My Play Along My Day:

Play On Mick Fleetwood, 2014-10-30 After forty six years of being on the road now is the right time to look back in a way I've never done before now and then I'm looking forward to sharing it with you Mick Fleetwood has been part of one of the world's most successful and adored bands for over four decades Here he tells the full and candid story of that life and what it is to be part of the ever evolving Fleetwood Mac His all access autobiography spans the career of one of classic rock's greatest drummers and band leaders the co founder of the deeply loved super group that bears his name In this intimate portrait of a life lived in music Fleetwood vividly recalls his upbringing in Cornwall Egypt and Norway tapping along to whatever song was playing on the radio his experiences as a musician in Sixties London the early days of the band featuring Peter Green and his close friendship with George Harrison and seemingly all of music royalty Play On sheds new light on Fleetwood Mac's raucous history describing the highs and lows of being part of a band that he often single handedly kept together His love affair with Stevie Nicks the creation of landmark albums like Rumours and Tusk and the many incredible and outrageous moments of recording touring fighting and loving with Fleetwood Mac all are here He describes his life's moments with the honesty and immediacy that his fans expect taking us to the very heart of this multi layered life It's been a tumultuous journey with the excesses of the band's huge success at times threatening to destroy what they strived so hard to create But through it all it's been the drive to play on that has won out Now then and always it's Fleetwood Mac This IS
