Reintegrating The Offender Assessing The Impact Of Community Corrections:

Reintegrating the Offender John Hylton, 1981 *The Persistent Prison?* Maeve Winifred McMahon, 1992-01-01 The Prison system is widely believed to be an immutable element of contemporary society Many criminologists and sociologists of deviance believe that decarceration movements have failed to yield progressive reform and that feasible alternatives to the prison system do not exist Maeve McMahon challenges these views Reconstructing the emergence of critical perspectives on decarceration she examines analytical and empirical problems in the research She also points out how indicators of community programs and other penalties serving as alternatives to prison have typically been overshadowed through critical focus on their effects in widening the net of control McMahon presents a detailed analysis of decreasing imprisonment and of the part played by alternatives in this during the postwar period in Ontario Drawing from extensive documentary research and from interviews with former correctional officials she charts the changing climates of opinions and socio economic factors which facilitated decarceration By situating her analysis in the context of theoretical and political arguments about the possibility of decarceration McMahon provides in her work a stimulus to the development of progressive penal politics not just in Canada but in all western countries Community Corrections Robert D. Hanser, 2013-08-06 Offering comprehensive coverage with an applied practical perspective Community Corrections Second Edition covers all the major topics in the field while emphasizing reintegration and community partnerships and focusing strongly on assessment risk prediction and classification Author Robert D Hanser draws on his expertise with offender treatment planning special needs populations and the comparative criminal justice fields to present a complete assessment of the issues and challenges facing community corrections today Insights into how the day to day practitioner conducts business in community corrections are illustrated by such things as the increasing role technology plays in the field **Decarceration** Andrew T. Scull, 2014-11-20 Decarceration is a word which has not yet entered the dictionary But it is increasingly being used to designate a process with momentous implications for all of us It is shorthand for a state sponsored policy of closing down asylums prisons and reformatories Mad people criminals and delinquents are being discharged or refused admission to the dumps in which they have been traditionally housed Instead they are to be left at large to be coped with in the community We are told by those who run programs of this sort that keeping the criminal and the mentally disturbed in our midst is humane We are informed that it is a more effective means of curing or rehabilitating such people And miracle of miracles we learn that this approach is also cheaper With an alternative which embraces such an array of virtues who can be surprised to learn that mental hospitals are emptying faster and faster and that with each passing day the convicted felon s chances of going to prison grow more remote On closer examination it turns out that this whole enterprise is built on a foundation of sand The claim that leaving deviants at large cures or rehabilitates them is just that a claim Little or no solid evidence can be offered in its support Instead it rests uneasily on a cloud of rhetoric and wishful thinking Most people s conception of the humane does not

embrace placing senile men and women in the hands of rapacious nursing home operators or turning loose the perpetrators of violent crimes under conditions which guarantee that they will receive little or no supervision Yet as decarceration has been implemented this is what has been happening Much of the time it appears as if the policy makers simply do not know what will happen when their schemes are put into effect Nor do they seem very concerned to find out Often they do not even know where those they have dumped back on the rest of us are to be found

Essentials of Community Corrections Robert D. Hanser, 2018-01-03 *Essentials of Community Corrections* offers students a concise and practical perspective on community corrections while emphasizing successful offender reentry through strong community partnerships Author Robert D Hanser draws on his expertise with offender treatment planning special needs populations and the comparative criminal justice fields to present a complete introduction to community corrections today A variety of practical pedagogical tools offer students insights into the daily lives of those working in the field encouraging students to start thinking like practitioners Key Features What Would You Do assignments give students the chance to apply what they have learned by analyzing real world scenarios to determine the best course of action for common challenges in community supervision Applied Theory inserts throughout the book provide a focused application of a specific theory to particular issues in community corrections Cross National Perspective boxes demonstrate common themes in community corrections around the world as well as different approaches used in other countries Applied Exercises encourage students to reflect on their understanding of each chapter's content and to demonstrate their competence in using the information techniques and processes that they have learned Food for Thought features at the end of each chapter guide students through a recent research study related to community corrections and include follow up questions to help students think critically Sharing Your Opinion questions at the end of each chapter empower students to express their own views on the issues covered in the text The free open access Student Study site features carefully selected video links access to SAGE journal articles and more Instructors

Popular Justice and Community Regeneration Kayleen M. Hazlehurst, 1995-06-13 Formal justice systems have not served the human rights of native and aboriginal groups well and have led to growing national and international pressure for equal treatment and increased political and legal autonomy Indigenous activities in areas of community healing have created a fervor of interest as native peoples have shared experiences with programs that reduce addiction family violence child abuse and sociocultural disintegration of traditional communities Through ethnographic and indigenous contributions this volume penetrates the psychosocial aspects of the indigenous movement in the United States Canada Australia and New Zealand It analyzes community based reforms and shows how years of experience in adversity peacemaking and community preservation have equipped native peoples with skills they now wish to share for spiritual world healing

Encyclopedia of Community Corrections Shannon M. Barton-Bellessa, 2012-04-17 In response to recognition in the late 1960s and early 1970s that traditional incarceration was not working alternatives to standard prison settings were sought and developed One of those

alternatives community based corrections had been conceived in the 1950s as a system that might prove more progressive humane and effective particularly with people who had committed less serious criminal offenses and for whom incarceration with constant exposure to serious offenders and career criminals might prove more damaging than rehabilitative The alternative of community corrections has evolved to become a substantial part of the criminal justice and correctional system spurred in recent years not so much by a progressive humane philosophy as by dramatically increasing prison populations court orders to fix overextended prison settings and an economic search for cost savings Although community correction programs have been in place for some 40 years now to date no comprehensive reference resource has tackled this topic Accessible and jargon free and available in both print and electronic formats the one volume Encyclopedia of Community Corrections will explore all aspects of community corrections from its philosophical foundation to its current inception Features Benefits 150 signed entries each with Cross References and Further Readings are organized in A to Z fashion to give students easy access to the full range of topics in community corrections A thematic Reader s Guide in the front matter groups entries by broad topical or thematic areas to make it easy for users to find related entries at a glance In the electronic version the Reader s Guide combines with a detailed Index and the Cross References to provide users with convenient search and browse capacities A Chronology in the back matter helps students put individual events into broader historical context A Glossary provides students with concise definitions to key terms in the field A Resource Guide to classic books journals and web sites along with the Further Readings accompanying each entry guides students to further resources in their research journeys An Appendix offers statistics from the Bureau of Justice *Federal Probation*, 2003 *Self-study of Justice Research about Indigenous People, 1981-1984* Jim Harding (Ph.D.), Rae Matonovich, Canada. Solicitor General Canada, 1985 Full scale self study of the Prairie Justice Research Consortium program over the 1981-84 period Involved the creation of an inventory of projects an analysis of the inventory and modelling of the inventory Projects directly or indirectly addressed problems pertaining to Canada s indigenous peoples and the criminal justice system Working with Offenders Tim May, Antony A Vass, 1996-04-05 The papers in this collection examine the knowledge skills and values which are needed by those working as probation officers and social workers and provide a critical appraisal of the policies and requirements which guide those roles
