*Known Writing in Siamese: The Inscription of Phra Ram Khamhæng of Sukhothai* Cornelius Beach Bradley, 2020-12-08 In *The Oldest Known Writing in Siamese The Inscription of Phra Ram Khamhæng of Sukhothai* Cornelius Beach Bradley delves into the rich historical tapestry of Thailand through the lens of its most ancient written text. This meticulously researched work blends meticulous philological analysis with a broader examination of Siamese history and culture, situating the inscription within the socio-political landscape of the Sukhothai era. Bradley's scholarly approach elucidates not only the linguistic nuances of the inscription but also its significance in understanding the evolution of written Thai and the cultural identity of the region. Cornelius Beach Bradley, a prominent figure in the academic exploration of Southeast Asian studies, was motivated by a profound interest in the intersection of language history and culture. Drawing on his background in linguistics and anthropology, Bradley sought to illuminate the underappreciated significance of early Thai inscriptions, positioning them as crucial artifacts in the understanding of Thailand's historical narrative and identity. His passion for the region and its languages fueled the extensive fieldwork and archival research that underpin this work. This book is highly recommended for scholars, historians, and linguists alike, offering invaluable insights into ancient Thai civilization while serving as a cornerstone for further studies in Southeast Asian history. It invites readers to appreciate the intricate relationship between language and culture, providing a deeper understanding of how the past shapes contemporary identities.

**Relic Quest** Robert Cornuke, 2005 Cornuke is a modern day adventurer searching for clues and evidence of the stories that are recorded in the Bible. **In the Shadow of Ram** Namratha Mogaral, This book argues that the inscription found in the now extinct Babri masjid should be named as Visnu hare instead of Visnu hari, since this title does not refer to any god but to the three Gahadavala rajas who had it made. It also challenges that the Sanskrit phrase janma bhumi which sparked the Ram debate around the inscription means birth place, suggesting that in this language jan means folk rather than referring to Ayodhya as land of folk. The Gahadavala temple there had been renovated from an earlier Chola temple at the spot. It was dedicated to goddess Sri Sundara Amman, the Telugu Jaina goddess of beauty, art, and devadasi cult. Further, it proposes that the Gahadavala kings during the time of the inscription, circa 10th century CE, had become intermarried for three generations into the Ghaznavid and Suri Shahi families who ruled Samarkhand and the Sindh provinces and formed an international elite. The Babri masjid dedicated to Sambu Shankara and a whole series of masjid temple complexes at Kashi, Mathura, Prabhasa, and elsewhere were the outcome of these interfaith marriages. During the time of the Gahadavala heir Vallabha, who took the title Prithviraj Chauhan Karpura, and who had married none other than Padmavati, the princess of Sri Lanka, the temples must have become extinct due to Bhakti age sectarian politics on the Hindu side, as all these temples had been dedicated to devadasi practice.
