

TEACHING YOUR DOG TO WALK POLITELY ON LEASH

PART ONE: Start in a small, boring space. Go at your dog's pace.

The most important step in teaching your dog to walk politely on leash is showing your dog where you want him to be while he is on leash.

To make things easier for your dog, start practicing in a small, boring space. This improves the odds that your dog will stay close to you.

PRACTICE WITH NO DOG

Practice clicking and feeding a treat at your pant seam, at the level of your dog's head.

PRACTICE WITH DOG

Practice holding the leash at your bellybutton as you click and feed.

1

Click and treat rapidly a few times in the correct position.

2

Move slightly out of heel position and wait for your dog to move closer to you.

3

As soon as your dog moves even the tiniest step closer to you, click and feed at the "ideal" head position.

4

Repeat until your dog moves into heel position every time you move out of it.

5

Gradually take more and more steps between clicks and treats. If your dog gets confused, go back to just one step and then increase the number of steps more slowly to help him understand.

6

Then start changing direction and speed.

7

Next, move to a larger or more interesting space, and start over from **STEP 1**. When your dog can handle **STEP 6** in the new space, move to another new space, starting over from **STEP 1** again.
