 Harper's Family Library ,1832 **Gods, Spirits, and Worship in the Greco-Roman World and Early Christianity** Craig A. Evans,Adam Z. Wright,2022-02-24 Greco Roman religions and superstitions and early Christianity s engagement with them are explored in 12 unique studies The beliefs and fears with regard to demons or daimons their origins and threatening behavior are examined both in their pagan and Judaeo Christian contexts These new studies look at the Greco Roman heroic gods how they faced death and how James and John the sons of Thunder may well have been viewed in some circles as the equivalent of the sons of Zeus Castor and Pollux The contributors also explore Roman omens especially as they

relate to Rome's legendary founder Romulus and what light they shed on the omens that accompany the birth and death of Jesus of Nazareth Particular focus is placed upon Paul binding spells women and hymns of exaltation along with atheism in late antiquity with special consideration of the charlatan Alexander Finally there is a re-visitation of the confusion misinformation and legends surrounding the discovery of the Qumran caves including fear of jinn This book provides invaluable resources for precisely how early Christians interacted with different ideas and traditions around gods and spirits both benevolent and malevolent in the Greco-Roman world **A Dictionary of the Bible** William Smith, 1863

Ephesians and Artemis Michael Immendorfer, 2017-06-12 In this study Michael Immendorfer examines the relationship between the New Testament letter to the Ephesians and the ancient city of Ephesus which had the great Artemis as its goddess He seeks to make a contribution to the discussion on the extent to which conclusions can be drawn concerning the local historical explanation of New Testament epistles by viewing the latter through the lens of Greco-Roman cultic practices Thus the contents of Ephesians are compared with the abundantly available archaeological and epigraphical sources of the Asia Minor metropolis This endeavour reveals that the letter contains numerous unequivocal references to the cult of Artemis a nexus suggesting that the author was very familiar with the historical background of ancient Ephesus and contextualised his letter accordingly for the intended readers who lived in this particular cultic environment **The History of Magic** Éliphas Lévi, 2023-07-10 In *The History of Magic* Lévi masterfully weaves an intricate tapestry of the arcane tracing the evolution of magical practices from ancient civilizations to the modern era His literary style is both erudite and evocative embodying the Romantic spirit while firmly grounding his discussions in historical context Lévi delves into the philosophical underpinnings of magic examining its intersections with religion science and the esoteric traditions of the West thus inviting readers to explore the relationship between knowledge and mystical experience Lévi a pivotal figure in the 19th century occult revival was shaped by a profound interest in the interplay of mysticism and reason His experiences and studies in various religious philosophical and magical traditions inspired him to document the evolution of magical thought reflecting the intellectual currents of his time Lévi's background in literature and his engagements with influential thinkers cultivated his unique perspective that redefined the public understanding of magic as a symbolic and transformative practice Readers who seek to deepen their understanding of magic's rich history and its philosophical implications will find *The History of Magic* an invaluable resource Lévi's comprehensive approach not only enriches contemporary discussions of the occult but also challenges the modern reader to reconsider the enduring power of magical thought in both historical and personal contexts
