Looking Into Mind How To Recognize Who You Are And How You Know:

Looking Into Mind Anthony Damiani, 1990 Looking into mind is an invitation to discover and explore one's own mind from two standpoints From the practical side it shows how to use meditation as a means to experience the mind directly free of any images From the intellectual side its compelling readily accessible analysis of the nature of everyday experience suggests that the world we know is thought into existence by the same creative mental power that thinks our I Anthony Damiani presents this combined approach as the most direct way to intimate knowledge of one's own soul the surest route to reliable spiritual independence This book is an edited transcription of an illuminating series of discussions between Anthony Damiani and a group of sincere spiritual seekers during a ten day intensive dialogue in Sweden Drawing upon an unusually broad philosophic background fifty years of experience with meditation fifteen years of teaching students with vastly different psychological and religious orientations and a remarkable selection of writings from Paul Brunton's notebooks Mr Damiani spiced these discussions with sparkling vitality refreshing humor and a wealth of practical information about the day to day struggle for full human maturity Anthony Damiani founded the Wisdom's Goldenrod Center for Philosophic studies in 1972 and taught there regularly until his death in 1984 The creative originality of his methods and spiritual vision earned high praise from academics and practitioners alike including His Holiness the XIV Dalai Lama of Tibet These conversations have been prepared for publication by his wife and students Publisher's description *Time Will Tell* Julio C Arroyo, 2022-05-07 *Time Will Tell* combines various literary styles including prose poetry and storytelling An action adventure novella set in 2006 depicts diverse and colorful characters who are related in different ways and live through thrilling and extraordinary personal experiences Poems and chapters alternate The standout characters are Luigi a mid thirties gemologist with a penchant for uninvited trouble and Nanette a teenager who readily welcomes it Differing concepts and measures of time add depth and texture throughout the text Accounts of past and present historical and scientific events are revisited and serve as background motifs for the protagonists How well can one distinguish fact from fiction *Time Will Tell* challenges those still wondering Elements of humor and satire are present throughout The style is amusingly thought provoking *Time Will Tell* offers a trans generational viewpoint of pertinent and time honored controversial topics **John's Song of Life** Jerome P. Vanora, 2008-06-17 Framed as a philosophical dialogue between teacher and student centered on a question of supreme interest to all thinking persons whether man's soul or essence is immortal the work is an attempt to reach a conclusion by integrating into a coherent whole various diverse influences in the life of the author Inspired by various sources Eastern and Western and many years of personal soul searching the dialogue reflects an optimism in the face of pain or loss that is the result of the author's lifelong passion for philosophy When it was first suggested to the author that a brief introduction to John's Song of Life might be helpful to the reader his initial reaction was that the dialogue should speak for itself After some reflection however he came to the conclusion that a few words about his background and how this work

came to be written might be of interest to at least some of his readers The effort to philosophically bridge the gap between East and West made herein is the result of the author's attempt after many years of study and reflection to assimilate and integrate into a coherent whole if possible differing influences in his life and specifically to summarize a personal faith which is both religious and philosophic Born and raised a Catholic in New York the author readily acknowledges his debt of gratitude for the invaluable education religious and secular he received at the parochial schools he attended over the course of twelve years Then after starting college over forty five years ago he was introduced one fateful day by a friend to Samuel Weiser's bookstore at 845 Broadway in New York There he discovered a veritable treasure house of countless gems of Eastern wisdom One of the staff was especially helpful and introduced him to the works of Paul Brunton an Englishman who became an authority on Yoga and India's higher philosophy In a short while the author who had theretofore read only Western philosophy in school became a serious student of Eastern philosophy and in the process a pretty good customer of the bookstore Eventually one of the proprietors was instrumental in the author's acquisition of some of Paul Brunton's letters from a dealer in California The author never became a professional philosopher He went from college to law school and thereafter chose a legal career with the State of New York He did remain a student of Eastern philosophic thought And was fortunate enough over the years to have enjoyed many peaceful weekends of quiet reflection at St Ignatius Retreat House in Manhasset New York It is in this vein that he offers his own reflections for whatever they may be worth to other seekers after truth What is it really that we seek One author John Levy aptly says that the words ultimate reality refer to a hunger which concepts even creeds entirely fail to meet a hunger that is innate in every enquiring person Can this hunger ever be satisfied That ancient classic of Eastern wisdom the Ashtavakra Gita repeatedly enjoins us to be happy This command implies that man's innate hunger and heartfelt longing for the Ultimate can be completely satisfied notwithstanding the failure of finite human intellect to comprehend It But does Western wisdom agree Happily the answer is yes The Judeo Christian tradition includes the beautiful Book of Psalms where we find the famous injunction Be still and know that I am God Psalms 46 10 Clearly these words indicate that knowledge of God awaits the man or woman who can find the stillness behind the ever moving mind But in our hectic society can such stillness ever be found What is Yoga if not a discipline to achieve such an end That such a discipline has existed in the West as well as the East though under a different label is clear from the English mystical classic The Cloud of Unknowing The author in examining life as Socrates urged is an optimist at heart In the dialogue which
