Harvey D. Egan, 2010-10-01 Called in a special way to listen to God's whispers the mystics amplify not only what it means to be baptized into the life death and resurrection of Jesus Christ and to having the Trinity living in them but also what is deepest in the human spirit Mystics experience themselves as an infinite question to which only God is the answer as an immense longing that only Love can quench as a nothing in the face of the No Thing They are God's fools troubadours the great artists and poets of the interior life whose learned ignorance articulates the art of loving God neighbor self the Church and the world In *Soundings in the Christian Mystical Tradition* Harvey Egan draws on fifty years of reading and teaching the mystics to sketch the varieties and passion of the mystical life across more than two millennia Through their stories and words Egan reveals that all were conscious of the paradox of human identity supremely and unsurpassably manifested in the God Man that the genuinely human is disclosed only through surrender to God and that the search for God cannot bypass the genuinely human Harvey D Egan SJ is the author of numerous works on Christian mysticism and the thought of Karl Rahner He is currently professor of systematic and mystical theology at Boston College

Tradition Steven Fanning,2005-06-29 From divine visions to self tortures some strange mystical experiences have shaped the Christian tradition as we know it Full of colourful detail *Mystics of the Christian Tradition* examines the mystical experiences that have determined the history of Christianity over two thousand years and reveals the often sexual nature of these encounters with the divine In this fascinating account Fanning reveals how God's direct revelation to St Francis of Assisi led to his living with lepers and kissing their sores and describes the mystical life of Margery Kempe who took weeping to new decibel levels Through presenting the lives of almost a hundred mystics this broad survey invites us to consider what it means to be a mystic and to explore how people such as Joan of Arc had their lives determined by divine visions *Mystics of the Christian Tradition* is a comprehensive guide to discovering what mysticism means and who the mystics of the Christian tradition actually were **Christian Mysticism** Harvey D. Egan SJ,1998-09-16 Christian mysticism is unique in its view of

Jesus death and resurrection as the very cause and exemplar of the mystical life in all its purity Jesus saving death on the

cross exemplifies the mystical letting go of everything consoling tangible and finite in order to surrender totally to the mystery of the Father's unconditional love In this introduction to Christian mysticism Reverend Harvey Egan S J presents four Christian mystics as paradigms of the classical tradition St Ignatius of Loyola St Teresa of Avila St John of the Cross and the unknown author of the Cloud of Unknowing From this foundation he moves to two contemporary figures Thomas Merton and Pierre Teilhard de Chardin each of whom reflects a contemporary transposition of the two mystical traditions the apophatic which emphasizes the radical difference between God and creatures and the kataphatic which emphasizes the similarity between God and creatures

Growing into God John R. Mabry, 2012-12-13 For many people the word mysticism conjures up occult secretive rituals held after midnight in some dark cave But true mysticism isn't at all sinister or secretive says author John Mabry an Anglican rite Congregational minister In fact mysticism is at the heart of an authentic Christian life It is nothing more and nothing less than the pursuit and enjoyment of union with God which is the goal of all Christian spirituality Christian mysticism is the discipline of growing the soul into God shedding illusory identities deepening prayer seeing God in all things and acting as Christ in the world Mabry's great passion is to bring theology to everyday life by explaining complex ideas in everyday language that anyone can understand and find useful In Growing into God he demystifies mysticism providing a friendly and accessible entry point to some of the teachings practices and experiences of the Christian mystical tradition Mabry explores the classic mystical journey which begins with the Awakening of a unitive consciousness that experiences everything as Divine and interconnected The journey continues with Purgation in which we empty ourselves of illusion Illumination in which we begin to see God in all things and all things in God and finally Union in which we marry our lives with God's life Our hands become God's hands our lips become God's lips our touch becomes God's touch in order to bring help comfort and healing to the world p Along the way and with an entertaining teacher's clarity Mabry recounts the stories of many Christian mystics including inspiring quotations He also enriches each chapter with questions and answers to simplify points as well as experiential practices to help readers embark upon the mystical journey themselves

