Hayes, Georg Northoff, Andrew J. Greenshaw, 2016-05-18 Affective brain circuits underpin our moods and emotions Appetitive and aversive stimuli from our exteroceptive and interoceptive worlds play a key role in the activity of these circuits but we still do not know precisely how to characterize these so called reward related and aversion related systems Moreover we do we yet understand how they interact anatomically or functionally The aim of the current project was to gather some translational evidence to help clarify the role of such circuits A multi dimensional problem in its own right the book contains 14 works from authors exploring these questions at many levels from the cellular to the cognitive behavioural and from both experimental and conceptual viewpoints The editorial which introduces the book provides brief summaries of each perspective Hayes Northoff Greenshaw 2015 While questions of how to accurately define affect and emotion related concepts at the psychological level are far from answered here we have attempted to provide some insight into the brain based underpinnings of such processes The near future will undoubtedly involve making new inroads and will require the joint efforts of behavioural brain based and philosophical perspectives to do so *Embrace the Dance of Life: Finding Harmony and Abundance in a Chaotic World* Pasquale De Marco, 2025-05-18 In a world often characterized by struggle and adversity this transformative book offers a refreshing perspective inviting readers to embrace life s journey with grace and gratitude Through a blend of ancient wisdom and modern psychology readers are guided on a path of self discovery and transformation learning to let go of fear and anxiety and to cultivate inner peace and fulfillment With gentle guidance and practical tools readers will discover the power of mindfulness self compassion and forgiveness nurturing a deep connection with their true selves They will learn to navigate the complexities of relationships building bridges of understanding and connection with those around them and to find meaning and purpose in all that they do This book delves into the profound teachings of ancient wisdom and modern psychology offering readers a roadmap for personal growth and transformation It empowers readers to cultivate a peaceful mind quieting the incessant chatter of the ego and embracing the stillness within Through the practice of meditation and mindfulness readers will find moments of tranquility and clarity connecting with their inner wisdom and intuition With warmth and compassion this book guides readers on a journey of self discovery helping them to uncover their unique gifts and talents and to align their actions with their deepest values and passions It inspires readers to leave a positive impact on the world around them living a life of purpose and fulfillment Throughout this transformative journey readers will learn to let go of attachments and expectations finding freedom and liberation in the present moment They will learn to dance with life embracing its challenges and triumphs with an open heart and to find joy in the journey itself This book is an invitation to embrace the beauty and wonder

of existence to live a life of grace and flow and to find harmony and abundance in a chaotic world It is a powerful reminder that life is not meant to be a struggle but a joyous dance and that within each of us lies the power to transform our lives and to create a world of peace love and compassion If you like this book write a review on google books
