My Secret Place:

The Dwelling Antoinette Kingsley, 2014-05-12 The Dwelling place of God is a place where every believer should yearn and long for each waking day because God will lead you on the journey of love like you have never experienced before That s why his throne room is a place of abiding intimately with him holding back nothing because God is longing for a relationship with his children

Of Course You May Indulge Yourself... NOZIBUSISO, 2013-04-30 The poems carry the weight of a million poems I wrote from my heart To readers of my writing I hope that the poems take you to places that I have journeyed and beyond Places where no man would rather go places where everyone wish that they may get the opportunity to go These are places in our lives wherein we have lost loved ones places wherein we have celebrated and been celebrated Allow yourself to be taken on a journey of discovery a journey of finding your inner peace a journey that allows you to lay everything bare and not feel ashamed This book is meant to allow people to realise that we are more than we think or know we are There are times when we are going to surprise our lives by the revelation of our capabilities This book touches a little bit on who we think we are who we become and how we become And for those who are their own best friends this book is for you It is going to make you laugh and cry all at the same time It attempts to answer silly and funny questions most of us have but never ask There is no greater joy than writing because there you write what you feel and how you feel Writing is liberating it sets you free from your own cage it allows you to talk in written words thereby releasing whatever you need to in a written format it simply serves as therapy I dont know whether it is me but writing is also a way of exhaling writing gives me the freedom to let my mind go wild When I am writing I dont have to worry much about what I see but writing is more about what goes on in the inside of a person When you want to know about a person let them write about themselves as opposed to letting them say it In writing the emotions are there for an indefinite period no one change them Therefore the poems in the book all reflect a certain season in my life These are seasons of love joy peace loss despair gratitude change encouragement and other seasons I am unable to explain The poem which one is stronger questions what most people question after they have been through a certain storm in their lives Most people have been through pain and it is important how they overcame the storm I remember when I had tuberculosis I told my mother that I wonder what is God thinking of my condition at the time I couldnt eat all my clothes did not fit me My mother just looked at me and said that God is not worried about our physical appearance he is more worried about what is inside of us and that for as long as what is inside is in good order the outside can change and God will not be moved This is the point where I realised that we all need to have a strong inside and that is the part of our being that needs nourishment and then it will manifest on the outside which is our physical body Prayer Warrior reminds of all those who pray without seizing There are people who are praying for a better world and there are those who pray for specific things and you find that you are freed from a certain situation and you are left wondering how it happened These are people that are known and most importantly that we do not know and never even get a

chance to meet them This poem is for all those people Secret Place maybe I wrote this one because I have been staying by myself from the age of eighteen years To me that has been a blessing although many people use to worry how I managed somehow I was never alone I have always had somebody staying with me I do not know the name of that person but he has never leaved me nor forsaken me I still stay alone and I must confess I have never been lonely To me the secret place is that place that I only know of the place where I reflect on my life have the important talks with myself To me the secret place is the place where I go there I get naked and look at my life make important decisions about myself The Secret Place does not have human interference or human influence discussions th **Journey** Kristen Danielle Talley,2014-12-12 **Look Up**

Trophemus Neshamah Clay,2021-08-04 No one would have ever dreamed how by means of an innocent young man s discovery of his secret place at the tender age of twelve it could have affected Trophemus his family and his entire impregnable and sheltered country providentially for the rest of his two lives he would be forced to live Trophemus was appraised by everyone in the entire nation of Tatonka to be a righteous good honest adolescent of the highest moral reputation He was of unfailing morality but truly as tough as flint a virtuous young man being of pristine character well respected beyond repute being required to live in an imperfect world His father trained him from the beginning as a small boy to always listen to his God given intuition within his heart for the good of all Trophemus knew that his intuition would never tell him to do evil and as long as he was directed to do good he should listen And listen he would Trophemus did have much difficulty making sense of and discerning God s requirement to keep his secret place hidden from all But time does have a way to envelop all our misunderstanding concerning God s direction in every decision we make Mystery always surrounds us as we live a righteous high integrity human life He knew well integrity is living the highest moral standard in our daily human life whether anyone sees us or not even when we are all alone This kind of righteous daily living brings peace into one s heart Peace has a source and Trophemus was a man on earth full of peace and goodwill to all those in Tatonka who live righteous lives But not all will live righteous lives as Trophemus gradually learns Schrum is a young man who personifies and emanates evil Thus his two lives providentially whirl around this antagonistic creature on earth named Schrum As the race begins in the first chapter by which a fourteen year old boy becomes a man Trophemus has the highest expectations and all is peaceful in the safe and secure country of Tatonka Will this man boy s becoming a man fulfill what destiny has been immaculately arranged upon him Trophemus **I Thought There Was a Road There** Lynn