Wilderness Mysticism: A Contemplative Christian Tradition Stephen K. Hatch, 2018-07-03 As the percentage

of unaffiliated seekers or Spiritual But Not Religious people or Nones increases in America and in the world at large a sizable number are drawn toward a spirituality of Nature And while many of these seekers emphasize simply the physical challenge and ignore the theological or philosophical aspect of their relationship to Nature Wilderness Mysticism seeks to offer a spiritual theological interpretation for those who want it In the process it employs insights and meditation practices gleaned from an ancient tradition that of Christian Mysticism and updated in a modern context Publisher **The Riddle of Christian Mystical Experience** Paul Mommaers, 2003 A distinctive feature of mystical experience is that it is imageless Mystics of various traditions witness indeed to their going beyond all intermediaries so as to enjoy immediate union Understandably the idea of imageless immediacy is attractive and it is especially in vogue with those who hope to discover that different religious spiritualities converge if only the particularity of say the Christian way would be left behind However a crucial question arises here If mystical union consists in simply transcending what is part and parcel of the human condition where is its relevance Is the mystic as such in a position to be his or her human self thinking and loving enjoying and suffering Can he or she be active in the world of humankind Obviously it is especially in the Christian tradition that this matter comes to the fore as a radical difficulty For here there is the divine Image and Mediator so much so that the Humanity of Jesus ought to be integral to a person's union with God Perhaps the Christian mystic is such an extraordinary figure that the Humanity and all other images and intermediaries are for him or her at best a stepping stone that is bound to disappear The Riddle of Christian Mystical Experience aims to clarify this issue by analyzing the writings of such visionaries as Julian of Norwich Teresa of Avila and Maria Petyt of the ecstasy minded masters Richard of Saint Victor Bernard of Clairvaux and Bonaventure describing Francis of Assisi's experience of the cream of the Flemish mystics namely Hadewijch and Jan van Ruusbroec Nevertheless the preference for the mystical text does not prevent the Riddle from drawing on the insights of modern philosophers such as Jean Paul Sartre and Jean Luc Marion when treating of images and idols or Michael Polanyi and Ludwig Wittgenstein when reflecting on intermediaries The main result of this procedure may come as a surprise Far from turning into a detached creature who forgets about the Humanity and the human the full fledged mystic is as a Flemish mystic puts it wholly in God where he rests in enjoyment and wholly in himself where he loves with works Experiencing union with intermediary and without intermediary the true Christian mystic is unimaged as well as imaged upon the humanity of our Lord through heartfelt affection **Answering the Contemplative Call** Carl McColman, 2013-01-01 The mystical path is not some sort of static experience for the select few says Carl McColman rather it is a living tradition a rich and many layered dimension of spirituality that is in large measure a quest to find the mysteries at the heart of the universe paradoxically nestled within the heart of your own soul McColman first introduced readers to Christianity's lost mystical roots in his popular book The Big Book of Christian Mysticism Now McColman is back with Answering the Contemplative Call to show readers how to apply the riches of the mystical tradition to daily living This book is organized in three sections

Recognizing the Call Explores how each one of us is called to the mystical life and what that might look like Preparing for the Journey shows what we need to do in response to the contemplative call Embarking on the Adventure considers what those first steps on the path might look like Along the way McColman quotes from the great mystics of the Christian tradition who have also traveled this path including Teresa of Avila Thomas Merton Evelyn Underhill and more In Answering the Contemplative Call McColman offers a practice that will help readers come to a place meaning and purpose in their lives

The Origins of the Christian Mystical Tradition Andrew Louth, 1983 Scholars of the patristic era have paid more attention to the dogmatic tradition in their period than to the development of Christian mystical theology Andrew Louth aims to redress the balance Recognizing that the intellectual form of this tradition was decisively influenced by Platonic ideas of the soul's relationship to God Louth begins with an examination of Plato and Platonism The discussion of the Fathers which follows shows how the mystical tradition is at the heart of their thought and how the dogmatic tradition both moulds and is the reflection of mystical insights and concerns This new edition of a classic study of the diverse influences upon Christian spirituality includes a new Afterword which brings the text completely up to date Book jacket
