**Elemental Magic** Mercedes Lackey, 2012-12-04 Among Mercedes Lackey's many novels few are as critically acclaimed and beloved as those about the Elemental Masters The novels in this series are loosely based on classic fairy tales and take place in a fantasy version of turn of the century London where magic is real and Elemental Masters control the powers of

Fire Water Air and Earth Now other authors join Mercedes Lackey to add their own special touches to this delightful alternate history in a world where magic is always just around the corner *Steadfast* Mercedes Lackey, 2025-09-23 The eighth novel in Mercedes Lackey's magical Elemental Masters series reimagines the fairy tale The Steadfast Tin Soldier in a richly detailed alternate Victorian England Katie Langford had been part of her family's acrobatic troupe working in a small traveling circus until a terrible fire killed her parents Years later still with the circus but stuck in an abusive marriage Katie fled from her increasingly dangerous husband to Brighton As a seaside resort town Brighton's music halls meant no circus needed to visit It was as safe a place as she could find Lionel Hawkins was a professional magician who had a permanent job at the Palace Music Hall in Brighton His shows never failed to enchant the ever changing crowds for his magic was more than just tricks Lionel was an Air Magician and he wasn't the only one at the Palace who had magical abilities Jack Prescott the Palace doorman who had lost a leg in the Boer Wars had preternatural awareness of all flame which had saved the Palace from burning on more than one occasion When Katie answered the Palace's call for a new assistant with stage experience it seemed like all her problems were solved But it soon became clear that Katie was a Fire Magician like Jack and that something had blocked Katie's access to her own abilities a dangerous situation for everyone around her Fire the most volatile of all the elements was a power that could easily turn deadly when fueled by strong emotion And Lionel and Jack could tell that Katie was hiding something Something that frightened her Something that could set their whole world ablaze if they couldn't help her master her Element in time Technē Gerald Hiestand, Todd A. Wilson, 2022-11-18 Christians have an increasingly complex and often conflicted relationship with technology As Genesis 1 succinctly and profoundly declares God created humanity in his image and as part of that vocation we are called to make something of the world Technology is one of the most important and powerful ways that human beings exercise this dominion But while technology can extend our humanity in powerful and exciting ways many of us feel that it can compromise or fracture our humanity at its core As a result questions quickly emerge What does it mean to be human How does our creation in the image of God affect the way we use design and understand technology Should our general posture toward technology be cautious or optimistic This collection of scholarly and pastoral essays drawn from the 2019 annual theology conference of the Center for Pastoral Theologians offers substantive Christian reflection on a wide range of issues pertinent to a distinctly Christian vision of technology today and in the future Book Crush Nancy Pearl, 2009-09-29 Do you remember your first book crush You know the first time a book completely captured your imagination transported you to a magical place or introduced you to a lifelong friend you will never forget In Book Crush popular librarian and reading enthusiast Nancy Pearl reminds us why we fell for reading in the first place how completely consuming and life changing a good book can be Pearl offers more than 1 000 crush worthy books organized into over 100 recommended reading lists aimed at youngest middle grade and teen readers From picture books to chapter books YA fiction and nonfiction Pearl has developed more smart and interesting thematic lists of
