REINVENTING ANARCHY.
WHAT ARE ANARCHISTS
THINKING THESE DAYS?

12
5-Billy

This anthology brings together the work of living anarchists, writing on contemporary issues and ideas, and offers what is probably the best single statement of the principles of social anarchism yet produced. All the articles except one were written within the last ten years, and many of them are here published for the first time. Among the topics covered are the state of anarchist organization, the anarchist-feminist connection, and the problems of reinventing anarchist tactics. As part of the editors' goal of representing current anarchist thinking, the anthology contains reprints of contemporary posters, leaflets and graphics, as well as the poetry of anarchist writers.
