Schull and Cambridge mixing regionalism with an international sense of responsibility. What will strike the reader are the detailed observations of daily life, the engagement with topography and flora and fauna that embody the author's conviction that all is in everything and that every leaf of grass is vital. In his most intimate prose work to date, Kinsella never shies from writing about the violence and intolerance of those scared of difference and the ways in which his ethics have sometimes been met with disdain or outright hostility. But with nuance and humour, he also celebrates rural community and its willingness to lend a hand. At once tender, urgent and intelligent, *Displaced* is ultimately a call to personal action. We all have choices to make. It argues through its vivid accounts of small acts of living for the values of pacifism, veganism, environmentalism and justice for First Nations peoples, the principles we just might need to heal our world. Kinsella's work is magnificent, raw, the words coming together in form and shape to evoke the essence of the moment in time he is creating. *Blue Wolf Reviews*. Kinsella can see into the heart of the country and the evidence of these taut, complex stories is that what he sees there is both ferocious and unresolved. *The Australian*.