Assimacopoulos,2000-11 Once Griselda Jackson Ohannessian,2007 Of all my far back memories two remain most vivid as if they had just happened The first is of an incident that occurred in a few minutes time the second a matter of months The first happening surely was the key to my survival of the second So begins veiled in mystery Gridelda Jackson Ohannessian s

beautifully rendered childhood memoir about growing up on a farm in Bucks County Pennsylvania beneath the friendly blue bowl of the sky and the dangerous preternatural events of the summer of 1939 that changed her life forever Once As It Was is narrated through the lens of the author's twelve year old self Her farm home was a world of little dirt roads kerosene lamps and visiting hobos There is her dear father Bousie rhymes with Howsie her loving Ma her two sisters and brother and the Owls the Cherokee Indian farmhands who were also part of the family as well as many other friends and passers by Ohannessian's writing memory meanders intently like a bright creek through her schoolhouse where Margeret Toomer the writer Jean Toomer's daughter was one of two black students through the living presence of books and pen pals among secret places a brief run in with Professor Einstein and even a little sex Then the fateful day arrives when a band of writers led by the poets Laura Riding and Robert Graves moves onto the farm Photographs letters newspaper clippings poems and a few bars of Morse code provide lively counterpoint to Ohannessian's endearing tale of what was and is Once [Discover Your Purpose](#) Rhys Thomas,2015-08-25 In this life changing book energy medicine expert Rhys Thomas shows you how to discover your life purpose and align your decisions with your deepest self so your life is fulfilling productive and full of joy Trying to meet everyone else's expectations about the type of role you should play whether in your job your family or society can leave you constantly striving but ultimately dissatisfied In this inspiring book Thomas guides you in using the Rhys Method Life Purpose Profile System to identify your purpose and reconnect with your passions so you can find true happiness and fulfillment This system of self discovery encompasses five distinct soul based profiles Which one are you Creative Idealists are highly imaginative thinkers who sometimes self isolate feeling safer staying in their inner mental world than engaging with others Emotional Intelligence Specialists are empathic sensitive and compassionate but sometimes struggle with being overwhelmed and feeling unloved Team Players are loyal supporters who selflessly put others needs before their own but they can fail to recognize their own strengths and needs Charismatic Leader Charmers are energetic dynamic and capable but they can become distrustful self centered and even aggressive in their relationships Knowledgeable Achievers are driven self disciplined and organized big picture thinkers They sometimes lose touch with their emotions and push themselves too hard becoming overly critical and judgmental Once you identify your primary life purpose profile as well the other profiles you may inhabit you can move toward your unique calling embracing your strengths and rejecting unhealthy behaviors Discover Your Purpose also helps you to better understand and relate to others through their profiles Included in this book are resources and bio energetic exercises designed for your individual profile to help you reach your fullest potential in mind body and soul [Come to the River.epub](#) , **Milestones and Memories** Rose Kuehn,2006-09 Rose tells how it was for her growing up on a farm in Western Kentucky in the twenties and thirties and how she had to relocate to a more peaceful environment at the age of seventeen She records her early life with a dysfunctional mother who was not willing to let go of her when she reached the age to be free of parental control How at an early age she meets a young soldier in the Army Air

Corps assigned to the Officer Candidate School in Miami Beach Florida and falls in love with him She chronicles what life was like as the spouse of a career soldier and the many places they called home in the United States and abroad during his career
