change in national politics but also one of significant shifts in US federalism in relation to social and socioeconomic issues

The New American Suburb

Katrin B. Anacker, 2016-03-03 The majority of Americans live in suburbs and until about a decade or so ago most suburbs had been assumed to be non Hispanic White affluent and without problems However recent data have shown that there are changing

trends among U S suburbs This book provides timely analyses of current suburban issues by utilizing recently published data from the 2010 Census and American Community Survey to address key themes including suburban poverty racial and ethnic change and suburban decline suburban foreclosures and suburban policy

Handbook of Public Administration W. Bartley Hildreth, Gerald J. Miller, Jack Rabin, 2018-01-19 Since the publication of the previous edition the best selling Handbook of Public Administration enters its third edition with substantially revised updated and expanded coverage of public administration history theory and practice Edited by preeminent authorities in the field this work is unparalleled in its thorough coverage and comprehensive references This handbook examines the major areas in public administration including public budgeting and financial management human resource management decision making public law and regulation and political economy Providing a strong platform for further research and advancement in the field this book is a necessity for anyone involved in public administration policy and management This edition includes entirely new chapters on information technology and conduct of inquiry In each area of public administration there are two bibliographic treatises written from different perspectives The first examines the developments in the field The second analyzes theories concepts or ideas in the field s literature

From Chicago to L.A. Michael Dear, 2001-07-31 For most of the twentieth century the principles of the Chicago School have guided urban analysts throughout the world Los Angeles has been regarded as an exception to the rules governing the growth of American cities But just as the Chicago School emerged at a time when that city was reaching new national prominence Los Angeles is now making its impression on the minds of urbanists across the world From Chicago to L A begins the task of defining an alternative agenda for urban studies and examines the case for shifting the focus of urban studies from Chicago to Los Angeles The authors experienced scholars from a variety of

disciplines examine The concepts that have blocked our understanding of Southern California cities The imaginative structures that people have been using to understand and explain Los Angeles The utility of the Los Angeles School of urbanism

Local Government at the Millenium Janice Caulfield, Helge O. Larsen, 2013-04-17 This volume with contributions by internationally renowned authors provides a comparative survey of problems in local politics and administration in Europe Australasia and North America

City-County Consolidation and Its Alternatives: Reshaping the Local Government Landscape J.B. Carr, Richard C. Feiock, 2016-07-08 City county consolidation builds upon the Progressive tradition of favoring structural reform of local governments This volume looks at some important issues confronting contemporary efforts to consolidate governments and develops a theoretical approach to understanding both the motivations for pursuing consolidation and the way the rules guiding the process shape the outcome Individual chapters consider the push for city county consolidation and the current context in which such decisions are debated along with several alternatives to city county consolidation The transaction costs of city county consolidation are compared against the costs of municipal annexation inter local agreements and the use of special district governments to achieve the desired consolidation of services The final chapters compare competing perspectives for and against consolidation and put together some of the pieces of an explanatory theory of local government consolidation

Strategy and Partnership in Cities and Regions NA NA, 2016-04-30 Policy makers in Pittsburgh Birmingham and Rotterdam are confronted with rapidly changing social and economic environments Public and private sector organizations in the three cities are increasingly addressing regional issues strategically and are joining together in partnerships to promote competitiveness and economic growth This book covers the complexities of modern governance under such circumstances the diversity and patterning of public private partnerships and networks and the changing economic development strategies of city governments and organizations

Strategy and Partnership in Cities and Regions B. Jacobs, 2015-12-22 Policy makers in Pittsburgh Birmingham and Rotterdam are confronted with rapidly changing social and economic environments Public and private sector organizations in the three cities are increasingly addressing regional issues strategically and joining together in partnerships to promote competitiveness and economic growth Local communities are linking to regional economies as companies restructure and strategy makers recognise the benefits of urban regeneration as an important condition for economic prosperity The book covers the complexities of modern governance under such circumstances the diversity and patterning of public private partnerships and networks and the changing economic development strategies of city governments and regional and local organizations

Discovering American Regionalism David Miller, Jen Nelles, 2018-07-17 Regions are difficult to govern coordinating policies across local jurisdictional boundaries in the absence of a formal regional government gives rise to enormous challenges Yet some degree of coordination is almost always essential for local governments to effectively fulfill their responsibilities to their citizens State and local governments have over time awkwardly and with much experimenting

developed common approaches to regional governance In this revolutionary new book authors David Miller and Jen Nelles offer a new way to conceptualize those common approaches Regional Intergovernmental Organizations RIGOs that bring together local governments to coordinate policies across jurisdictional boundaries RIGOs are not governments themselves but as Miller and Nelles demonstrate they do have a measure of political authority that allows them to quietly and sometimes almost invisibly work to further regional interests and mitigate cross boundary irritations Providing a new conceptual framework for understanding how regional decision making has emerged in the U S this book will provoke a new and rich era of discussion about American regionalism in theory and practice Discovering American Regionalism will be a future classic in the study of intergovernmental relations regionalism and cross boundary collaboration **Suburban Sprawl** Matthew J. Lindstrom, Hugh Bartling, 2003 This book provides a comprehensive multi disciplinary analysis of suburban sprawl development and smart growth alternatives within the contexts of culture ecology and politics It offers a mix of theoretical inquiry historical analysis policy critique and case studies In addition each chapter is coupled with featured interviews with leading activists and policymakers working on sprawl issues Visit our website for sample chapters **Managing Local Government** Kimberly L. Nelson, Carl W. Stenberg, 2017-08-04 Managing Local Government An Essential Guide for Municipal and County Managers offers a practical introduction to the changing structure forms and functions of local governments Taking a metropolitan management perspective authors Kimberly Nelson and Carl W Stenberg explain U S local government within historical context and provide strategies for effective local government management and problem solving Real life scenarios and contemporary issues illustrate the organization and networks of local governments the roles responsibilities and relationships of city and county managers and the dynamics of the intergovernmental system Case studies and discussion questions in each chapter encourage critical analysis of the challenges of collaborative governance Unlike other books on the market this text s combined approach of theory and practice encourages students to enter municipal and county management careers and equips them with tools to be successful from day one
