My Own Story Read Alones:

By Touch Alone Vanessa Warne, Vanessa Kay Warne, 2025-07-16 *By Touch Alone* demonstrates how reading by touch not only changed the lives of nineteenth century blind people but also challenged longstanding perceptions about blindness and reading. Over the course of the nineteenth century thousands of blind people learned how to read by touch. Using fiction, essays, letters, and speeches authored by blind readers, *By Touch Alone* traces the ways in which literacy changed blind people's experiences of education, leisure, spirituality, and social engagement. Analyzing records of activism and innovation as well as frustration, this study documents the development of an inkless book culture shaped by blind readers' preferences and needs. While *By Touch Alone* features the writing and ideas of an understudied community of nineteenth century blind authors, innovators, and activists, it also engages the work of sighted authors such as George Eliot and Rudyard Kipling to explore the culture-wide effects of reading by touch. The emergence of a new category of readers who did not rely on sight to read prompted sighted people to reimagine blindness and adopt more progressive attitudes toward blind people. In our own era, one characterized by the increasing digitization of our reading lives, Vanessa Warne's exploration positions scholars and blind readers to navigate present-day developments and shape the future of their reading lives. A carefully contextualized study of how reading by touch shaped Victorian culture, *By Touch Alone* adds new chapters to the history of disability and reading.

Starting Over Judith Newton, 2012-10-16 For more than a decade, Judith Newton has been at the forefront of defining and promoting materialist feminist criticism. *Starting Over* brings together a selection of her essays that chart the establishment of feminist literary criticism in the academy and its relation to other forms of cultural criticism, including Marxist, post-Marxist, new historicist, and cultural materialist approaches, as well as cultural studies. The essays in *Starting Over* have functioned as exemplars of interdisciplinary thinking, mapping out the ways in which reading strategies and the constructions of history, culture, identity, change, and agency in various materialist theories overlap, and the ways in which feminist materialist work both draws upon, revises, and complicates the vision of nonfeminist materialist critiques. They are shaped by an awareness that public knowledge is always informed by the so-called private realm of familial and sexual relations, and that cultural criticism must bring together investigations of daily behaviors, economic and social relations, and the dynamics of race, class, gender, and sexual struggle. *Starting Over* is a brilliant synthesis of literature, history, anthropology, the many influential trends in contemporary theory, and the politics of feminism.

Writing Alone and with Others Pat Schneider, 2003-08-28 In *Writing Alone and with Others*, Schneider's acclaimed methods are available in a single, well-organized, and highly readable volume. The first part of the book guides the reader through the perils of the solitary writing life: fear, writer's block, and the bad habits of the internal critic. In the second section, Schneider describes the Amherst Writers and Artists workshop method, widely used across the U.S. and abroad. With more than a hundred writing exercises on ways to jumpstart the blocked and stretch the rut-stuck.
