Shrader, 2003-06-12 In The

Muslim Croat Civil War in Central Bosnia 1992 1994 Charles R Shrader offers the first full scale military history of a crucial conflict in Bosnia between two former allies When the Bosnian Serbs and their Serbian allies attacked Bosnia Herzegovina in March 1992 the Bosnian Croats and Muslims collaborated to defend themselves As Serbian pressure increased and it became clear that the West would not intervene the two allies began to stake out their own claims Drawing on testimony and exhibits from cases presented before the International Criminal Tribunal for the former Yugoslavia Shrader describes the organization and tactical doctrine of the Croatian Defense Forces and the Muslim led Army of Bosnia Herzegovina He analyzes the strengths and weaknesses of the two sides in such fields as communications training and logistics He assesses not only the problems of command and control in the newly formed armies but also the impact of criminal activity the mujahedeen and the intervention of peacekeeping forces What looked to many like aggression by the Bosnian Croats Shrader views as the adoption of an active defense a doctrine embraced by U S forces against a predatory Muslim force He believes UN and European observers rushed to judgment regarding the aggressive intent of the Croatian command Far from being the attackers Shrader concludes the Bosnian Croats in Central Bosnia were clearly outnumbered outgunned and on the defensive Surrounded by superior Muslim forces they barely held out in their enclaves in the Lasva Valley until a cease fire was achieved in February 1994 Although Shrader s work is a detailed meticulous analysis by a neutral expert not everyone will find his conclusions comfortable But every serious student of the conflict in Bosnia will have to take his history into account Enhanced by maps useful appendices and a glossary this should become the standard work on military operations in Central Bosnia and a useful case study of internal warfare and ethnic conflict

dialogue and ongoing feedback between research knowledge dissemination and policy *A Legal Geography of Yugoslavia's Disintegration* Ana S. Trbovich, 2008-02-05 *A Legal Geography of Yugoslavia's Disintegration* explains the violent break up of the former Yugoslavia in early 1990s in the context of two legal principles sovereignty and the self determination of peoples. The author recounts Yugoslavia's history with a focus on the country's internal administrative divisions and aspirations of different ethnic groups in order to effectively explain the genesis of the international community's political decision to recognize the right of secession for the largest administrative units of Yugoslavia. Trbovich, a Serbian author writing from the perspective of a disengaged scholar, tackles her subject matter with clarity and detail and offers an intriguing analysis of Kosovo's future status, international recognition of secession, implications of Yugoslavia's disintegration for other conflicts, invoking right to self determination and international intervention in ethnic conflicts.
