My Quest for the Middle Ages Jacques Le Goff, 2019-08-05 In this fascinating book which takes the form of a series of edited interviews with noted journalist Jean Maurice de Montremy Jacques Le Goff offers us a synthesis of his work In the course of these conversations he explains how he came to write his books and how an overall view of the civilisation of the Middle Ages gradually emerged a civilisation which shaped western culture both for better and for worse Each conversation touches upon one of the major themes of his work and the book as a whole presents the reader with a fascinating attempt to recover define and understand the Middle Ages

Medievalism and the Quest for the Real Middle Ages Clare A. Simmons, 2013-01-11 Medievalism the later reception of the Middle Ages has been used by many writers not just during the Victorian period but from the Renaissance to the present as a means of commenting on their own societies and systems of values Until recently this self interest was used to distinguish between Medievalism a selective often romanticised view of the past and medieval studies with its quest for an authentic Middle Ages The essays in this collection suggest that the search for knowledge of a real Middle Ages has always been a problematic one and that the vitality of the vision of Medievalism is demonstrated by its constant adaption to current concerns

Stasis in the Medieval West? Michael D.J. Bintley, Martin Locker, Victoria Symons, Mary Wellesley, 2017-05-16 This volume questions the extent to which Medieval studies has emphasized the period as one of change and development through reexamining aspects of the medieval world that remained static The Medieval period is popularly thought of as a dark age before the flowerings of the Renaissance ushered a return to the wisdom of the Classical era However the reality familiar to scholars and students of the Middle Ages that this was a time of immense transition and transformation is well known This book approaches the theme of stasis in broad terms with chapters covering the full temporal range from Late Antiquity to the later Middle Ages Contributors to this collection seek to establish what remained static continuous or ongoing in the Medieval era and how the period's political and cultural upheavals generated stasis in the form of deadlock nostalgia and the preservation of ancient traditions

Songbook Marisa

Galvez,2020-03-04 How medieval songbooks were composed in collaboration with the community and across languages and societies Eloquent clearly argued Times Literary Supplement Today we usually think of a book of poems as composed by a poet rather than assembled or adapted by a network of poets and readers But the earliest European vernacular poetries challenge these assumptions Medieval songbooks remind us how lyric poetry was once communally produced and received a collaboration of artists performers live audiences and readers stretching across languages and societies The only comparative study of its kind Songbook treats what poetry was before the emergence of the modern category poetry that is how vernacular songbooks of the thirteenth to fifteenth centuries shaped our modern understanding of poetry by establishing expectations of what is a poem what is a poet and what is lyric poetry itself Marisa Galvez analyzes the seminal songbooks representing the vernacular traditions of Occitan Middle High German and Castilian and tracks the process by which the songbook emerged from the original performance contexts of oral publication into a medium for preservation and finally into an established literary object Galvez reveals that songbooks in ways that resonate with our modern practice of curated archives and playlists contain lyric music images and other nonlyric texts selected and ordered to reflect the local values and preferences of their readers At a time when medievalists are reassessing the historical foundations of their field and especially the national literary canons established in the nineteenth century a new examination of the songbook s role in several vernacular traditions is more relevant than ever **Robert Curthose, Duke of Normandy** William M. Aird,2011

The acclaimed biography of the eldest son of William the Conqueror whose failure to secure the kingdom of England has overshadowed his role in capturing Jerusalem during the First Crusade This detailed biography offers a reappraisal of the career of Robert Curthose William the Conqueror s eldest son and duke of Normandy from 1087 to 1106 locating the duke s career in the social cultural and political context of the period Robert s relationship with members of his family shaped the political landscape of England and Normandy for much of the late eleventh and early twelfth centuries indeed even after his incarceration from 1106 to 1134 his son William Clito d 1128 continued the fight against Robert s brother Henry I Twice driven into exile Robert defeated his father in battle and eventually succeeded to the duchy of Normandy although the throne of England was seized by William Rufus and then Henry I For twenty years Robert successfully defended Normandy developing policies to counter the vastly superior English resources at the disposal of his brothers Robert s leading role in the success of the First Crusade 1095-99 also made him one of the most famous warriors of his age He returned to Western Europe in 1100 a chivalric hero with a reputation that stretched from Scotland to Palestine This book returns Robert Curthose to centre stage in the bloody drama of this period a drama so often dominated by accounts from a royal and English perspective Dr William M Aird is Lecturer in History School of History Classics and Archaeology University of Edinburgh

Trials of the Diaspora Anthony Julius,2012-02-09 The first ever comprehensive history of anti-Semitism in England from medieval murder and expulsion through to contemporary forms of anti-Zionism in the 21st century **Discussing Borders,**

Escaping Traps Franck Orban, Elin Strand Larsen, 2019-11-18 We live in strange times Old borders are vanishing just before our astonished eyes while new ones are rapidly emerging Nearly three decades after the publication of Francis Fukuyama's *The End of History and the Last Man* the zeitgeist that predicted a bright future for mankind to a large extent turned out to be rather more of a dystopia Crises in and outside Europe multiplied the number of border controls triggered the construction of walls and fences and widened ideological gaps The book *Discussing Borders Escaping Traps* is a transdisciplinary and transspatial approach to investigating these vanishing emerging and changing material and immaterial borders It is the result of a two year project by AreaS a research group in area studies located at stfold University College in Norway and by AreaS partners
