Siberia And The Soviet Far East Unmasking The Myths:

Siberia and the Soviet Far East Abraham Resnick, 2000 Today there remain relatively few areas of the planet Earth where man rarely takes a step casts an eye or disturbs the natural environment but most of Siberia is like that For the time being but not for long Siberia according to some accounts originally meant sleeping land A glance eastward toward the giant land mass beyond the Ural Mountains of Northern Asia will quickly convince you that a new day is dawning there You can see that Siberia is stirring Its slumber is ending The land is awakening There is movement Siberia has been overlooked for much too long Now it is time to look over Siberia Stalin's Slave Ships Martin J. Bollinger, 2003-09-30 Between 1932 and 1953 a fleet of ordinary cargo ships was pressed into extraordinary service The fleet's task was to relocate approximately one million forced laborers to the Soviet Gulag in Kolyma located along the Arctic Circle in far northeastern Siberia The Kolyma Gulag the most infamous in the Soviet Union was accessible only by sea and the fleet became the lifeblood of the entire operation As one of the largest seaborne movements of people in history this transport took a devastating toll on human lives Bollinger presents the often horrific stories of the Gulag fleet and its passengers and reveals the unwitting role of the United States government in the operation U S shipyards built most of the Gulag fleet and the U S government sold many of the ships used in the transport directly to an agent of the Soviet Union The United States also overhauled and repaired many ships in the Gulag fleet free of charge at the midpoint of their Gulag careers In some cases free ships provided to the Soviet Union under the Lend Lease military assistance program were diverted into Gulag transport duties How much did Washington know about the deadly duty of these ships How many prisoners made the voyage How many never made it out alive Bollinger details this tragic tale using firsthand testimony from those involved in the operation and materials from both American and Russian archives Young Adult Reader's Adviser Marion Sader, 1992-01-30 The best in literature and language arts mathematics and computer science Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 *Stadtgeschichten - Beiträge zur Kulturgeschichte osteuropäischer Städte von Prag bis Baku* Benjamin Conrad, Lisa Bicknell, 2016-04-15 25 Jahre Mauerfall und zehn Jahre EU Osterweiterung diese politisch bedeutsamen Ereignisse haben auch die historische Osteuropaforschung grundlegend verändert Wie sehr die Beiträger_innen des Bandes infolgedessen durch die Etablierung der Historischen Kulturwissenschaften die Öffnung vorher verschlossener Archive und nicht zuletzt vorher ungekannter Reisefreiheiten profitiert haben zeigen ihre Stadtgeschichten Auf der Basis kulturhistorischer Fragestellungen etwa zur Musealisierung und Monumentalisierung zur Repräsentativität oder zur Multikulturalität im osteuropäischen urbanen Raum geben sie Einblicke in die Geschichte von Metropolen wie Prag Baku Moskau oder St Petersburg und regionalen Zentren wie Lemberg oder Irkutsk

Le Théâtre en Pologne ,1986 Between Heaven and Hell G. Diment,Y. Slezkine,2016-04-30 Siberia has no history of independent political existence no claim to a separate ethnic identity and no clear borders Yet it could be said that the elusive country behind the Urals is the most real and the most durable part of the Russian landscape For centuries Siberia has been represented as Russia s alter ego as the heavenly or infernal antithesis to the perceived complexity or shallowness of Russian life It has been both the frightening heart of darkness and a fabulous land of plenty the House of the Dead and the realm of utter freedom a frozen wasteland and a colourful frontier a dumping ground for Russia s rejects and the last refuge of its lost innocence The contributors to *Between Heaven and Hell* examine the origin nature and implications of these images from historical literary geographical anthropological and linguistic perspectives They create a striking fascinating picture of this enormous and mysterious land **The Far Eastern Republic of Siberia** Henry Kittredge Norton,1923

The antiquities of Siberia and the Soviet Far East Владимир Епифанович Ларичев,1987 **Russia's Frozen Frontier** Alan Wood,2011-05-15 Alan Wood s ambitious work is the first to address the whole span both chronologically and thematically of the development of Siberia and its role in both the Russian and the global context With a scope that reaches from Muscovy s conquest of Siberia in the 16th and 17th centuries to modern times it explores the effects of colonial exploitation the Revolutions of 1917 and developments during the Soviet period Russia s Frozen Frontier is also the first book to detail the history of Siberia from the view of Siberians themselves both Russian and native rather than seen through the lens of Moscow or St Petersburg Siberia and the Soviet Far East David N Collins,1991 *The Far Eastern Republic of Siberia* Henry Kittredge Norton,1981
