Ships Of Song A Parable Of Ascension:

Ships of Song STANLEY. WALSH, Patricia Walsh-Haluska, Stanley Walsh-Haluska, 1999 An epic adventure Ships of Song A Parable of Ascension explores the holographic nature of humanity integrating science religion philosophy and fantasy into a cinematic view of human existence It reveals the intricate tapestry of a loving universe which orchestrates the delicate dance of oneness with All That Is offering hope for a brighter future and the realization that we are not alone in the universe The setting for the Ships of Song is deep within the North Carolina mountains at a date in the not too distant future The earth has been experiencing violent environmental changes creating a fragile ecosystem and the collapse of the country s infrastructure Elizabeth the main character is overwhelmed by their lack of food and the pending winter She struggles between hope and despair wondering what will become of herself her husband John and the hundred fifty refugees who have gathered in their once tranquil valley The story occurs in a single day with Elizabeth feeling she is called to witness the rising sun from the pinnacle high above the community During her vigil she is unaware that she is whisked away between heartbeats to a place beyond time and space She thought walks and witnesses the moment of creation the exploration of the universe the inhabitation of Earth their entrapment in consciousness and the long evolutionary process back to humanity s origins which culminate that night in the evening sky Her day which began in the fitful sleep of one unable to resolve their life emerges into a day interspersed with a sense of mystery magic and hope Review In this visionary novel the human mind has embedded memories of its evolution from a hybrid race of earth dwellers and extraterrestrials Tracing the lives of John and Elizabeth a couple who feel compelled to leave the city to live in the hills the authors introduce the reader to the possibility that we do have celestial guardians guiding us through our lives Through ten thousand years of humanity s growth and achievements Michael Miriam and many others hover silently and invisibly above our planet in great ships observing the ebb and flow of our spiritual unfolding Once in a while a human remembers vaguely the sentinels above perhaps in a dream or while staring into a fire And to help people remember the Ships of Song emanate the great Om into the atmosphere Occasionally Ship dwellers are sent into the world of humans as humans themselves One comes to John and Elizabeth for a single hour as their child Rebecca who has drawn them together in the first place as a part of a grand pattern As the novel reaches its crescendo and then gently draws to a bittersweet close the reader is left wanting a sequel Nicely done TJE New Age Retailer

they write In a series of groundbreaking new classifications beginning with the bread and butter diction of the Plain Dealers and ending on the capacious generosity of the Exploded Lyric it examines the broad range of contemporary tendencies from the baroque swagger of the Dandies to the restrained elegance of the Oxford Elegists from the layered haunting verse of Mythopoesis to the inventive explorations of the New Formalists By probing the cultural context from which these groups emerge and shifting the critical focus back to the work itself Sampson s astute analysis illuminates and demystifies each of these terms and asks the big questions about what makes a poem The result is a celebration of poetry as a connected responsive and above all communitarian form Lively engaging and inviting this is the indispensable and authoritative guide for anyone who s ever wondered what s going on in British poetry today
