Maine Real Estate Principles And Practices:

Maine Real Estate Elaine Richer, 2007-05 Using a clear concise writing style Elaine Richer presents step by step explanations with examples to enable you to confidently prepare to become a real estate agent in Maine This new edition has been completely updated to reflect the newest legislation passed July 2006 to fully prepare you with the appropriate material guidance and practice to become a successful real estate practitioner after passing the real estate licensing exam Coverage of the new rules concerning the creation of agency qualifications for the associate real estate broker and transaction broker has been added along with updates to various contracts and agreements You ll also appreciate the practical study features throughout helping you understand and retain relevant information **Maine Real Estate** Ralph A. Palmer, David A. Hagen, Elaine Richer, 1991-08-01 **Maine Real Estate** Ralph A. Palmer, Elaine Richer, 1994 *Doing the Right Thing* Deborah H. Long, 1995 *Doing the Right Thing* is designed to help readers recognize and resolve the different ethical problems and issues they will encounter in daily practice as real estate professionals As they work through the various real life case studies and provocative discussion questions they will become aware of their personal values and principles formulate a personal code of ethics become more aware of laws and regulations and develop and implement a rational model for ethical decision making *Pennsylvania Real Estate* Ralph A. Palmer, Kenneth M. Lusht, 1996 Easy to understand practical and concise this text is the single volume source for Pennsylvania specific information for students taking the pre license real estate course Step by step explanations of presented concepts make learning real estate principles easy for all users Study features such as end of chapter summary points and review questions further assist the exam preparation process *Ohio Real Estate Law* Carol K. Irvin, James D. Irvin, 1993 *Life and Motion of Socio-Economic Units* Andrew Frank, Jonathan Raper, J. P. Cheylan, 2003-09-02 One of the ongoing problems researchers in geography and GIS have is studying data that is inherently spatial over a long period of time One of the main hurdles they have to overcome is the study of groups of people classified by their socio economic status one of the main means for governments companies and research organisations to group together segments of the population The amount of data collected by governments business and research organisations has increased markedly in recent years Geographic Information Systems have been more widely used than ever before for the storage and analysis of this information Most GIS can handle this information spatially rather than temporally and have difficulty with the management of socio economic time series which relate to spatial units Accordingly this book covers the issues ranging from the formal model to differentiate aspects of spatio temporal data through philosophical and fundamental reconsideration of time and space to the development of practical solutions to the problem This book draws together an interdisciplinary group of scientists in the field of geography computing surveying and philosophy It presents the definitive sourcebook on temporal GIS as applied to socio economic units **Subject Guide to Books in Print** , 1996 **Real Estate Law Locator** , 1988 Real Estate Specialization Economic Analysis
