## **Magic Of Opera:**

The Magic of Opera. [Mit Illustr. U. Noten.] (1. Publ. in Great Britain.)- London: Hale (1975). X, 371 S. 8° John Merrill Knapp,1975      **The Magic of Opera** J. Merrill Knapp,1975      *In Search of Opera* Carolyn Abbate,2014-12-25 In her new book Carolyn Abbate considers the nature of operatic performance and the acoustic images of performance present in operas from Monteverdi to Ravel Paying tribute to music's realization by musicians and singers she argues that operatic works are indelibly bound to the contingency of live singing playing and staging She seeks a middle ground between operas as abstractions and performance as the phenomenon that brings opera into being Weaving between opera's facts of life and a series of works including *The Magic Flute* *Parsifal* and *Pell* as Abbate explores a spectrum of attitudes towards musical performance which range from euphoric visions of singers as creators to uncanny images of musicians as lifeless objects that have been resuscitated by scripts In doing so she touches upon several critical issues the Wagner problem coloratura virtuosity and their critics the implications of disembodied voice in opera and film mechanical music the mortality of musical sound and opera's predilection for scenes positing mysterious unheard music An intersection between transcendence and intense physical grounding she asserts is a quintessential element of the genre one source of the rapture that operas and their singers can engender in listeners In *In Search of Opera* mediates between an experience of opera that can be passionate and intuitive and an intellectual engagement with opera as a complicated aesthetic phenomenon Marrying philosophical speculation to historical detail Abbate contemplates a central dilemma the ineffability of music and the diverse means by which a fugitive art is best expressed in words All serious devotees of opera will want to read this imaginative book by a music critical virtuoso      A Season of Opera M. Owen Lee,1998-01-01 Father Lee is internationally known for his commentaries on opera This book gathers his best commentaries and articles on 23 works for the musical stage from the pioneering *Orpheus* of Monteverdi to the forward looking *Ariadne* of Richard Strauss      **The Magic of the Opera** Mary Ellis Peltz,2003-01-01      **The Cambridge Companion to The Magic Flute** Jessica Waldoff,2023-11-02 Since its premiere in 1791 *The Magic Flute* has been staged continuously and remains to this day Mozart's most performed opera worldwide This comprehensive user friendly up to date critical guide considers the opera in a variety of contexts to provide a fresh look at a work that has continued to fascinate audiences from Mozart's time to ours It serves both as an introduction for those encountering the opera for the first time and as a treasury of recent scholarship for those who know it very well Containing twenty one essays by leading scholars and drawing on recent research and commentary this Companion presents original insights on music dialogue and spectacle and offers a range of new perspectives on key issues including the opera's representation of exoticism race and gender Organized in four sections historical context musical analysis critical approaches and reception it provides an essential framework for understanding *The Magic Flute* and its extraordinary afterlife      *Magic Flutes and Enchanted Forests* David J. Buch,2009-08-01 Drawing on hundreds of operas singspiels ballets and plays with

supernatural themes Magic Flutes and Enchanted Forests argues that the tension between fantasy and Enlightenment era rationality shaped some of the most important works of eighteenth century musical theater and profoundly influenced how audiences and critics responded to them David J Buch reveals that despite and perhaps even because of their fundamental irrationality fantastic and exotic themes acquired extraordinary force and popularity during the period pervading theatrical works with music in the French German and Italian mainstream Considering prominent compositions by Gluck Rameau and Haydn as well as many seminal contributions by lesser known artists Buch locates the origins of these magical elements in such historical sources as ancient mythology European fairy tales the Arabian Nights and the occult He concludes with a brilliant excavation of the supernatural roots of Mozart's The Magic Flute and Don Giovanni building a new foundation for our understanding of the magical themes that proliferated in Mozart's wake

**The Oxford Illustrated History of Opera** Roger Parker, 2001 A historical survey of opera from its beginnings in Florence 400 years ago up to opera in the 1990s

**The Magic Flute** Tjeu van den Berk, 2022-06-13 This volume demonstrates for the first time that Mozart's opera Die Zauberflöte is an enactment of the alchemical opus magnum in the form of a chemical wedding Towards the end of the 18th century alchemy was still a prominent mystical current within the Order of Freemasons of which Mozart and his librettists were members The central part focuses on the opera's alchemical structure whereas the historical and mythological backgrounds are also dealt with extensively The book comes with 3 CDs offering a rendition of the integral opera in contrast to the common practice of leaving out major parts of the libretto The Magic Flute is a fascinating journey of discovery an initiation into Initiation With complete original libretto and over 100 pictures

**Volume 16, Tome II: Kierkegaard's Literary Figures and Motifs** Ms Katalin Nun, Dr Jon Stewart, 2015-01-28 While Kierkegaard is perhaps known best as a religious thinker and philosopher there is an unmistakable literary element in his writings He often explains complex concepts and ideas by using literary figures and motifs that he could assume his readers would have some familiarity with This dimension of his thought has served to make his writings far more popular than those of other philosophers and theologians but at the same time it has made their interpretation more complex The present volume is dedicated to the treatment of the variety of literary figures and motifs he used

**Magic** Albert Allis

Hopkins,1901      **The Magic Wand and Magical Review** ,1921      *The Musical World* ,1858      **Religio Duplex** Jan Assmann,2014-02-18 In this important new book the distinguished Egyptologist Jan Assmann provides a masterful overview of a crucial theme in the religious history of the West that of religio duplex or dual religion He begins by returning to the theology of the Ancient Egyptians who set out to present their culture as divided between the popular and the elite By examining their beliefs he argues we can distinguish the two faces of ancient religions more generally the outer face that of the official religion and the inner face encompassing the mysterious nature of religious experience Assmann explains that the Early Modern period witnessed the birth of the idea of dual religion with on the one hand the religion of reason and on the other that of revelation This concept gained new significance in the Enlightenment when the dual structure of religion was transposed onto the individual This meant that man now owed his allegiance not only to his native religion but also to a universal religion of mankind In fact argues Assmann religion can now only hold a place in our globalized world in this way as a religion that understands itself as one among many and has learned to see itself through the eyes of the other This bold and wide ranging book will be essential reading for historians theologians and anyone interested in the nature of religion and its role in the shaping of the modern world      [The Cambridge History of Nineteenth-Century Music](#) Jim Samson,2001-12-03 First published in 2002 this comprehensive overview of music in the nineteenth century draws on extensive scholarship in the field      *Mozart and His Operas* David Cairns,2006 A noted music critic weaves a brilliantly engaging narrative which puts Mozart s operas in the context of his life showing how they illuminate his creativity as a whole      [The New Shudder](#) Christian Kämpf,2024-09-16 It is a new shudder but not an old fear Jean Paul s sentence contains an aesthetic of the fantastic in nuce It is based not least on the philosophy of Friedrich Heinrich Jacobi and aims at the essence of Romanticism In addition to works by Mozart Beethoven Schumann and Wagner the Romantic magic opera by Spohr Weber and Marschner are placed in the centre of interest against this background as well as the music aesthetic discourse accompanying them which was led by Tieck Hoffmann and Horn A B Marx Brendel and Pohl are analysed Contrary to the tradition of musicological research which if not taboo at least trivialised the fantastic K mpf arrives at a new understanding of musical Romanticism according to which it does not lose its affiliation with modernity and its impact on the present because of the fantastic but only gains it

### **Magic Of Opera Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Magic Of Opera has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Magic Of Opera has opened up a world of possibilities. Downloading Magic Of Opera provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This

convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Magic Of Opera has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Magic Of Opera. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Magic Of Opera. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Magic Of Opera, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Magic Of Opera has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
