Critical Perspectives on Early Childhood Education Lois Weis, Philip G. Altbach, Hugh G. Petrie, Gail P. Kelly, 1991-01-01 This book explores key policy issues related to early childhood education. Through the contributions of various professionals in the field, the editors provide a vision, practical and possible, of early childhood education in the 1990s. Part I delves into the complex world, both personal and professional, of the classroom teacher. The essays in Part II look at issues of the school community, including the roles of class, race, gender, and exceptionality. Finally, Part III examines the relationship between schools and the community at large and how complex issues find their way into social and economic policies that often stifle rather than support the democratic vision of American schools. Taken as a whole, the volume presents a stimulating discussion of the current state of early childhood education policy and practice.

Cooperative Learning in the Early Childhood Classroom Harvey Charles Foyle, Lawrence Lyman, Sandra Alexander Thies, 1991 In this book, the methodology of cooperative learning, defined as the teaching strategy that involves children's participation in small group learning activities that promote positive interaction, is applied to early childhood education. The book contains the following chapters: 1. A Rationale for Cooperative Learning with Young Children which covers appropriate learning environments, the role of cooperative learning, and the role of the teacher; 2. Group Building for Cooperation including discussions of the need for group building, elements of group building activities, group evaluation, whole class and paired group building activities, and resources for group builders; 3. Nurturing Self Esteem which includes discussions of safety and security, success in school tasks, the identification of areas of personal strength and interest, group acceptance, and contributions to class success; 4. Social Skills and Cooperative Interaction including discussions of cooperative interaction and children with special needs; 5. Communicating Effectively which covers unfinished stories, oral language development, following directions, sharing, teams, sharing team starters, thinking out loud together, and manipulatives; 6. Cooperation and Play including discussions of the teacher's role, benefits of cooperative learning, and cooperative play, dramatic play, songs, and fingerplays, and resources for teachers; and 7.
