Jeffrey E. Cohen

Regulatory Politics And Electric Utilities A Case Study In Political Economy:

Regulatory Politics and Electric Utilities Douglas D. Anderson, 1981-03-30 Traditional theories hold that regulatory agencies act mainly as champions of the interest they are meant to oversee Anderson looks at regulation within the fast changing environment By adding the external political and internal bureaucratic variables he evaluates the capture theory

The Politics of Telecommunications Regulation: The States and the Divestiture of AT&T Jeffrey E. Cohen, 2019-07-26 Originally published in 1992 This text is a work from a series entitled Bureaucracies Public Administration and Public Policy The Politics of Telecommunication regulation The States and the Divestiture of AT T is an example of high quality policy analysis conducted at state level It substitutes for simple theories of public policy more complex and interesting explanations and relies on massive and time consuming data gathering that gives careful attention to measurement issues providing a sophisticated empirical analysis to evaluate the utility of public policy theories Energy Abstracts for Policy Analysis, 1989

Technology and Transformation in the American Electric Utility Industry Richard F. Hirsh, 2003-11-20 This book illuminates the role of technological stagnation in the decline of the American electric utility industry in the late 1960s and 1970s Unlike other interpreters of the industry s woes Professor Hirsh argues that a long and successful history of managing a conventional technology set the stage for the industry s deterioration After improving steadily for decades the technology that brought unequalled productivity growth to the industry appeared to stall in the late 1960s making it impossible to mitigate the economic and regulatory assaults of the 1970s Unfortunately most managers did not recognize or did not want to believe the severity of the technological problems they faced and they chose to focus instead on issues usually financial or public relations that appeared more manageable Partly as a result of this lack of attention to technological issues the industry found itself in the 1980s challenged by the prospects of deregulation and restructuring **Prophets of**

Regulation Thomas K. McCraw, 1986-10-15 There is properly no history only biography Emerson remarked and in this ingenious book Thomas McGraw unfolds the history of four powerful men Charles Francis Adams Louis D Brandeis James M Landis and Alfred E Kahn The absorbing stories he tells make this a book that will appeal across a wide spectrum of academic disciplines and to all readers interested in history biography and Americana **Jimmy Carter's Economy** W. Carl Biven, 2002 A sober objective analysis of the Carter Administration s economic policy separates truth from rhetoric revealing policies that evolved in the wake of the dual economic crises of the late 1970s inflation and the oil crisis Economics

Bulletin of the Public Affairs Information Service Public Affairs Information Service, 1915 Changing Strategies in Utility Regulation Barbara R. Barkovich, 1987 *Political Economy of Energy in the Southern Cone* Anil Hira, 2003-03-30 Hira explores the impact of the neoliberal revolution in Latin America which claims the superiority of markets that are freed from government intervention and restrictions on trade and investment He examines changes in the energy policy of the Southern Cone Argentina Bolivia Brazil Chile Paraguay and Uruguay and finds that contrary to what is claimed and expected

there is a great deal of state intervention that continues through regulatory policy All around the world economic markets are in flux Policies to change these markets are part of the neoliberal revolution that claims the superiority of markets freed from government intervention and restrictions on trade and investment The general conclusion among most academic and policy analysts who study developing countries is that market liberalization is a foregone conclusion Developing countries choices are constrained by two primary factors first the burden of massive external debt that forces them to court international finance and second the need to gain access to the world s largest markets in Europe and or the United States optimally through free trade agreements The effects of market liberalization including deregulation privatization and integration require further scrutiny Hira examines the effects of international market pressures on energy policy at the national regional and sectoral levels in Latin America s Southern Cone Argentina Bolivia Brazil Chile Paraguay and Uruguay who belong to the MERCOSUR common market Contrary to what is claimed and expected he finds that a great deal of state intervention continues through regulatory policy He also provides an thorough set of comparative political economy case studies along with a discussion of the MERCOSUR process with regards to energy His analysis of the political economy of electricity and natural gas deregulation is especially relevant in the wake of the California energy crisis the Enron debacle and international discussions about energy deregulation This book is of particular interest to scholars students and other researchers involved with Latin American economic development and energy policy

The Political Economy of Local Regulation Alberto Asquer, Franco Becchis, Daniele Russolillo, 2016-10-26 This book offers theoretical and methodological guidelines for researching the complex regulation of local infrastructure utilities and public services in the context of rapid urbanisation technological change and climate change It examines the interactions between regulators public officers infrastructure and utilities firms public service providers citizens and civil society organisations It contains contributions from academics and practitioners from various disciplinary perspectives and from many regions of the world illustrated with case studies from several sectors including water natural gas and electricity distribution local public transport district heating urban waste and environmental services
